The Renegade PM Johnson,2019-10-17 THE ALLIANCE IS FRACTURING. Following a stunning Sahiradin victory at the Battle of Halduan, Lycian commitment to carrying on the struggle is waning. Chancellor Penawah is besieged by threats of defection and her appeal to a once stalwart ally fails to soften stubborn hearts. On Earth an irresolute United Earth Council debates whether to prepare for war or chart a course of non-belligerence even as Sahiradin warships prowl the Terran System. As vulnerable as Earth and the Lycians are, the Sahiradin cannot press their advantage for they too have suffered a grievous defeat, though not at the hands of their enemies. Queen Pashira has perished without giving birth to a fertile female. Now Khadiem, Pashira's daughter spawned by artificial means, demands to be recognized as the new Queen of the Sahiradin, but the council of warriors refuses to perform the Ascension Ceremony and install her as their ruler. While each side in the ancient conflict contends with internal strife, the Apollo Stone comes under the power of someone new, someone whose unbounded ambition for conquest and domination could alter the balance of power more profoundly than any Lycian or Sahiradin victory ever could. But who is the master and who is the servant?

The Truth About Happiness Jil Delanis,2025-07-22 Jil Delanis, a philosopher and world traveler, reveals the secrets to cultivating meta-awareness and prioritizing silence over intrusive thoughts. After seven years traveling the world alone, he was surprised to become a “stream-enterer”, which is the first of four stages on the path to Nirvana. Nirvana is not a physical place, but an inner state of consciousness that arises when we mature and awaken to our true essence. In this book, he outlines the fundamentals of meta-consciousness according to philosophy, religion, and modern neuroscience. Topics include:

- five essential methodologies for living metaconsciously;
- three pillars of permanent meta-awareness and their foundations;
- insights on how our mental model of reality prevents us from perceiving and understanding the true foundations of life—including the fundamental flaw at the core of the very model.

Jil also addresses one of the most important questions in philosophy: Is enlightenment real, or is it merely a myth—an unattainable ideal whose pursuit remains valid for the character it builds? Join the author as he illuminates the path to truly appreciating the present moment, unlocking peace, happiness, and success—regardless of the challenges that lie ahead.

Letter To Grandson Jun: I Found Myself Hiking Anthony Soon Chye Teo,2022-04-07 Raised on a farm near Changi (visited by Albert Einstein in the 1920s), Anthony Teo attended Singapore's 19th century St Anthony's Boys School and St

Joseph's Institution. Having completed a course at the 330-year-old Harvard at new Cambridge in Massachusetts, USA, Anthony then went in search of America, driving across country from New York to San Francisco, through the mile-high Jackalopean landscape of Wyoming. His co-driver was his friend Leo Soong in his classic 1,000-mile-a-day steed of the 1960s — BMW 2002 ti. Leo, who unbeknownst to Anthony at the time, was Madame Chiang Kaishek's favourite nephew. Years later, Anthony was at old Cambridgeshire's 800-year-old University of Cambridge, UK as a Visiting Fellow to complete his hunt for the origins of the two univer-cities (Harvard-Cambridge and Cambridge-Cambridge Market Town).

Position of Power Warren Mcfadden, 2023-12-07 1. Stop begging and pleading and being needy. Because it's not going to do any good. The more you beg and plead and do all that nice shit and jump though all these monkey ass hoops for this person. It only makes you look stupid. And needy and desperate because they don't care. They are not there. They checked out the relationship a long time ago and are looking for your replacement. The best thing for you to do now is to give up and stop trying. That's the first thing you can do to start regaining your power back, stop all that silly ass shit. 2. Become independent. Show your ex that you can live life without them and you will regain your power back because this is how it works. The more you don't need that person, the more that person wants you. It's backwards, its nature, it is set up that way. The more you don't want something the more you get it. Kind of like rich people, they get richer because they are already rich, they are not working for money. But what I'm trying to tell you is this, when you don't need them and you are self-reliant, and you are independent and you don't need them for absolutely nothing, they'll want you. This will work in your business or job whatever area of your life. When you don't need it there it is. Really this is how you operate from a position of power, always remember people want what they can't have.

Emergent Knowledge Strategies Ettore Bolisani, Constantin Bratianu, 2017-07-06 This book is intended to spark a discourse on, and contribute to finding a clear consensus in, the debate between conceptualizing a knowledge strategy and planning a knowledge strategy. It explores the complex relationship between the notions of knowledge and strategy in the business context, one that is of practical importance to companies. After reviewing the extant literature, the book shows how the concept of knowledge strategies can be seen as a new perspective for exploring business strategies. It proposes a new approach that clarifies how planned and emergent knowledge strategies allow companies to make projections into the uncertain and unpredictable future that dominates today's economy.

Valentin Weigel Valentin Weigel, 2003 The first English translations of key works of this important German thinker and theologian (1533-1588), accompanied by an introduction to the context and sources of his thought.

Naming Beckett's Unnamable Gary Adelman, 2004 Kafka's struggle with spiritual deadlock helped Beckett, at crucial impasses in his own art, to find his way to *Molloy* and the trilogy, and later, to discern the importance of torture to the creative imagination, especially in *How It Is*. This book will interest those seeking a new, absorbing reading of Beckett's great prose.--BOOK JACKET.

Hope in the Age of Anxiety Anthony Scioli, Henry Biller, 2009-09-03 Economic collapse, poverty, disease, natural disasters, the constant threat of community unrest and international terrorism--a quick look at any newspaper is enough to cause almost anyone to feel trapped and desperate. Yet the recent election also revealed a growing search for hope spreading through society. In the timely *Hope in the Age of Anxiety*, Anthony Scioli and Henry Biller illuminate the nature of hope and offer a multitude of techniques designed to improve the lives of individuals, and bring more light into the world. In this fascinating and humane book, Scioli and Biller reveal the ways in which human beings acquire and make use of hope. *Hope in the Age of Anxiety* is meant to be a definitive guide. The evolutionary, biological, and cultural roots of hope are covered along with the seven kinds of hope found in the world's religions. Just as vital, the book provides many personal tools for addressing the major challenges of the human condition: fear, loss, illness, and death. Some of the key areas illuminated in *Hope in the Age of Anxiety*: How do you build and sustain hope in trying times? How can hope help you to achieve your life goals? How can hope improve your relationships with others? How can hope aid your recovery from trauma or illness? How does hope relate to spirituality? *Hope in the Age of Anxiety* identifies the skills needed to cultivate hope, and offers suggestions for using these capacities to realize your life goals, support health and healing, strengthen relationships, enhance spirituality, and inoculate yourself against the despair that engulfs many individuals.
