Twenty-six-year-old Jack Boudreau is a struggling stringer reporter out of Bangor, Maine, who suddenly finds himself standing inside a cattle truck with forty other members of his platoon. Forced to enlist in the Army due to financial pressures, Jack heads to basic training in Missouri, with only two duffle bags to keep him company. After completing training as an Army journalist at the Defense Information School, Jack receives orders to report to Fort Leavenworth, Kansas. His new roommate is Specialist Dustin Boros, who has all the qualities of a successful entrepreneur—charisma and ambition, endless patience, a willingness to take risks, an eye for talent, and an uncanny knack to schmooze. The only problem is that Boros' business is managing an illegal cash crop of marijuana. When Jack discovers Boros and his cohorts are operating a drug ring, he has no idea that his roommate is creating an elaborate plan to get him kicked out of the Army. In this gripping military thriller, one man must fight to defend his honor amidst corruption and evil and he's under the gun to solve the puzzle before it is too late.

An agent for a spy organization uncovers an alien alliance in nearby interstellar space—an alliance that will soon involve humanity in politics and war on a galactic scale. 2105, September: Intelligence Analyst Caine Riordan uncovers a conspiracy on Earth's Moon—a history-changing clandestine project—and ends up involuntarily cryocelled for his troubles. Twelve years later, Riordan awakens to a changed world. Humanity has achieved faster-than-light travel and is pioneering nearby star systems. And now, Riordan is compelled to become an inadvertent agent of conspiracy himself. Riordan's mission: travel to a newly settled world and investigate whether a primitive local species was once sentient—enough so to have built a lost civilization. However, arriving on site in the Delta Pavonis system, Caine discovers that the job he's been given is anything but secret or safe. With assassins and saboteurs dogging his every step, it's clear that someone doesn't want his mission to succeed. In the end, it takes the broad-based insights of an intelligence analyst and a matching instinct for intrigue to ferret out the truth: that humanity is neither alone in the cosmos nor safe. Earth is revealed to be the lynchpin planet in an impending struggle for interstellar dominance, a struggle into which it is being irresistibly dragged. Discovering new dangers at every turn, Riordan must now convince the powers-that-be that the only way for humanity to survive as a free species is to face the perils

The Writing of Where Charles N. Lesh, 2022-09-26 In *The Writing of Where*, Charles Lesh examines how graffiti writers in Boston remake various spaces within and across the city. The spaces readers will encounter in this book are not just meaningful venues of writing, but also outcomes of writing itself: social spaces not just where writing happens but created because writing happens. Lesh contends that these graffiti spaces reinvent the writing landscape of the city and its public relationship with writing. Each chapter introduces readers to different writing spaces: from bold and broadly visible spots along the highway to bridge underpasses seldom seen by non-writers; from inconspicuous notebooks writers call bibles to freight yards and model trains; from abandoned factories to benches where writers view trains. Between each chapter, readers will find community interludes, responses to the preceding chapters from some of the graffiti writers who worked on

this project. By working closely with writers engaged in the production of these spaces, as well as drawing on work invested in questions of geography, publics, and writing, Lesh identifies new models of community engagement and articulates a framework for the spatiality of the public work of writing and writing studies.

Lovely Liars Gloria Ware, 2005 ENVISION A LOVELY LIAR *Lovely Liars* is a story about men, about women, about relationships, about dreams and life in today's modern society. The focus is the life of Jasmine Brown. A woman of intelligence, conviction and courage. A woman born in a small town with big dreams. A woman much like many other women in America in her mid thirties slowly venturing along the crossroads of time bringing to full view the reflection of a female engulfed in past failures, fearful of future successes and searching for the solace that will mend the scars of a broken past. Under the smokescreen of a mid-life crisis, she emerges out of the ashes of yesterday's burnt romances and ignites a new flame of invigorated and renewed hope. In the complexity of the process, she finds the simple vision of her true self. Move with her through the trials, tribulations and triumphs in searching for that storybook perfect male image. Along her fallacy of fantasy, her world is laced with the linings of an often harsh yet profound reality. Looking for a comfort zone within the corridors of masculinity she searches diligently for hope, vision and guidance. Her search is not uncommon for it is shared by the masses of her gender population. Beneath the laughter and the pain, the sorrow and the narrow gain, she uncovers the shadowed mystery of self-love and the gallant glory of self-motivation. Her story will bridge through the hearts of America like loud thunder on a stormy night. Her pain will pierce the skin as quickly as the sharpest knife used by this country's greatest chefs. Her search for the often distant truth yet unveiled shall rivet your soul into a state of motionless drama and surround your very essence. For in an imperfect world, the truth is a mere shadow of total perfection as we all move venomously along the PASSAGE OF LIFE

Road Series Hugo Race, 2016-03-01 In the spirit of Patti Smith's *M Train*, *Road Series* is both love story and elegy. Renowned musician Hugo Race's evocations of Melbourne, Sydney, the USA, Europe and Mali, and the life of a rock musician on the road are revealing, incisive and exquisitely written. 'A cerebral "road-poem" of the musician-as-outlier, crossing decades and continents, from the Melbourne punk scene of the early 1980s to — quite literally — Timbuktu.' — Luke Davies, author of *Candy and God of Speed* 'Hugo writes with a unique voice and the insights of one in the middle of the maelstrom.' — Mick Harvey
