

Lucky Man A Memoir

G. Thomas Couser

Lucky Man Michael J. Fox, 2003-04-09 A funny, highly personal, gorgeously written account of what it's like to be a 30-year-old man who is told he has an 80-year-old's disease. Life is great. Sometimes, though, you just have to put up with a little more crap. -- Michael J. Fox In September 1998, Michael J. Fox stunned the world by announcing he had been diagnosed with Parkinson's disease -- a degenerative neurological condition. In fact, he had been secretly fighting it for seven years. The worldwide response was staggering. Fortunately, he had accepted the diagnosis and by the time the public started grieving for him, he had stopped grieving for himself. Now, with the same passion, humor, and energy that Fox has invested in his dozens of performances over the last 18 years, he tells the story of his life, his career, and his campaign to find a cure for Parkinson's. Combining his trademark ironic sensibility and keen sense of the absurd, he recounts his life -- from his childhood in a small town in western Canada to his meteoric rise in film and television which made him a worldwide celebrity. Most importantly however, he writes of the last 10 years, during which--with the unswerving support of his wife, family, and friends -- he has dealt with his illness. He talks about what Parkinson's has given him: the chance to appreciate a wonderful life and career, and the opportunity to help search for a cure and spread public awareness of the disease. He is a very lucky man, indeed. The Michael J. Fox Foundation Michael J. Fox is donating the profits from his book to the Michael J. Fox Foundation for Parkinson's Research, which is dedicated to fast-forwarding the cure for Parkinson's disease. The Foundation will move aggressively to identify the most promising research and raise the funds to assure that a cure is found for the millions of people living with this disorder. The Foundation's web site, MichaelJFox.org, carries the latest pertinent information about Parkinson's disease, including: A detailed description of Parkinson's disease How you can help find the cure Public Services Announcements that are aired on network and cable television stations across the country to increase awareness Upcoming related Parkinson's disease events and meetings Updates on recent research and developments

A Lucky Man Bill Springer, 2021

Lucky Man Michael J. Fox, 2011-08-01 A funny, warm and moving account of his battle with Parkinson's disease by the internationally beloved star of *Spin City*, *Family Ties* and *Back to the Future*. 'The ten years since my diagnosis have been the best ten years of my life and I consider myself a lucky man' -- Michael J. Fox When Michael J. Fox announced to the world that he had Parkinson's disease, a degenerative neurological condition, he had been secretly fighting it for almost ten years.

By the time the public started grieving for him, he had stopped grieving for himself. Far from being bitter about being forced into retirement at the height of his career, he considers himself a lucky man. With the same energy, passion and humour he invests in his performances, Fox recounts the incredible story of his life-changing experiences - and what Parkinson's has given him: the chance to appreciate a wonderful life and career, his family, and the opportunity to help find a cure.

Memoir G. Thomas Couser, 2012-01-19 A compact, pithy guide to the most popular form of life-writing, *Memoir: An Introduction* provides a primer to the ubiquitous literary form and its many subgenres.

Life Stories Maureen O'Connor, 2011-08-23 Memoirs, autobiographies, and diaries represent the most personal and most intimate of genres, as well as one of the most abundant and popular. Gain new understanding and better serve your readers with this detailed genre guide to nearly 700 titles that also includes notes on more than 2,800 read-alike and other related titles. The popularity of this body of literature has grown in recent years, and it has also diversified in terms of the types of stories being told—and persons telling them. In the past, readers' advisors have depended on access by names or Dewey classifications and subjects to help readers find autobiographies they will enjoy. This guide offers an alternative, organizing the literature according to popular genres, subgenres, and themes that reflect common reading interests. Describing titles that range from travel and adventure classics and celebrity autobiographies to foodie memoirs and environmental reads, *Life Stories: A Guide to Reading Interests in Memoirs, Autobiographies, and Diaries* presents a unique overview of the genre that specifically addresses the needs of readers' advisors and others who work with readers in finding books.

Michael J. Fox Richard Kozar, 2012 Michael J. Fox hit the big time playing Alex Keaton on the '80s hit *Family Ties*, where the show's seven-season run solidified Fox as a teen heartthrob.

