Unbroken: A World War II Story of Survival, Resilience, and Redemption - Behind the Story KD

Phillips, 2014-08-05 Laura Hillenbrand tells the one-of-a-kind life story of Louis Zamperini, Olympic athlete, World War II fighter pilot, castaway, and prisoner of war. Thorough research and penetrating insight into the human condition combine to make the narrative non-fiction account come alive. Even the strangest and most unusual events in Zamperini's life become relatable when brought to life by Hillenbrand's pen. Unbroken is a story of survival, first on the mean streets of Depression-era Los Angeles, then in the cockpit of a massive B-24 bomber. From a raft cut adrift in the middle of Atlantic Ocean to a Japanese POW camp where there is always too little food and medical supplies, Zamperini's indomitable spirit is always at the heart of the narrative. Learn how he overcame the many challenges in his life and went on to forgive his captors and become a whole person once more. Experience: The Behind the Story Effect After reading a BTS... The Lost Chapters Leslie Schwartz, 2018-07-10 Leslie Schwartz's powerful, skillfully woven memoir of redemption and reading, as told through the list of books she read as she served a 90 day jail sentence In 2014, novelist Leslie Schwartz was sentenced to 90 days in Los Angeles County Jail for a DUI and battery of an officer. It was the most harrowing and holy experience of her life. Following a 414-day relapse into alcohol and drug addiction after more than a decade clean and sober, Schwartz was sentenced and served her time with only six months' sobriety. The damage she inflicted that year upon her friends, her husband, her teenage daughter, and herself was nearly impossible to fathom. Incarceration might have ruined her altogether, if not for the stories that sustained her while she was behind bars--both the artful tales in the books she read while there, and, more immediately, the stories of her fellow inmates. With classics like Edith Wharton's *Ethan Frome* to

contemporary accounts like Laura Hillenbrand's *Unbroken*, Schwartz's reading list is woven together with visceral recollections of both her daily humiliations and small triumphs within the county jail system. Through the stories of others--whether rendered on the page or whispered in a jail cell--she learned powerful lessons about how to banish shame, use guilt for good, level her grief, and find the lost joy and magic of her astonishing life. Told in vivid, unforgettable prose, *The Lost Chapters* uncovers the nature of shame, rage, and love, and how instruments of change and redemption come from the unlikeliest of places.

Quicklet on Laura Hillenbrand's *Unbroken: A World War II Story of Survival, Resilience, and Redemption* Brett Keith Davidson, 2012-04-04 ABOUT THE BOOK Laura Hillenbrand's second full-length focuses on the life of Louis Zamperini, the Olympic miler who became a war hero. His story has the ring of an Errol Flynn adventure flick (although Basil Rathbone would have made a bad Mutsuhiro Watanabe), and ever since his return home people have been vying for the rights to his story. Zamperini has twice released his own version of the events, both under the title *The Devil at my Heels*. This work, along with the two original accounts, represents a precious resource in the field of history. It is important for these stories to be told; as our World War Two veterans are approaching old age, we need to record their stories and document their journeys just as Hillenbrand has done here. It is important to study the hard facts of war, but we also need to try and come to terms with the emotional and very personal thing that a war is for the people who experience it. In volunteering at the Windsor Historical Society's Veterans' Memories Project, I have come to understand the historical value of the veteran's experience. MEET THE AUTHOR Brett Davidson received his BA from the University of Windsor and his MA from Carleton University. He teaches history at Elder College in Windsor, Ontario and has published a biography of Charles G.D. Roberts. EXCERPT FROM THE BOOK Louis Silvie Zamperini was born on January 26, 1917 in Olean, New York. His parents, Anthony and Louise, had immigrated from Italy only a few years previously. From the time he was born, the little boy that they called toots was a handful. The family moved to Torrance, California because of Louie's pneumonia and they were one of the few Italian families in the area. With a natural desire to challenge authority, Louis grew to be a master thief and trouble maker. When the police in Torrance received a call, his door was the first they knocked at. His life was headed to the gutter when his brother Pete started coaching Louis as a runner. Louis broke high school and college track records before he qualified for the 1936 Berlin Olympics. His race impressed many as he ran the fastest lap in the 5000 meters, but he ran it too late and finished 7th. The feat earned Louie a handshake from Hitler, and the admiration of his countrymen. He returned to the United States and continued to set UCAA records and he was focused on winning at the next Olympic games. The Books That Mattered Frye Gaillard, 2012-09-01 Frye Gaillard's first encounters with books were disappointing. As a child he never cared much for fairy tales – "stories of cannibalism and mayhem in which giants and witches, tigers and wolves did their best to eat small children." But at the age of nine, he discovered Johnny Tremain, a children's novel of the Revolutionary War, which began a lifetime love affair with books, recounted here as a reader's tribute to the writings that enriched and altered his life. In a series of carefully crafted, often deeply personal essays, Gaillard blends memoir, history and critical analysis to explore the works of Harper Lee, Anne Frank, James Baldwin, Robert Penn Warren, John Steinbeck, and many others. As this heartfelt reminiscence makes clear, the books that chose Frye Gaillard shaped him like an extended family. Reading *The Books that Mattered: A Reader's Memoir* will make you study your own shelves to find clues into your own literary heart.

