

Basilica Dei Santi Cosma E Damiano

Amico Ricci

The Temple of Peace in Rome Pier Luigi Tucci, 2017-11-16 In this magisterial two-volume book, Pier Luigi Tucci offers a comprehensive examination of one of the key complexes of Ancient Rome, the Temple of Peace. Based on archival research and an architectural survey, his research sheds new light on the medieval, Renaissance, and Baroque transformations of the basilica, and the later restorations of the complex. Volume 1 focuses on the foundation of the complex under Vespasian until its restoration under Septimius Severus and challenges the accepted views about the ancient building. Volume 2 begins with the remodelling of the library hall and the construction of the rotunda complex, and examines the dedication of the Christian Basilica of SS Cosmas and Damian. Of interest to scholars in a range of topics, *The Temple of Peace in Rome* crosses the boundaries between classics, archaeology, history of architecture, and art history, through Late Antiquity, the Middle Ages, and the early modern period.

Mosaics in the Medieval World Liz James, 2017-10-05 In this book, Liz James offers a comprehensive history of wall mosaics produced in the European and Islamic middle ages. Taking into account a wide range of issues, including style and iconography, technique and material, and function and patronage, she examines mosaics within their historical context. She asks why the mosaic was such a popular medium and considers how mosaics work as historical 'documents' that tell us about attitudes and beliefs in the medieval world. The book is divided into two parts. Part I explores the technical aspects of mosaics, including glass production, labour and materials, and costs. In Part II, James provides a chronological history of mosaics, charting the low and high points of mosaic art up until its abrupt end in the late middle ages. Written in a clear and engaging style, her book will serve as an essential resource for scholars and students of medieval mosaics.

The Apse Mosaic in Early Medieval Rome Erik Thunø, 2015-04-20 This book focuses on apse mosaics in Rome, which were commissioned by a series of popes between the sixth and ninth centuries CE. Through a synchronic approach that challenges current conceptions about how works of art interact with historical time, Erik Thunø proposes that the apse mosaics produce an inter-visual network that collapses their chronological succession in time into a continuous present in which the faithful join the saints in the one living body of the Church of Rome. Throughout, this book situates the apse mosaics within the broader context of viewership, the cult of relics, epigraphic tradition, and church ritual while engaging topics concerned with intercession, materiality, repetition and vision.

Iconophilia Francesca Dell'Acqua, 2020-05-07 Between the late seventh and the mid-ninth centuries, a debate about sacred images – conventionally addressed as ‘Byzantine iconoclasm’ – engaged monks, emperors, and popes in the Mediterranean area and on the European continent. The importance of this debate cannot be overstated; it challenged the relation between image, text, and belief. A series of popes staunchly in favour of sacred images acted consistently during this period in displaying a remarkable iconophilia or ‘love for images’. Their multifaceted reaction involved not only council resolutions and diplomatic exchanges, but also public religious festivals, liturgy, preaching, and visual arts – the mass-media of the time. Embracing these tools, the popes especially promoted themes related to the Incarnation of God – which justified the production and veneration of sacred images – and extolled the role and the figure of the Virgin Mary. Despite their profound influence over Byzantine and western cultures of later centuries, the political, theological, and artistic interactions between the East and the West during this period have not yet been investigated in studies combining textual and material evidence. By drawing evidence from texts and material culture – some of which have yet to be discussed against the background of the iconoclastic controversy – and by considering the role of oral exchange, Iconophilia assesses the impact of the debate on sacred images and of coeval theological controversies in Rome and central Italy. By looking at intersecting textual, liturgical, and pictorial images which had at their core the Incarnate God and his human mother Mary, the book demonstrates that between c.680–880, by unremittingly maintaining the importance of the visual for nurturing beliefs and mediating personal and communal salvation, the popes ensured that the status of sacred images would remain unchallenged, at least until the Protestant Reformation in the sixteenth century.

La Basilica dei Santi Cosma e Damiano Pier Luigi Tucci, 2001

Rome 1300 Herbert L. Kessler, Professor Herbert L. Kessler, Johanna Zacharias, Professor Johanna Zacharias, 2000-01-01 On this Jubilee year, the authors take readers back to the first Holy Year, 1300, when Pope Boniface VIII promised eternal peace for the souls of all Christians who trekked to the Eternal City. 225 illustrations, 60 in color.