Never Saw It Coming Karen A. Cerulo, 2008-09-15 People—especially Americans—are by and large optimists. They're much better at imagining best-case scenarios (I could win the lottery!) than worst-case scenarios (A hurricane could destroy my neighborhood!). This is true not just of their approach to imagining the future, but of their memories as well: people are better able to describe the best moments of their lives than they are the worst. Though there are psychological reasons for this phenomenon, Karen A. Cerulo, in *Never Saw It Coming*, considers instead the role of society in fostering this attitude. What kinds of communities develop this pattern of thought, which do not, and what does that say about human ability to evaluate possible outcomes of decisions and events? Cerulo takes readers to diverse realms of experience, including intimate family relationships, key transitions in our lives, the places we work and play, and the boardrooms of organizations and bureaucracies. Using interviews, surveys, artistic and fictional accounts, media reports, historical data, and official records, she illuminates one of the most common, yet least studied, of human traits—a blatant disregard for worst-case scenarios. *Never Saw It Coming*, therefore, will be crucial to anyone who wants to understand human attempts to picture or plan the future. “In *Never Saw It Coming*, Karen Cerulo argues that in American society there is a ‘positive symmetry,’ a tendency to

focus on and exaggerate the best, the winner, the most optimistic outcome and outlook. Thus, the conceptions of the worst are underdeveloped and elided. Naturally, as she masterfully outlines, there are dramatic consequences to this characterological inability to imagine and prepare for the worst, as the failure to heed memos leading up to both the 9/11 and NASA Challenger disasters, for instance, so painfully reminded us.”--Robin Wagner-Pacifici, Swarthmore College “Katrina, 9/11, and the War in Iraq—all demonstrate the costliness of failing to anticipate worst-case scenarios. *Never Saw It Coming* explains why it is so hard to do so: adaptive behavior hard-wired into human cognition is complemented and reinforced by cultural practices, which are in turn institutionalized in the rules and structures of formal organizations. But Karen Cerulo doesn’t just diagnose the problem; she uses case studies of settings in which people effectively anticipate and deal with potential disaster to describe structural solutions to the chronic dilemmas she describes so well. *Never Saw It Coming* is a powerful contribution to the emerging fields of cognitive and moral sociology.”--Paul DiMaggio, Princeton University

From the Inside Russ DiBella,2011-03-03 In 1978, when music found its way into Russ DiBellas life largely by way of external circumstances, a natural progression of sorts began to unfold which would eventually marry his affection for words with a nascent interest in drumming and lyric writing. What began as a teenage rite of passage his first rock concert would spawn a lifelong passion for all things music, manifesting itself in ways both deliberate and unanticipated. Part memoir and part backstage pass, *From the Inside* is actually written from the perspective of an outsider looking in although very often and surreptitiously from within. With a detailed history of how music became such an actively integral part of his life (even before an awareness of his parents unintended influence) and an in-depth, behind-the-scenes look at several concerts (to include a respectable gathering of drumsticks along the way), DiBella recounts with enthusiasm and occasional humility more than thirty years of experiences as admirer, accomplice and collector. Less a narrative about unofficial access to rock stars, *From the Inside* sneaks a peek behind the proverbial curtain to discover some of the inner workings of live concerts.

Meeting drum techs, guitar techs and other assorted crew and band members and observing load-ins, soundchecks and even a few shows from the other side of the stage offers an intimate look at activities otherwise inaccessible to the typical concert-goer. Not wanting for moments of rocknroll flash, encounters with rockers Mick Jagger, Eddie Van Halen and Neil Peart as well as country artists Brad Paisley and Montgomery Gentry among many others provide additional insight and add elements of celebrity to this otherwise personal account. Clearly written with an appreciation both for music and those artists who've inspired, *From the Inside* is the story of a life examined through the lens of music.

American Life Writing and the Medical Humanities Samantha Allen Wright, 2020-06-16 *American Life Writing and the Medical Humanities: Writing Contagion* bridges a gap in the market by linking the medical humanities with disability studies. It examines how Americans used life writing to record epidemic disease throughout history.

Memoir and Letters Rudolf Cecil Hopkins, 1918

Writing Your Life Mary Borg, 2021-10-03 To many, the task of writing about one's life seems daunting and difficult. Where does one begin? What stories will inspire your children and grandchildren, and which will simply amuse them? *Writing Your Life: A Guide to Writing Autobiographies* breaks down the barriers of personal narrative with an easy-to-follow guide that includes thought-provoking questions, encouraging suggestions, memory-jogging activities, tips for writing, advice on publishing one's stories in print and online, and examples of ordinary people's writing. *Writing Your Life* has already helped thousands write their life stories, and this fourth edition is sure to help today's writers preserve their memories and wisdom for many generations to come.

Memoir of Chief Justice Lefroy Thomas Lefroy, 1871

Reviewing **Lucky Man A Memoir**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is really astonishing. Within the pages of "**Lucky Man A Memoir**," an enthralling opus penned by a highly acclaimed wordsmith, readers attempt an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve in to the book's central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.
