Anishinaabe Ways of Knowing and Being Lawrence W. Gross,2016-04-15 Very few studies have examined the worldview of the Anishinaabeg from within the culture itself and none have explored the Anishinaabe worldview in relation to their efforts to maintain their culture in the present-day world. This book fills that gap. Focusing mainly on the Minnesota Anishinaabeg, Lawrence Gross explores how their worldview works to create a holistic way of living. However, as Gross also argues, the Anishinaabeg saw the end of their world early in the 20th century and experienced what he calls 'postapocalypse stress syndrome.' As such, the book further explores how the values engendered by the worldview of the Anishinaabeg are finding expression in the modern world as they seek to rebuild their society.

Motivating Thoughts of Abraham Lincoln Raghav, 2020-01-01 • Any people anywhere, being inclined and having the power, have the right to rise up, and shake off the existing government, and form a new one that suits them better. This is a most valuable - a most sacred right - a right, which we hope and believe, is to liberate the world. • I am not bound to win, but I am bound to be true. I am not bound to succeed, but I am bound to live by the light that I have. I must stand with anybody that stands right, and stand with him while he is right, and part with him when he goes wrong. • Better to remain silent and be thought a fool than to speak out and remove all doubt. -Abraham Lincoln

Wittgenstein and Performance Mischa Twitchin,2024-01-05 Embodying Wittgenstein's own aphorism of "you'd be surprised," this collection of original essays by both artists and academics explores the significance of Wittgenstein's writings across a diverse field of performance practices, including poetics and choreography, theatre, and psychotherapy, as well as reflections on political thought and ChatGPT. Fundamentally, the collection shifts the discussion of philosophy and performance away from the well-established distinction between Analytic and Continental traditions to offer examples of Wittgenstein's inspiration in and for the different practices that are explored in each essay. Between Wittgenstein's proposals in the *Tractatus* that "the world is all that is the case" and in the *Philosophical Investigations* that "words are also deeds," how might the thought of philosophical questions already inform those of and for performance? How do conceptions of the limits of the one articulate those of the other? And how might such questions be not simply a matter of philosophy or performance alone, but indeed of and for performance philosophy? Contributors: Né Barros, Charles Bernstein, Simon Bowes, Jonathan Burrows, Miles Champion, Will Daddario, Veronika Darida, Françoise Davoine, Peter S. Dillard, Signe Gjessing, Kenneth Goldsmith, Derek Gottlieb, Anthony Howell, Sam Kinchin-Smith, Alice Lagaay, Sue MacLaine, Ray Monk, Bernard Müller, Marjorie Perloff, Tom Raworth, Max Richter, Bo Tarenskeen, The Aesthetics Group (Dublin), Mischa Twitchin, Lukas M. *Quotes from a Wise Fool* William Frasca, 2024-01-17 During my life, seldom did I accept things at face value, so I was always trying to understand why myself and others did the things we did. For the happy and enjoyable days of my life, that were few and far between. I didn't find the need to expand the search for what caused those events to transpire; on the days where I was challenged and found myself in over my head yet again, I dug deeper to help me find out why I acted poorly or why my choices were not the most popular ones in the history of the world. The early part of my life left quite a bit to be desired and along with a poor beginning came many poor choices that made me unpopular, but they did create excitement for the viewing audience. Struggling to fit in and being misunderstood are kind of my thing, and those decisions that made others view me as hostile and sometimes unwanted were captured in a series of private thoughts that were both put to paper and others that needed no documentation because they ran on a constant loop through my cavernous mind and gave me a constant reminder of how unpopular one man can become with hardly any effort. How complete my examination on my past is not for me to decide. I will leave that to the reader, but I can 100 percent guarantee that this information is factual and, at times, for me, more than a little heartbreaking. This is not an attempt for sympathy, that dream was crushed in my first few years of life, waiting for a kind word or a much-needed hug as a child were things I saw in movies but not in my home. I hope that I have made my vision of these times interesting enough so that you have enjoyed the experience of reading this book enough for it to be worthy of your time. Each of these ideas of mine are shared as quotes and explained in very plain terms, and on occasion, the pain of spending a lifetime of being judged harshly by those who have helped craft this person who has fallen from grace.
