Achieving in an Imperfect System Darren W. Hargrove, SGM(R), 2021-01-13 Achieving in an Imperfect System: Avoiding the Fifth Point of Contact: The Gray Zone By: Darren W. Hargrove SGM(R) Achieving in an Imperfect System is about your character and how to avoid situations that call your character into question. Simply put, gracefully eat sh*t instead of kissing ass to be successful and not have your character to ever be in question. That is the difference between the haves and have-nots. Even doing the right things does not always equate to the success you want or deserve. Inspire future leaders to not measure their success only by promotions; this is a trap because it is not guaranteed. Even the Monday-through-Friday, nine-to-five leader can get promoted. Remember, being successful is different from being great! Things will not always come when you want them. You may have to go through many other things to get to where you want to be in life.

Finding Herself There Melissa L. Ross, 2017-07-14 Melissa L. Ross, author of *Surviving Crazy: A Roadmap to the Scars*, continues to survive crazy in her second book, *Finding Herself There*. When Ross' depression resurfaces, she resorts to electroconvulsive therapy to reclaim her sanity. With insight and humor, she shares her experiences in hopes to help other sufferers of mental illness not to feel so alone. *Finding Herself There* offers a narrated journey of enlightenment rather than a continuation of her previous memoir. In this second book, Ross discusses her winding road of mental illness, the ECT treatments, and self-discovery. Relaying her opinions, thoughts, feelings, and beliefs, Ross tells how her experiences continue to expand her philosophical views on life, spirituality, and religion. In *Finding Herself There*, Ross presents her philosophy: We may feel like we are going around in circles in life, often ending up where we started, but we are never the same as when we began, because each experience we have, and each person we meet changes us in some way. Our journeys in life are not linear, but circular, as a winding road to truly knowing ourselves, as well as the world around us. On our journeys to finding ourselves, we also find each other.

Survivors of a Kind Brian Bond,2008-10-20 In this collection of essays Brian Bond brings a lifetime's study of the Western Front to the analysis of some of the best-known memoirs of the campaign. Literary and military historians alike will find the result of great value for their own studies, while for the general reader it should help destroy many long-standing myths. It is a worthy climax to a long and distinguished career. Sir Michael Howard This is a unique study of World War One memoirs from a historical perspective. It explores the tremendous effect that war experience had on writers' lives and how they came to terms with it after 1918, in deeply moving and often brilliant writing. As well as such famous literary figures as Robert Graves and Siegfried Sassoon, it includes historically significant writers such as Lord Reith, Anthony Eden and Harold Macmillan. It challenges the view that memoir writers were in any clear sense 'anti-war'. While many were appalled by heavy losses and awful conditions they were, however, determined to achieve victory and proud of their regimental service and comrades. Above all, they constitute a brilliant source for understanding the war on the Western Front.

Chasing Valentino Julie Carobini,2021-03-30 I hadn't planned on moving in next door to a handsome, albeit sullen neighbor—a doctor with eyes as blue as the Pacific Ocean. Truth is, I had given up on love. But when a 100-year-old postcard with a romantic message showed up in my mailbox, I had two choices ... Ignore it and go on with my quiet mid-western life. Or ... Fly to California to find out who sent it all those years ago—and why. I chose to go. It didn't take too long for my new neighbor, Zac—aka Dr. Holt—to come around. Especially as we began our exploration of the famed slice of paradise called Hollywood by the Sea. Still, his wounds ran deep. Guess you could say, mine did too. Eventually, two questions hung between us: Had we both found what we'd been chasing after? Or was it time to let go? Read both books in the inspirational and romantic Hollywood by the Sea series: *Chasing Valentino* (book 1) *Finding Stardust* (book 2)

Quagmire Donald Anderson,2021-10 In *Quagmire* you'll find a range of voices—men and women, military and civilian—and a range of perspectives from the homeland, the combat zone, and war's aftermath. These personal responses to war in Iraq and Afghanistan have been selected from *War, Literature & the Arts: An International Journal of the Humanities* to mark the thirtieth anniversary of its inaugural publication. The responses cover approximately fifteen years of the United States' conflicts in Iraq and Afghanistan and demonstrate the aftermath of war and the degreed ripples that extend beyond soldiers to families and friends, lovers, hometowns, even pets. As citizens, Pablo Neruda advised, we have an obligation to "come and see the blood in the streets." To ignore what we do in war and what war does to us is to move willfully toward ignorance. To ignore such reminders imperils ourselves, our communities, and our nation.

They Say Men Do Not Cry, I Cried Louis Ferguson,2023-06-12 My book is about a man in his seventies who thought he had found lasting love, but it was just his thought, not a reality, and how he dealt with the pain of being rejected; things that shape our lives. My life is now shaped in my seventies by the difficult changes I wrote about in my book and have made me a better man.
