Brutal men. Bold women. Twisted desires. In a world ruled by obsession and power, you don't run from the darkness--you fall for it. God of Malice Killian Carson is charming, brilliant--and a predator beneath the polish. Glyndon King sees the darkness in him, knows she should run. But something inside her wants the monster to catch her. Glyndon has always felt like a disappointment--until Killian claims her as his. Their schools are rivals, their pasts dangerously tangled, but their desire is all-consuming. As obsession deepens into something darker, they must face the truth: can two damaged souls heal each other... or will their love be the weapon that finally breaks them? God of Pain Creighton King is cold, brooding, and dangerous. Annika Volkov is sunshine--bright, talkative, and everything he shouldn't want. But beneath Creighton's quiet exterior lies a violent past he can't outrun, and Annika's persistence starts to stir something he thought was long buried. As obsession replaces distance, Creighton becomes addicted to her light... and her secrets. But when their families' dark histories collide, love may not be enough. She was meant to save him. He just might destroy them both. God of Wrath Cecily Knight thought her invisibility could keep her safe--until the night she stepped into enemy territory and caught the devil's eye. Jeremy Volkov, heir to the Bratva and leader of the Heathens, is everything she should fear--and her only match on a kink app that knows her darkest desires. Now he's in her life, her mind, her every breath. He says he's protecting her. But Cecily knows better. He wants to own her. And the worst part? She just might let him.

The Fire of the Gods: Oppenheimer's Legacy - The Evolutionary History of Nuclear Age - Part 3 - 1970-1980

Rajat Narang, 2024-01-23 The Book-3 of the series; based on recently declassified documents by the CIA , U.S. State Department, KGB after the end of Cold War and other international agencies; takes-off at the onset of the 1970s decade, when, after having developed deployed hundreds of ICBMs & SLBMs armed to the teeth with megaton-class thermonuclear warheads, both the U.S. as well as the U.S.S.R were faced with the urgent need to invest billions of dollars, once again, towards the development of Anti-Ballistic Missile (ABM) Systems to protect themselves against the ICBMs. The Soviets, incredibly, had deployed around 1,000 heavy ICBMs hosting a massive & insane 6,000+ megatons worth of thermonuclear warheads, collectively posing a grave danger to the U.S. homeland as well as NATO allies while the U.S. had a clear overmatch in Heavy Bombers and SLBMs over the Soviets. The cost of development of a comprehensive ABM System to secure the entire U.S. had been pegged at \$40 billion in the mid-1960s, equivalent of almost \$400 billion today, which, still would have sparked another arms race between them. Both the superpowers, however, chose to instead negotiate to mutually limit the scope of the threat and shake hands which paved the way for détente and arms control agreements under SALT-I in 1972, a groundbreaking event, followed by the Helsinki Accords in 1975, which briefly altered the course of the Cold War...

Proclus and his Legacy Danielle Layne, David D. Butorac, 2017-02-06 This volume investigates Proclus' own thought and his wide-ranging influence within late Neoplatonic, Alexandrine and Byzantine philosophy and theology. It further explores how Procline metaphysics and doctrines of causality influence and transition into Arabic and Islamic thought, up until Richard Hooker in England, Spinoza in Holland and Pico in Italy. John Dillon provides a helpful overview of Proclus' thought, Harold Tarrant discusses Proclus' influence within Alexandrian philosophy and Tzvi Langermann presents ground breaking work on the Jewish reception of Proclus, focusing on the work of Joseph Solomon Delmedigo (1591-1655), while Stephen Gersh presents a comprehensive synopsis of Proclus' reception throughout Christendom. The volume also presents works from notable scholars like Helen Lang, Sarah Wear and Crystal Addey and has a considerable strength in its presentation of Pseudo-Dionysius, Proclus' transmission and development in Arabic philosophy and the problem of the eternity of the world. It will be important for anyone interested in the development and transition of ideas from the late ancient world onwards.

The Fire of the Gods: Oppenheimer's Legacy - The Evolutionary History of Nuclear Age - Part 2 - 1960 to 1970

Rajat Narang, 2023-12-24 The Part-2 of this multi-part series opens at the heights of the tensions of the Cold War years, in form, of the diplomatic cacophony and chaos that followed the capture of Gary Powers, the U-2 pilot, during one of the U-2 overflights over Soviet Union which brought the U.S. manned aerial surveillance program in public domain followed by the nuclear flash point of the Cuba Missile Crisis of 1962. From the heights of Cold War tensions the action moves to the depths of the oceans and takes a deep dive into the loss of two U.S. nuclear-powered submarines to the ocean floor through the 1960s decade. The ban on atmospheric nuclear testing and expansion of the nuclear club, following the addition of France and China to it overtly along with Israel's covert ingress, come next on the radar followed by the Limited Test Ban Treaty of 1963 which saved the world from the atmospheric testing of nuclear weapons while also effectively limiting the scope of the nuclear arms race between the two superpowers from going towards very high-yield thermonuclear weapons. The commercialization of nuclear power and the seminal Nuclear Non-Proliferation Treaty (NPT) of 1968 were the other major highlights of the extraordinary decade of 1960-1970.

