Pay it Forward Anna Clado, 2016-02-24 Anna Clado has endured a lot of blackness in her life. This Vancouver-based single mom was abused by a family member, betrayed by a husband, and devastated by the mental tyranny of a string of bad decisions. But she's not complaining. Indeed, Clado is focused on the silver lining that wraps her dark cloud: namely, the opportunity to share with others the gift of revelation and healing that has since swept the darkness away. *Pay it Forward: A Mom's Journey through Healing and Recovery* is a highly personal account of Clado's last 25 years and the wrong turns, bad choices and terrible suffering that characterize them. For a long and harrowing stretch, Clado bowed under the weight of negative emotion and clinical depression—but then her life took a turn. Talk therapy, clinical medication and natural remedies helped. But more than anything, it was Clado's authentic return to religion that rescued her from certain despair. Since that time, the transformation to her existence has been profound. By accepting God's presence and declaring it publicly, this Filipina-Canadian felt elevated, empowered, and reborn. It is Clado's wish that other young women enduring similar hardships can enjoy a shortcut to this epiphany through her words and, in turn, keep their families together longer, make smart choices more often, and find their voices more resoundingly. *Pay it Forward* is both Clado's living testimony to how God delivered her from darkness and an open invitation to others to benefit from the illumination of her mistakes. Filled with fresh gratitude for life's gifts and enough inspiration to go around, Clado genuinely succeeds in paying it forward. www.annaclado.com

He Loves Me, He Loves Me Not Kathleen Palmer Terry, 2018-02-05 I became the keeper of secrets, and there were consequences. With my silence I protected my children and allowed them to forever see their father as a hero, but I had also given my husband a clean slate upon which he could rewrite his history, minus the embarrassing part. At first, silence was the glue that bound us together, then it was the weight under which we crumbled. *** Cheaters are selfish people. In fact, the most damning thing about cheating is that it reveals a lack of caring for and commitment to the whole family unit, not just one's spouse. 'I'm cheating because I care about my family so much more than my selfish desires,' said no person ever. *** Infidelity and the drama it creates have been around since the beginning of time. As a result, there is no shortage of advice on how to prevent it, what to do once it starts, or how to pick up the pieces once it ends . . . if it ends. Why do some marriages survive and others dissolve in the aftermath? Is there some magic ingredient present in enduring relationships? Is it possible to heal as individuals, yet fail to heal as a couple? In this deeply personal and intuitive book, one woman of faith tells her story of love, disillusionment, and resilience in a down-to-earth, upbeat, and sometimes humorous style that reflects the strength that comes from knowing God loves us, that he is in charge, and that he has the desire and ability to shape us into better people through our adversity. It will persuade you that, although we live in an age of throw-away marriages, there are still those who believe traditional values exist, that a family is a sacred commitment, that giving up is not an option.

Living for Lezlie Carrie Whitehead,2020-08-05 In November 2015, author Carrie Whitehead lost her youngest child, Lezlie, in a motor vehicle accident. She struggled with every emotion possible and at times felt she could not face the day, let alone anyone in general. Following the advice of many to put her feelings into words, Whitehead began writing a blog in January 2019. In a series of daily posts, she shared how she dealt with the loss, detailing the process of her grief in real time. Now she has gathered those essays together with the goal of helping others struggling after the loss of a child. Through personal stories and reflections, Bible verses, and enduring expressions of faith, she hopes to convey to grieving parents that what they are feeling is normal and that everyone experiences grief differently. This personal narrative, formed from a year's worth of blog posts, presents a mother's journey through grief after the loss of her youngest child.

The 10 Keys To Happiness RD king, Simple Ways to Be Happy and Enjoy Your Life Regardless of Circumstances! Happiness is the underlying foundation that influences the quality of life. Have you ever seen someone who lives in a small house and has an older car? They may not be rich in terms of material things, but they are beyond rich in their happiness. We all go through things in life that we wish we didn't have to. This can change how we feel and our outlook. Yet you have a choice to either go through life miserable or to be happy. You are the only one in control of that. There may be plenty of variables in life you can't control, but your happiness should never be in the hands of someone else. One of the biggest barriers to true happiness is that we live in a society that tends to encourage us to redeem ourselves with material goods. Then we compare what we have to what others around us have. If they have more, then we may feel that we are less than them. This can really influence the level of happiness that is experienced. Being too busy can also cause happiness to be pushed to the back burner. If you are always working and running errands than you have no time for yourself and to enjoy

life. Slow down and focus on what really matters to you. There is no reason to work non-stop or to take care of everything on your own. Communication is important for true happiness to occur. If you don't share with others what you want or what you won't tolerate, they aren't going to know. Never apologize for laying some ground rules in place for relationships so that you can be happy. Inside this ebook, you are about to learn the 10 Keys to Happiness covering the following topics: Positive Thinking Surround Yourself with Good People Learn to Say No Make Time for You Get your Finances Under Control Offer Forgiveness Stop Comparing Yourself to Others Face Your Fears Make a Plan for Change Take Care of your Mind and Body

The Professor Lauren Nossett, 2023-11-14 "The Professor is a thoroughly gripping mystery about power, ambition, and the lengths we will go to in order to succeed. Pacey and full of tension, this one will stick with you long after THE END." -New York Times and #1 International Bestselling author, Karin Slaughter For fans of Tana French, *The Professor* investigates the darkest corners of academic life: ambition, lies, and obsession. On a spring afternoon in Athens, Georgia, Ethan Haddock is discovered in his apartment, dead, apparently by his own hand. His fatality immediately garners media attention: not because his death reflects the troubling increase of depression and mental health issues among college students, but because the media has caught the whiff of a scandal. His professor, Dr. Verena Sobek, has been taken in for questioning, and there are rumors his death is the result of a bad romance. A Title IX investigation is opened, the professor is suspended, and social media crusaders and trolls alike are out for blood. Marlitt Kaplan never investigated love affairs. A former detective turned research assistant, she misses the excitement of her old job, but most of all the friendship of her partner, Teddy. When her mother, a professor at the university and colleague of the accused professor, asks for her help, she finds herself in the impossible position of proving something didn't happen. Without the credentials to interview suspects or access phone records, she will have to get closer to a victim's life than ever before. And she quickly finds herself in his apartment, having dinner with his roommates, even sleeping in his bed. But is she too close to see the truth? In her relentless pursuit to uncover the mystery behind Ethan's death, Marlitt will be forced to confront the power structures ingrained in the classroom against the backdrop of a historic campus and an institution that sometimes fails its most vulnerable members.
