*Philippines: Urban Sector Assessment, Strategy, and Road Map* Asian Development Bank,2012-05-01 This publication documents the current assessment and strategic investment priorities of the Government of the Philippines and the Asian Development Bank (ADB) in the country's urban sector. It highlights sector performance, priority development constraints, government plans and strategies, past ADB support and experience, support of other development partners, and future ADB support strategy. The road map covers four main support areas: (i) preparation of a loan for the Philippine Solid Waste Management Sector Project in 2012 or 2013; (ii) future technical assistance (TA) and lending activities---to be discussed with the government---that may include a sector project for markets and transport terminals, which could further include land and sea transport facilities; (iii) projects of the Urban Development and Water Division of ADB's Southeast Asia Department, which may support flood control and the efforts of communities to mitigate the effects of climate change; and further (iv) stand-alone policy and advisory TA or capacity development TA, to promote performance-oriented governance and overall strengthening of urban sector agencies, depending on requests from the government.

*Republic of the Philippines National Urban Assessment* Asian Development Bank,2014-08-01 The Urban Operational Plan (UOP) 2012-2020 of the Asian Development Bank (ADB) supports ADB developing member countries (DMCs) in expanding their urban economies, improving environmental sustainability, and making pro-poor investments through a 3E approach (Economy, Environment, and Equity). This case study on the Philippines is based on thematic areas of the National Urban Sustainability Assessment framework for developing strategic policy options and targeted investments in the urban sector. This publication shows how the framework acts as a tool for conducting rapid urban assessments at both national and urban region levels for DMCs.

Fundamentals of Traffic Engineering Ricardo G. Sigua,2008 The book covers basic concepts that a senior civil engineering student is expected to understand thoroughly . It is also written as a handy self-contained reference or easy guide for practicing traffic and transportation engineers. Only through a firm grasp and systematic application of basic knowledge and theories could we truly come up with credible and effective solutions to our transport problems and traffic woes. There is nothing more gratifying than having the field of traffic engineering help build communities characterized by efficiency, order, and safety.

*Locating Filipino Americans* Rick Bonus,2000 Locating Filipino Americans, an ethnographic study of Filipino American communities in Los Angeles and San Diego, presents a multi-disciplinary cultural analysis of the relationship between ethnic identity and social space. Author Rick Bonus argues that alternative community spaces enable Filipino Americans to respond to and resist the ways in which the larger society has historically and institutionally rendered them invisible, silenced, and racialized. The author focuses on social halls, community centers, and the community newspapers to demonstrate how ethnic identities are publicly constituted and communities are transformed. Delineating the spaces formed by diasporic consciousness, Bonus shows how community members appropriate elements from their former homeland and from their new settlements in ways defined by their critical stances against racism, homogenization, complete assimilation, and exclusionary citizenship --back cover.

From Canada to Philippines Joe Remesz,2013-06 Filipino politicians have a reputation of being corrupt and the Muslim insurgent and the New Army problem, but most that make a journey to the 7000-odd islands are surprised by the beauty and friendliness of the people. There are no defined seasons in the Philippines and at times is difficult to determine which is spring, summer, autumn and which is winter. And when it rains, it pours. Most of the Philippines are resilient, stable and relatively safe. The local are exceptionally helpful, have a sense of humor and friendly. There are fantastic reefs and beaches, the food is good and accommodation is plentiful. English is the second language and widely spoken. Aside for its reputation for rampant lawlessness and reoccurring political instability Philippines is the entertainment capital of Asia with top-notch entertainment throughout the provinces including fiestas which at times have a Mardi Gras flavor. By visiting the Philippines one will enjoy a pleasant adventure. -- Treat our aged parents as you wish to be treated Love them gently in memory of me Bury me in the ground, And set me in a tombstone and cross, Name the date of my birth and that of my death. No anniversaries. Dr. Jose Protacio Marcedo Rizal -- June 10, 1861 - December 30. 1896 (A Filipino hero a day before he was executed) From Canada to Philippines is a work of fiction.
