**Summary of Leave the World Behind by Rumaan Alam** Peter Cuomo, A high-quality summary of Rumaan Alam's book *Leave the World Behind* including chapter details and analysis of the main themes of the original book. About the original book: Clay, Amanda, and their teenage children Rose and Archie are on vacation when *Leave the World Behind* begins. The family is going from New York to a well-appointed property on Long Island that they have rented for the week, and they are looking forward to getting away. Amanda and the kids stare at their phones while Clay drives, knowing that their connections will become poor or non-existent once they arrive at the house. The family relaxes by the pool and settles in for the first night and day, enjoying one other's company. Amanda, on the other hand, is troubled by the idea that someone is watching her, and on their second night together, after the kids have gone to bed, Amanda and Clay are startled by a knock at the door. The elderly Black couple that owns the rental house, G. H. and Ruth, are at the door. G. H. and Ruth have driven in from the Bronx, visibly terrified, after experiencing a city-wide blackout and knew they wouldn't be able to return.

**The Alternatives** Caoilinn Hughes, 2024-05-02 From the writer Anthony Doerr calls 'a massive talent', *The Alternatives* is the story of four brilliant sisters, orphaned in childhood, who scramble to reconnect when the eldest disappears into the Irish countryside \* A Book of the Year according to *The Irish Times*, *Irish Independent*, *Good Housekeeping*, *Readings Australia* and *Libreria* 'Surprising and delightful... *The Alternatives* made me laugh, cry, and think.' Louise Kennedy, author of *Trespasses* Perfect for fans of Jonathan Franzen, Maggie O'Farrell and Claire Vaye Watkins. OLWEN. NELL. MAEVE. RHONA. MEET THE FLATTERY SISTERS. Olwen, Nell, Maeve and Rhona were plunged prematurely into adulthood when their parents died in a tragic twist of fate. Now in their thirties, the sisters barely speak, each too busy carving out impressive careers. But when Olwen - reluctant matriarch, lodestar and, of late, zealous consumer of gin - abruptly disappears, her sisters are cast back together to find her, whether she likes it or not. When they eventually track Olwen down, she is holed up in a remote bungalow in rural Ireland, with little electricity and a patchy connection to the outside world. Together for the first time in years, the sisters vie to confront old wounds and diagnose new ills - most urgently, Olwen's. Fiercely witty and unexpectedly hopeful, *The Alternatives* is an unforgettable portrait of a family perched on a precipice, told by one of Ireland's most gifted storytellers. 'Bold, witty and intellectual... A book of intelligent women that very successfully plays with form and intertwined big ideas.' *Sunday Independent*

**The Alternative** Lisa Nandy,2016-08-25 The 2015 election result was a disaster for progressives in British politics, delivering a majority Conservative government at Westminster. And the outlook for the next election is not auspicious either, particularly amid the aftershocks of the momentous 2016 EU referendum result and with possible boundary changes in the offing. There is a growing recognition, however, that cross-party cooperation among the progressives could reinvigorate politics and inspire a credible alternative to the Conservatives. Those who want a good society can and must work together - and, by doing so, they can deliver better answers and more inclusive government. With contributions from a broad range of left and centre-left voices - including Siân Berry, Mhairi Black, Frances O'Grady, Tim Farron, Peter Hain, Carys Afoko, Yasmin Alibhai-Brown, Zoe Williams and Neal Lawson - The Alternative sets out a base of core values around which progressives can unite, proposes a number of big policy ideas that embody those values and, crucially, explores an urgently needed new form of politics to achieve them.