Adventuring John R. Hook, 2013-01-29 Think of the most amazing adventure story you have ever heard about, read about, or watched on film. How did it make you feel? Probably excited and inspired and possibly a bit envious, and yearning for more adventure in your own life. It happens to all of us. And too often we dismiss the thought out-of-hand. After all, isn't adventure reserved for the talented, the young, the strong? Author John Hook says: No! Adventure is available right now to all of us, regardless of our age or physical limitations. He makes his point by broadening the definition of adventure to include the pursuit of any goal that may be beyond one's reach. The goal can be physical, intellectual, emotional, or even spiritual. He then validates his concept with a host of fascinating true stories of adventures of all types. The author's goal: To extend your thinking of possible adventures for yourself and inspire you to never give up the search for new adventures. Bottom line: If the prospect of a richer, more exciting life appeals to you, read this book!

Turning the Pages of Texas Lonny Taylor, 2019-04-18 *Turning the Pages of Texas* is a collection of sixty essays about Texas books, authors, book collectors, libraries, and bookstores. It is a book for booklovers and bookish readers. Lonny Taylor writes from the point of view of a historian who has been reading books about Texas for seventy years, since he was seven years old, and who has known many of the authors he writes about. He presents his reflections about well-known figures such as John Graves, J. Frank Dobie, and Larry McMurtry. He also introduces readers to people like folklorist C. L. Sonnichsen, who wrote about Texas feuds; Julia Lee Sinks, who interviewed early settlers of Fayette County in the 1870s; Karen Olsson, who wrote a fine novel about the mystique of Austin; and David Dorado Romo, who describes himself as the "psychogeographer of El Paso" and is the grandnephew of a saint. Some of the authors Taylor writes about are truly obscure, like Gertrude Beasley, who published her autobiography in Paris in 1924 and died in a New York insane asylum, or Tony Cano, whose self-published autobiographical novel describes what it was like to be poor and Mexican in West Texas in the 1950s. Taylor also teases out the Texas connections of writers as diverse as William Sydney Porter, Hervey Allen, and H. Allen Smith, and he writes about tracking down Texas books in London and Washington, DC, as well as at Barber's in Fort

Worth, the Brick Row Book Shop in Austin, and Rosengren's and Brock's in San Antonio. This is a booklover's book.

God on Paper Bryan C. Loritts, 2005-01-11 The Bible is the most quoted book in the western world, and likely the most misunderstood. It is often thought to be little more than religious mythology, or a collection of moral and ethical guidelines, or a series of quaint but irrelevant legends. But what if the Bible were read on its own terms, as a highly personal and unbelievably passionate love story? What if the Bible is really a wild tale of relentless pursuit, the diary of a God who can't bear to be separated from the people he loves? In *God on Paper* you'll share in a conversation that takes a new look at Scripture, a dialogue that entertains doubts and questions about the value-and the validity-of the Bible. And you'll encounter an amazing love story of divine proportions. Go ahead and join the conversation. You might be surprised by what you find.

