Music Apps for Musicians and Music Teachers Elizabeth C. Axford, 2015-02-19 In today's digital age, learning and creating music has never been so easy and affordable. Anyone can enhance their musical knowledge, skills, and creativity with the multitude of music apps available. However, sifting through thousands of music apps in the Apple App Store and Google Play can be a daunting task for any musician or music instructor. But not anymore! Having spent countless hours researching the most interesting useful, educational, fun, and easy-to-use music apps, Elizabeth C. Axford in *Music Apps for Musicians and Music Teachers* surveys the landscape of music-related apps for both iOS and Android mobile devices, including tablets and smartphones. *Music Apps for Musicians and Music Teachers* lists hundreds of music-related apps organized by category, including singing, musical instruments, music theory and composition, songwriting, improvisation, recording, evaluating music performances, listening to music, music history and literature, music appreciation, and more. App developers are listed with each app, including links to their websites for updates and support. The book sections and chapters align with the newly revised National Standards for Music Education released in 2014 by the National Association for Music Education. Suggested activities for educators are provided, as well as key terms and a bibliography. *Music Apps for Musicians and Music Teachers* is for anyone interested in music, whether hobbyist or professional. It enhances the ability to learn on the go by offering musicians, music students, and music instructors a list of the most useful music apps available.

Reel Terror David Konow, 2012-10-02 From the author of the definitive heavy metal history, *Bang Your Head*, a behind-the-scenes look a century of horror films *Reel Terror* is a love letter to the wildly popular yet still misunderstood genre that churns out blockbusters and cult classics year after year. From *The Cabinet of Dr. Caligari* to *Paranormal Activity*, Konow explores its all-time highs and lows, why the genre has been overlooked, and how horror films just might help us overcome

fear. His on-set stories and insights delve into each movie and its effect on American culture. For novices to all out film buffs, this is the perfection companion to this Halloween's movie marathons.

Horror The men behind the mask John Self,2011-04-07 Step Behind the mask and find out who is behind them, Jason Voorhees, Michael Myers, Freddy Krueger, Leatherface, You have seen these franchises, Nightmare On Elm Street, Texas Chainsaw Massacre, Halloween, Friday The 13th. Now go behind the mask and learn more about your favorite killers In full color. I donate 50%% of my profits to help kids in need from all sales of this book. I donate to Make A Wish Fou

All Made of Tunes James Peter Burkholder,1995-01-01 Charles Ives is famous for using borrowed material in his music. Almost two hundred individual works or movements, spanning his entire career and representing more than a third of his output, incorporate music by other composers or from his own previous work. In this book, the eminent Ives scholar J. Peter Burkholder identifies the different kinds of quotations in Ives's music, explores the complex musical, aesthetic, and psychological motivations behind the borrowings, and shows the purpose, techniques, and effects that characterize each one. Burkholder catalogues fourteen distinct ways that Ives borrowed, ranging from direct quotation to paraphrase, variation, collage, modeling, and stylistic allusion. Arguing that these borrowing procedures were compositional strategies, he provides a new perspective on Ives's process of composition. In addition, by tracing the development of Ives's borrowing practices through his career, he contributes to an understanding of the composer's stylistic evolution. And by showing how much of Ives's music uses borrowing procedures that are common to many composers, he reveals that Ives is not as far removed from the classic-romantic tradition as has been thought. Finally, Burkholder's comprehensive treatment of Ives's borrowing techniques offers a new perspective on the entire field of musical borrowing.

A Blueprint for Promoting Academic and Social Competence in After-School Programs Thomas P. Gullotta,Martin Bloom,Christianne F. Gullotta,Jennifer C. Messina,2010-06-25 School activities alone are not always sufficient to ensure children's academic progress or socio-emotional development and well-being. And the time when many children typically have the least adult supervision - immediately after school - is also the time that they are at the highest risk to act as perpetrators or become victims of antisocial behavior. Throughout A Blueprint for Promoting Academic and Social Competence in After-School Programs, which focuses on children in grades 1 through 6, noted experts identify the best practices of effective programs and pinpoint methods for enhancing school-based skills and making them portable to home and neighborhood settings. This volume: (1) Analyzes the concepts central to effective after-school programs. (2) Offers developmental, cognitive, and social ecology perspectives on how children learn. (3) Features more than 100 exercises that develop young people's capabilities for academic, social, moral, and emotional learning - These exercises are ready to use or can be adapted to students' unique needs. (4) Emphasizes young people's development as students and as productive members of society during middle to late childhood and early adolescence. (5) Presents explicit theory and evidence that can

be used to explain the value of after-school programs for budget proposals. This important book will find an appreciative, ready audience among the program directors who design after-school curricula, the educators who implement them, the mental health and social work professionals who help staff them, and the current crop of graduate students who will create the next generation of programs.