**People Like Us** Jason Mott,2025-08-05 One of USA Today's 15 Books You Should Read This Summer One of Atlanta Journal-Constitution's Hot New Summer Reads One of People's Most Anticipated Summer Books One of Lit Hub's Most Anticipated Books of 2025 The riveting new novel by the author of the 2021 National Book Award winner and bestseller Hell of a Book People Like Us is Jason Mott's electric new novel. It is not memoir, yet it has deeply personal connections to Jason's life. And while rooted in reality, it explodes with dreamlike experiences that pull a reader in and don't let go, from the ability to time travel to sightings of sea monsters and peacocks, and feelings of love and memory so real they hurt. In People Like Us, two Black writers are trying to find peace and belonging in a world that is riven with gun violence. One is on a global book tour after a big prize win; the other is set to give a speech at a school that has suffered a shooting. And as their two storylines merge, truths and antics abound in equal measure: characters drink booze out of an award trophy; menaces lurk in the shadows; tiny French cars putter around the countryside; handguns seem to hover in the air; and dreams endure against all odds. People Like Us is wickedly funny and achingly sad all at once. It is an utter triumph bursting with larger-than-life characters who deliver a very real take on our world. This book contains characters experiencing deep loss and longing; it also is buoyed by riotous humor and characters who share the deepest love. It is the newest creation of a writer whose work amazes, delivering something utterly new yet instantly recognizable as a Jason Mott novel. Finishing the novel will leave you absolutely breathless and, at the same time, utterly filled with joy for life, changed forever by characters who are people like us.

**An Alternative Vision** Roger Haight,2014-12-01 An Alternative Vision: An Interpretation of Liberation Theology offers a complete overview of the liberation theology movement that is ideally suited for a thorough study of the major questions and important theologians that have contributed to the debate. It outlines and brings together into a single unified account liberation theology's alternate vision for providing the possibility of meaningful historical existence for humans in the world

today. The author translates the Christian vision of liberation theologians from Latin America into more general theological and cultural categories familiar to the English-speaking world, then shows how that vision makes a unified interpretation of Christian doctrine. First, liberation theology must be seen as a response to massive human suffering witnessed throughout the world today. This human agony is largely caused by human beings and the social and political structures we create, and liberation theology addresses this dilemma using the tradition of Christian wisdom and direct imperatives that have universal, transcultural significance. The second goal is achieved by showing the connection between liberation principles and the major doctrines of Christian belief, including God, Jesus Christ, faith, grace, the church, sacraments, ministry, and spirituality.

Considerations Ron Jordan, 2003-08 Too often we never share our innermost thoughts for fear of what others might think of us. Here finally is an author who tells it like he sees it--and lets the sparks fly in the process. Absorbing and intellectual, each Considerations is unique and different. You will find yourself in tears one moment and laughing the next, and will be searching your own heart and soul. Absolutely provocative and unique--you'll want to read and absorb each consideration before moving on to the next one.

**Aestheticism, Evil, Homosexuality, and Hannibal** Geoff Klock, 2017-10-11 In late 19th century England, Oscar Wilde popularized aestheticism, also known as art-for-art's-sake - the idea that art, that beauty, should not be a vehicle for morality or truth, but an end in-and-of-itself. Rothko and Jackson Pollock enthroned the idea, creating paintings that are barely graded panels of color or wild splashes. Today, pop culture is aestheticism's true heir, from the perfect charismatic emptiness of Ocean's Eleven to the hyper-choreographed essentially balletic movements in the best martial arts movies. But aestheticism has a dark core, one that Social Justice Activists are now gathering to combat, revealing the damaging ideology reflected in or concealed by our most beloved pop culture icons. Taking Bryan Fuller's television version of Hannibal "The Cannibal" Lecter as its main text - and taking Žižek-style illustrative detours into Malcolm in the Middle, Dark Knight Rises, Harry Potter, Interview with a Vampire, Dexter and more - this book marshals Walter Pater, Camille Paglia, Nietzsche, the Marquis de Sade, Kant and Plato, as well as Dante, Shakespeare, Milton, Blake, Baudelaire, Beckett, Wallace Stevens and David Mamet to argue that Fuller's show is a deceptively brilliant advance of aestheticism, both in form and content - one that investigates how deeply art-for-art's-sake, and those of us who consciously or unconsciously worship at its teat, are necessarily entwined with evil.