Beyond the Homestretch Lynn Reardon, 2011 In 2002, Lynn Reardon quit her Washington DC area office job and moved to rural Texas to open a racehorse adoption ranch, LOPE (LoneStar Outreach to Place Ex-Racers). Since then, LOPE has helped transition more than 425 thoroughbreds into new homes. These are some of their stories.

P. T. Deutermann WWII Novels P. T. Deutermann, 2015-10-27 Award-winning author P. T. Deutermann's twenty-six years of military and government service, including a Pearl Harbor tour of duty, inform each page of his best works of World War II fiction. From one of the greatest writers of military fiction at work today, Deutermann's most beloved books *Pacific Glory*, *Ghosts of Bungo Suido*, and *Sentinels of Fire*, are available for the first time in a discounted eBook bundle: *Pacific Glory: A thrilling, multi-layered World War II historical adventure following two men and an unforgettable woman, from Pearl Harbor through the most dramatic air and sea battles of the war. Winner of the W. Y. Boyd Award for Excellence in Military Fiction. Ghosts of Bungo Suido: In late 1944, America's naval forces face what seems an insurmountable threat from Japan: immense Yamato-class battleships, which could change the course of the war. Lieutenant Commander Gar Hammond-an aggressive, attacking leader with a reckless streak-may be the navy's only hope to locate and stop the Japanese super-ship before it launches...if it even exists. Sentinels of Fire: Set against the blazing gun battles and kamikaze attacks created by the last desperate offensive of the Japanese navy, the officers of the USS Malloy grapple with consequences that could cost them the ship itself and the lives of everyone on board.*

A Study Guide for Laura Hillenbrand's "Seabiscuit: An American Legend" Gale, Cengage Learning,

Unbroken Laura Hillenbrand, 2014-07-29 #1 NEW YORK TIMES BESTSELLER • The incredible true story of survival and salvation that is the basis for two major motion pictures: *Unbroken* and *Unbroken: Path to Redemption*. “Extraordinarily moving . . . a powerfully drawn survival epic.”—The Wall Street Journal Hailed as the top nonfiction book of the year by Time magazine • Winner of the Los Angeles Times Book Prize for biography On a May afternoon in 1943, an Army Air Forces bomber crashed into the Pacific Ocean and disappeared, leaving only a spray of debris and a slick of oil, gasoline, and blood.

Then, on the ocean surface, a face appeared. It was that of a young lieutenant, the plane's bombardier, who was struggling to a life raft and pulling himself aboard. So began one of the most extraordinary odysseys of the Second World War. The lieutenant's name was Louis Zamperini. In boyhood, he'd been a cunning and incorrigible delinquent, breaking into houses, brawling, and fleeing his home to ride the rails. As a teenager, he had channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics and within sight of the four-minute mile. But when war had come, the athlete had become an airman, embarking on a journey that led to his doomed flight, a tiny raft, and a drift into the unknown. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, a foundering raft, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. Laura Hillenbrand writes with the same rich and vivid narrative voice she displayed in *Seabiscuit*. Telling an unforgettable story of a man's journey into extremity, *Unbroken* is a testament to the resilience of the human mind, body, and spirit.

Famous Animals in History and Popular Culture Ann C. Paietta, Jean Kauppila, 2023-05-02 During the First World War, President Woodrow Wilson bought a flock of sheep to trim the White House grounds to save money on groundskeeping. One of the sheep, called Old Ike, even became a public phenomenon for his ornery disposition and his penchant for chewing tobacco. Included here are hundreds of well-researched accounts of the fascinating animals that have played vital roles throughout history. Featured animals include Able, who flew on a space mission; Bayou, Salvador Dali's ocelot companion; and G.I. Joe, a pigeon who saved more than 100 people during World War II. These and many other stories detail the unexpected contributions of our animal companions in settings of war, space travel, stage and screen. The book is organized alphabetically by the given name of each animal, and entries feature compelling factual descriptions in a storytelling format.
