The Alchemy of Illness Kat Duff, 1993 Illness is a universal experience. There is no privilege that can make us immune to its touch. We are taught to assume health, illnesses being just temporary breakdowns in the well-oiled machinery of the body. But illness has its own geography, its own laws and commandments. At a time when the attention of the whole nation is focused on health care, Kat Duff inquires into the nature and function of illness itself. Duff, a counselor in private practice in Taos, New Mexico, wrote this book out of her experience with chronic fatigue syndrome, but what she has to say is applicable to every illness and every one of us. For those who are sick, this book offers solace and recognition. For those who care for them either physically or emotionally, it offers inspiration and compassion. Finally, this fresh perspective on healing reveals how every illness is a crucible that tries our mettle, tests our limits, and provides us with an unparalleled opportunity to integrate its lessons into our lives.

Son of a Midnight Land Atz Kilcher, 2018-02-06 A powerful new memoir about growing up with a hard father in a hard land Atz Kilcher learned many vital skills while helping his parents carve a homestead out of the Alaskan wilderness: how to work hard, think on his feet, make do, invent, and use what was on hand to accomplish whatever task was in front of him. He also learned how to lie in order to please his often volatile father and put himself in harm's way to protect his mother and younger, weaker members of the family. Much later in life, as Atz began to reflect on his upbringing, seek to understand his father, and heal his emotional scars, he discovered that the work of pioneering the frontier of the soul is an infinitely more difficult task than any of the back-breaking chores he performed on his family's homestead. Learning to use new tools—honesty, vulnerability, forgiveness, acceptance—and building upon the good helped him heal and learn to embrace the value of resilience. This revised perspective has enabled him to tell an enhanced and more positive version of the legacy his father created and has him doing the most rewarding work of his life: mapping his own inner wilderness while drawing closer to his adult children, the next stewards of the land he helped his father carve out of the Alaskan frontier.