The Philosophy of Transformative Experience Michael Campbell, 2024-10-11 This volume examines the nature and significance of transformative experiences as they occur across a variety of contexts in human life. By treating these events as social as well as individual phenomena, the essays bring to light the various ways in which cultural and institutional forces influence narratives of personal change. The ease with which we identify transformative experiences shows their importance

for our sense of the potentialities inherent in human life, even while their disruptive character threatens confidence in our capability to make rational decisions concerning our future well-being. Yet, narratives of transformation are not just individual artefacts, but are also given support and structure through social forces including shared languages, practices, and institutions. What are the cultural and institutional contexts which enable this form of self-conceptualisation, and what happens when social changes undermine the cogency of these narratives? The chapters in this volume investigate these issues through a blend of philosophical theory and applied cases, working across the disciplinary boundaries of philosophy and social anthropology. Contributors investigate topics including recovery from trauma; the role of narratives in gender transition; climate activism; the ethical ramifications of war; the role of media in framing narratives of ethical change; and the university as a site of transformative experience. The Philosophy of Transformative Experience will be of interest to philosophers working in ethics, political philosophy, and decision theory, as well as scholars and advanced students in anthropology, sociology, and literary studies.

Environmentalism After Humanism Stefanie Fishel, Andrew M. Rose, 2025-01-24 This book explores the ways in which one might come to recognize and better theorize the political actor, and the political 'act,' or 'event,' in a post-anthropocentric context. The challenge to contemporary ideas of citizenship, activism, and the state stems not only from the realization that

the natural world is inseparable from the social, but that both are the product of hybridized human and nonhuman agencies. As a result, one must be skeptical of any notion of an environmental fix that bases itself upon an exclusively human agency. What new types of citizenship might emerge from posthuman cultures and artforms? What do effective post-anthropocentric organizing strategies look like? As the relevance of the liberal humanist political subject and the conceptual norms of political realism recede, theories of national and international politics are now tasked with rethinking a contemporary environmental politics beyond humanism. To better theorize these destabilizations, this collection puts forth the value of thinking across disciplines, wherein a conversation unfolds between political theory and literary theory that meets at the crossroads of environmental humanities and ecopolitical theory.

**Gogol's Artistry** Andrei Bely, 2009-07-05 When one great author engages another, as Andrei Bely so brilliantly does in *Gogol's Artistry*, the result is inevitably a telling portrait of both writers. So it is in *Gogol's Artistry*. Translated into English for the first time, this idiosyncratic, exhaustive critical study is as interesting for what it tells us about Bely's thought and method as it is for its insights into the oeuvre of his literary predecessor. Bely's argument in this book is that Gogol's earlier writing should be given more consideration than most critics have granted. Employing what might be called a scientific perspective, Bely considers how often certain colors appear; he diagrams sentences and discusses Gogol's prose in terms of mathematical equations. The result, as strange and engaging as Bely's best fiction, is also an innovative, thorough, and remarkably revealing work of criticism.

*Second Witness: Analytical and Contextual Commentary on the Book of Mormon* Brant A. Gardner, 2007-09-01 Stop looking for the Book of Mormon in Mesoamerica and start looking for Mesoamerica in the Book of Mormon! *Second Witness*, a new six-volume series from Greg Kofford Books, takes a detailed, verse-by-verse look at the Book of Mormon. It marshals the best of modern scholarship and new insights into a consistent picture of the Book of Mormon as a historical document. Taking a faithful but scholarly approach to the text and reading it through the insights of linguistics, anthropology, and ethnohistory, the commentary approaches the text from a variety of perspectives: how it was created, how it relates to history and culture, and what religious insights it provides. The commentary accepts the best modern scholarship, which focuses on a particular region of Mesoamerica as the most plausible location for the Book of Mormon's setting. For the first time, that location—its peoples, cultures, and historical trends—are used as the backdrop for reading the text. The historical background is not presented as proof, but rather as an explanatory context. The commentary does not forget Mormon's purpose in writing. It discusses the doctrinal and theological aspects of the text and highlights the way in which Mormon created it to meet his goal of "convincing . . . the Jew and Gentile that Jesus is the Christ, the Eternal God."