Darkly Fae Tera Lynn Childs, 2016-12-06

When Magic Burns Tera Lynn Childs, 2015-10-27 When magic burns, the world ignites. There is no fiercer fae in the Morainian guard than Regan McCrae. Orphaned as a child, she has dedicated her life to the protection of her clan. She eats, sleeps, and breathes her noble duty. Only in her most private thoughts does she admit to be dreaming of romance...and of capturing the heart of her clan's younger prince. When she learns he has been taken prisoner, her only thoughts are of rescuing him. But her captain and her high prince have a more desperate mission in mind. Cheerful and cheeky Peter Duncan comes from a long line of human seers who are sworn to guard the unseelie fae when they are vulnerable in animal form. Those in his position are expected to remain neutral, but he's always been friends with the Moraine. He doesn't care about stodgy old rules and regulations. But he does care about doing something more valuable with his life than just standing watch. When the high prince calls him to the palace and asks for his help, he jumps at the chance. As danger and destruction loom at the edges of the fae realm, a faithful warrior with a secret longing and a human who has never taken anything too seriously must attempt an impossible task where failure means unimaginable consequences.

When Magic Wakes Tera Lynn Childs, 2016-05-05 When magic wakes, shadows retreat. Bree Duncan comes from a long line of seer guards, the elite human force charged with protecting the dark fae of the unseelie clans. As the youngest member and one of the only females in the ranks, she has to work twice as hard and prove herself twice as good in the hopes of being taken seriously. That shouldn't mean having to serve babysitter duty for a spoiled royal. But when the high prince from one of the clans gives her the special assignment of guarding his younger brother, she can't exactly turn it down. Before he was taken captive by the traitor to his clan, Aedan O Cuana was known as the Party Prince. After his time spent at the mercy of

madman, being tortured and tormented to the limits of his endurance, his priorities have changed. His only mission is to get stronger—both physically and magically—at any cost. Even if that means pushing the buttons of the pretty human guard with fiery hair and a feisty temper who gets assigned to his protection. As justice decides the fate of the traitor who sought the destruction of the entire fae realm, a human girl strong enough to stand up to the darkness and a broken prince who can't escape his nightmares might just find that together they can chase the shadows away.

When Magic Falls Tera Lynn Childs, 2016-04-28 When magic falls, realms collide. Mel Ackerman knows her life is anything but magical. With her mom's never-ending stream of loser boyfriends, a deadbeat dad she's never even met, and a tiny room in the trailer she calls home, the only magic in her life exists in the fairy tales written by her best friend. Until she learns that the stories are real and she is the daughter of a fae god. But being a demigoddess isn't all perks and powers—it also comes with an evil psychopath who wants to kill her. Yay. The human world holds nothing but bad memories for Liam MacNeil, but as captain of the palace watch he places his duty before his own desires. Even when that duty requires him to oversee the training that will teach the god of fire's daughter to master her long-dormant magic. As they spend countless hours together, he faces a temptation like he has never known... and the possibility of a salvation he never hoped to deserve. With a traitor on the loose who seeks to bring about the destruction of the entire fae realm, a not-so-human girl with powers unlike the world has ever seen and a warrior haunted by his past are thrown together in a battle for their lives that just might cost them their hearts.

Sweet Venom Tera Lynn Childs, 2025-05-13 Three sisters. One destiny. Nowhere to hide. Grace just moved to San Francisco and is excited to start over at a new school. The change is full of fresh possibilities, but it's also a tiny bit scary. It gets scarier when a minotaur walks in the door. And even more shocking when a girl who looks just like her shows up to fight the monster. Gretchen is tired of beasties pulling her out into the dead of night, but what can she do? Sending the minotaur back to his bleak, shadowy home is just another notch on her monster-hunting combat belt. But running into a girl who could be her double is a twist she didn't see coming. Greer has her life pretty well put together, thank you very much. But that all tilts sideways when two girls who look exactly like her appear on her doorstep and claim they're triplets, supernatural descendants of a terrifying mythological creature, destined to spend their lives hunting monsters. Three teenage descendants of Medusa, the once-beautiful Gorgon maligned in myth, must reunite and embrace their fates in a world where monsters lurk in plain sight.

