New Literacies Practices Margaret C. Hagood,2009 New literacies have been researched with various age groups in a variety of settings, illustrating how text uses differ across contexts and highlighting stark divides between schooled and out-of-school literacies. Not surprisingly, schools have difficulty staying abreast of the technological and social aspects associated with new literacies. *New Literacies Practices: Designing Literacy Learning* takes into account these two concerns - the dichotomy of contextual uses of new literacies across spaces, and concerns that schooled instructional attempts with new literacies reify conventional literacy practices. Authors in this volume include classroom teachers and researchers who begin from a stance that in an interconnected, multimodal world, new literacies exist across spaces. It is no longer appropriate to consider if literacies between contexts, such as out-of-school and in-school, dovetail. Instead, we must shape examinations according to how they dovetail. The essays in this volume forge the amorphous divide between out-of-school and in-school literacies through a design of pedagogy and examine how teachers and researchers collaborate to design instruction that accounts for students' new literacies. This book acknowledges that new literacies must be embedded into the curriculum, not just included as an add-on course or activity to the school day.

Embracing, Evaluating, and Examining African American Children's and Young Adult Literature Wanda M. Brooks, Jonda C. McNair, 2008 Serious scholarship on African American children's and young adult literature is a relatively recent phenomenon. To date, only a handful of book-length works--aside from doctoral dissertations--have been devoted to the exploration of this body of work and the historical works that are at its foundation. Embracing, Evaluating, and Examining African American Children's and Young Adult Literature features 12 original essays that present research related to African American children's literature--books intended for youth that are written by and about African Americans--conducted by scholars from leading academic institutions. Editors Wanda M. Brooks and Jonda C. McNair offer a bouquet of diverse perspectives on African American children's and young adult literature, focusing attention on texts, on readers, and on pedagogical strategies that have the potential to bring the texts and the readers together. Beginning with a foreword by one of the leading scholars in the field of African American children's and young adult literature, Rudine Sims Bishop, the varied disciplinary perspectives put forth in this book will inspire others to embrace, evaluate, and examine African American children's and young adult literature for many years to come.

The Markas Tanure Ojaide, Razinat Mohammed, 2019-05-09 This anthology is an outcome of literary writers reaction to the Boko Haram insurgency in the north-eastern part of Nigeria. Lives therein have not only been extensively disrupted by

the groups violent tactics and the mind-numbing levels of physical destruction and thousands of deaths, but also in the dislocation of millions of people, with most of them seeking refuge in urban centres, especially Maiduguri, for safety. These refugees, classified as Internally Displaced Persons and in camps guarded by Nigerian soldiers, have received worldwide attention. Writers in the affected areas and elsewhere in Nigeria have responded in their poetry, short stories, and non-fiction some of which are collected here.

The Expulsion of Mexico's Spaniards, 1821-1836 Harold Sims, 2010-11-23 Winner of the Arthur P. Whitaker Prize as the best book in Latin American Studies in 1990-1991 Mexico's colonial experience had left a bitter legacy. Many believed that only the physical removal of the old colonial elite could allow the creation of a new political and economic order. While expulsion seemed to provide the answer, the expulsion decrees met stiff resistance and caused a tug-of-war between enforcement and evasion that went on for years. Friendship, family influence, intrigue, and bribery all played a role in determining who left and who stayed. After years of struggle, the movement died down, but not until three-quarters of Mexico's peninsulares had been forced to leave. Expulsion had the effect of crippling a once flourishing economy, with the flight of significant capital.

Gai-Jin James Clavell, 2021-01-05 The dynamic epic novel of political upheaval and societal change in late 1800s Japan, by the #1 New York Times bestselling author and unparalleled master of historical fiction, James Clavell This epic novel by master writer James Clavell, loosely based on the Namamugi Incident and Anglo-Satsuma War that took place in the late 1800s, is a richly researched, panoramic view of Japan's budding relationship with the Western powers, its sweeping societal

changes, and the political upheaval that followed. As Malcolm Struan, the son of Culum and Tess Struan, and a small band of Westerners travel down the Tōkaidō road, they are attacked by two Satsuma samurai, who mortally wound John Canterbury and seriously injure Malcolm, who then finds reprieve in the merchant village of Yokohama after a narrow escape facilitated by the unscathed Angelique. Angelique Richaud, Malcolm's penniless but beautiful French companion, is thrown into a world of political intrigue, fierce devotion, unstable family dynamics, blackmail, and secrets as the trading houses battle for supremacy. With a cast of dynamic and fully recognized characters, Gai-Jin spins a tale of passionate love affairs, devastating loss, intense power struggles, and the fight to survive and thrive in a hostile new land that will leave readers longing for another foray into Clavell's extraordinary Asian Saga.