MusicHound Soundtracks Didier C. Deutsch, 2000 Offers reviews of more than three thousand albums of film, television, and stage music.

Piano and Radio Magazine, 1923

Especially for Boys Dennis Alexander, For years, piano teachers remarked that Dennis Alexander's pieces were great for boys and suggested that he write a book of pieces with boys in mind. Drawing on his own teaching experiences, and recalling the kinds of pieces he would have liked to play at a similar age, he composed these engaging late elementary piano solos that incorporate strong rhythms, athletic leaps of the hands and big sounds. A gratifying collection for students who need a little extra motivation to practice!

Bounty Chords Philip Hayward, 2006 Traces the role of song and dance in the societies of Pitcairn and Norfolk Islands. *Film Score Monthly*, 2002

Boogie 'n' Blues, Book 1 Gayle Kowalchyk, E. L. Lancaster, Piano students of all ages enjoy playing pieces in the boogie and blues style. Students in their beginning years of piano study can enjoy these bouncy selections which are written in five-finger hand positions. Each piece is as fun to learn as it is to play.

The Encyclopedia of Film Composers Thomas S. Hischak, 2015-04-16 For more than a century, original music has been composed for the cinema. From the early days when live music accompanied silent films to the present in which a composer can draw upon a full orchestra or a lone synthesizer to embody a composition, music has been an integral element of most films. By the late 1930s, movie studios had established music departments, and some of the greatest names in film music emerged during Hollywood's Golden Age, including Alfred Newman, Max Steiner, Dimitri Tiomkin, and Bernard Herrmann. Over the decades, other creators of screen music offered additional memorable scores, and some composers—such as Henry Mancini, Randy Newman, and John Williams—have become household names. The Encyclopedia of Film Composers features entries on more than 250 movie composers from around the world. It not only provides facts about these artists but also explains what makes each composer notable and discusses his or her music in detail. Each entry includes Biographical material Important dates Career highlights Analysis of the composer's musical style Complete list of movie credits This book brings recognition to the many men and women who have written music for movies over the past one hundred years. In addition to composers from the United States and Great Britain, artists from dozens of other countries are also represented. A rich resource of movie music history, The Encyclopedia of Film Composers will be of interest to fans of

cinema in general as well as those who want to learn more about the many talented individuals who have created memorable scores.

Sound in the American Horror Film Jeffrey Bullins,2024-07-22 The crack of thunder, a blood-curdling scream, creaking doors, or maybe complete silence. Sounds such as these have helped frighten and startle horror movie audiences for close to a century. Listen to a Universal classic like Dracula or Frankenstein and you will hear a very different soundtrack from contemporary horror films. So how did we get from there to here? What scared audiences then compared to now? This examination of the horror film's soundtrack builds on film sound and genre scholarship to demonstrate how horror, perhaps more than any other genre, utilizes sound to manipulate audience response. Beginning with the Universal pictures of the early 1930s and moving through the next nine decades, it explores connections and contrasts throughout the genre's technical and creative evolution. New enthusiasts or veteran fans of such varied films as The Mummy, Cat People, The Day the Earth Stood Still, Psycho, Halloween, A Nightmare on Elm Street, Scream, The Conjuring, Paranormal Activity, and A Quiet Place will find plenty to explore, and perhaps a new sonic appreciation, within these pages.

Sacred Portraits Dennis Alexander, Seven gentle, meditative duet arrangements include: Amazing Grace * God Be with You Till We Meet Again * He Leadeth Me * Holy, Holy, Holy * My Faith Looks Up to Thee * Onward, Christian Soldiers! * This Is My Father's World

New York Magazine ,1982-10-25 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.