When Magic Dares Tera Lynn Childs, 2015-02-24 When magic dares, anything is possible. Young, beautiful, and royal, Princess Arianne of the Deachair should be the most envied fae in all the realms. But tragedy stole a carefree life from her. Thrust into the role of ruler as a girl, she has spent the last decade struggling to keep her people safe at any cost. With her magic weakened by a devastating curse, strength, will and intelligence are her only powers left to wield. When the full force

of the Moraine army marches on her palace, ready for war, she must act quickly to save her clan from total destruction. As captain of the royal guard, Tearloch Donne considers the protection of the Moraine and their royal family his foremost duty. A duty he failed when a traitor within the palace ranks nearly assassinated the high prince. Now he will do whatever it takes to hunt the villain down and make him pay for his betrayal. But when he volunteers the enemy princess on a quest for answers, he finds himself weighing his duty to his clan against his growing feelings for her and a secret memory they share. With the fate of two dying clans depending on their success, a proud princess with dangerous secrets and a loyal warrior bent on revenge must embark on a journey that could save them all... or destroy them both.

When Magic Sleeps Tera Lynn Childs, 2014-11-04 When magic sleeps, everything changes. For as long as she can remember, Winnie Price has visited another world in her dreams, a magical fae realm caught up in a war of intrigue and sorcery. Where nature is all-powerful and a dark prince will do anything to save his dying clan. She thought this realm was pure imagination, until one midsummer's eve when the owl who visits her window once a month transforms into a boy before her eyes. And not just any boy, the dark fae prince. With his clan on the verge of extinction, Cathair O Cuana knows that his secret feelings for the human girl can never be more than fantasy. Caught between duty and emotion, he knows his responsibility to his people comes first. But when the magic sleeps and she sees his true form, the girl he yearns for finally feels within his reach--just as a traitor in the palace pushes the kingdom to the brink of war. Will disaster drive them apart or pull them together? In a world where dreams, magic, and war collide, a human girl with a special ability and a fae prince with the weight of a kingdom on his shoulders must risk everything for a chance at happily ever after.

In this book we travel along with him. And we are able to share in his stirring experiences, in sensitive discoveries and the wondrous insights that he was able to gain. He has not compiled them for himself, but for us all. Perhaps he could only manage his adventures travels, bear the travails and overcome some resistance because the spiritual world was on his side accompanied him, encouraged him and led him with direct guidance. These received messages are also an essential and moving part of this book, and are a special feature is astonishing. As is the telling of the tale of the spiritual and material creation, and the fact that Mother Earth is alive and is conscious; our ancestors had not yet forgotten this. He also leads us through the destruction of the environment, climate changes and the increasing natural catastrophes. What have we done? At the same time, he presents us with solution paths, gives us courage and hope in this dramatic turning point; it is not yet too late! Hence, GAIA LEGACY is much more than a travel report and insight into the power points. It is one can say without exaggeration an incomparable book full of awakening and strength, just as the fifteenth power source

Stolen Legacy George G. M. James, 2013-04-08 For centuries the world has been misled about the original source of the Arts and Sciences; for centuries Socrates, Plato and Aristotle have been falsely idolized as models of intellectual greatness; and for centuries the African continent has been called the Dark Continent, because Europe coveted the honor of transmitting to the world, the Arts and Sciences. It is indeed surprising how, for centuries, the Greeks have been praised by the Western World for intellectual accomplishments which belong without a doubt to the Egyptians or the peoples of North Africa.

Some science fiction films, television programs, and video games are also mentioned, particularly when they are relevant to written texts. Its focus is on science fiction in the English language, though due attention is given to international authors whose works have been frequently translated into English. Marcus Aurelius and his Legacy Judith Stove, 2025-06-30 Millions of visitors to Rome's Capitoline Museums admire the great bronze equestrian statue of Marcus Aurelius Antoninus (121-180 CE), practising Stoic and the last 'Good Emperor' before Rome commenced its prolonged decline. One ancient historian compared the succession from Marcus to his son Commodus as a descent from a kingdom of gold to one of iron and rust. The statue's fortuitous survival occurred only because of a longstanding belief that it represented Constantine, the first Christian Emperor - an instance of the mysterious ways in which Marcus's complex legacies would endure. The recent revival of interest in Stoicism has seen renewed focus on

Marcus Aurelius. While new editions of Marcus's work *Meditations*, and fresh biographical treatments, have appeared, there remain lesser-known sources which shed light on how Marcus was remembered, from intriguing medieval legends, right through to the twenty-first century. Each generation has interpreted Marcus Aurelius, his writings, his deeds, and his personality anew, as he remains a role-model and the closest actual instance, in Western history, of an ideal ruler. This book collects and interprets, for the first time, a range of cultural receptions, enriching our understanding of this perennially compelling figure.