La Basilica e il Convento dei Santi Cosma e Damiano in Roma Pietro Chioccioni, 1963

Leon Battista Alberti Caspar Pearson, 2022-07-06 A new account of the sui generis Renaissance writer and architect Leon Battista Alberti. One of the most brilliant and original authors and architects of the entire Renaissance, Leon Battista Alberti had an output encompassing engineering, surveying, cryptography, poetry, humor, political commentary, and more. He employed irony, satire, and playful allusion in his written works, and developed a sophisticated approach to architecture that combined the ancient and modern. Born into the Florentine elite, Alberti was nonetheless disadvantaged due to exile and illegitimacy. As a result, he became an acute analyst of the social institutions of his time, as well as a profoundly existential writer who was intensely preoccupied with the human condition. This new account explores Alberti's life and works, examining how his personal and intellectual preoccupations continually pushed him to engage with an ever-broader spectrum

of Renaissance culture.

La Basilica dei Santi Cosma e Damiano in via Sacra Raffaele Pazzelli, 2001

Roma Duncan Garwood, 2015-02-05T00:00:00+01:00 Con un patrimonio che risale agli etruschi, Roma è una delle capitali mondiali dell'arte, che qui è – letteralmente – tutta intorno a voi” (Duncan Garwood, autore Lonely Planet).

Esperienze straordinarie: foto suggestive, i consigli degli autori e la vera essenza dei luoghi. Personalizza il tuo viaggio: gli strumenti e gli itinerari per pianificare il viaggio che preferisci. Scelte d'autore: i luoghi più famosi e quelli meno noti per rendere unico il tuo viaggio. E ancora: itinerari a piedi; foro romano in 3D; le piazze del centro storico; tutto sulla Cappella Sistina. La guida comprende: Pianificare il viaggio, Roma antica, Centro storico, Tridente, Trevi e il Quirinale, Città del Vaticano, Borgo e Prati, Monti, Esquilino e San Lorenzo, Trastevere e Gianicolo, Da San Giovanni a Testaccio, Roma Sud, Villa Borghese e Roma Nord, Conoscere Roma, Guida pratica.

Pellegrini e Pagani a Roma Vincenzo Cohen, 2022-07-31 Pellegrini e Pagani a Roma è un saggio storico sulle forme di espressione religiosa che hanno contraddistinto l'architettura sacra dell'antica Roma. Il testo, organizzato secondo una ripartizione per aree della capitale, guida alla lettura dei monumenti intesi come espressione artistica della ritualità pagana e cristiana e delle successive forme del sincretismo religioso. La diffusione del culto cristiano operata dagli apostoli nel panorama ideologico-culturale romano apre la strada ad una nuova grande fase della storia, non esente da sanguinose repressioni e dispute dottrinarie, che darà avvio al graduale processo di affermazione del Cristianesimo in Occidente. Nell'avvicinarsi storico, le personalità degli imperatori abbracceranno di volta in volta le rispettive fedi, veicolando linguaggi e manifestazioni artistiche verso forme di propaganda politica. Luoghi di culto segreti nasceranno durante le persecuzioni anticristiane costituendo l'origine dei nuovi nuclei cristiani, mentre pire di corpi ardenti illumineranno le notti della città eterna. L'avvento del Cristianesimo, se da una parte adombrerà le precedenti espressioni religiose, dall'altra contribuirà a perpetuare la memoria storica dei luoghi, conservandone le testimonianze. Con il processo di cristianizzazione avviato nel IV sec.d.C. dall'imperatore Costantino, comincerà la graduale irradiazione del Cristianesimo, attraverso l'erezione di grandi basiliche sorte sui luoghi del martirio e lungo le rotte del pellegrinaggio cristiano, che condurrà alla definitiva

effermazione del Papato. Nell'età dei regni romano-barbarici, nuove dirigenze aderiranno all'eresia ariana, intravedendo nella pratica religiosa un mezzo attraverso cui attuare l'unificazione culturale dei popoli. Dopo l'incoronazione di Carlo Magno il processo di rinnovamento culturale avviato dalla Chiesa d'Occidente troverà poi il suo apice con l'istituzionalizzazione dei rapporti tra Papato e Impero. Contemporaneamente, la presenza all'interno del mondo artistico romano di istituti laici e preesistenze pagane, testimonierà la presenza di parallele forme di religiosità, legate al mondo fenomenologico della magia naturale da cui nasceranno commistioni di sacro e profano, che dalla classicità ad oggi hanno contribuito ad alimentare il volto oscuro della città di Roma. Vincenzo Cohen (nome anagrafico Vincenzo Curcio) nasce a Zurigo nel 1977. Artista introspettivo e poliedrico, la sua produzione spazia dall'arte alla letteratura, costituendo il risultato di un processo di ricerca storico-scientifica indirizzato alla rappresentazione e alla documentazione di contenuti culturali naturalistici e sociali. Diplomatosi alle Belle Arti ha perfezionato successivamente gli studi classici laureandosi in Scienze Archeologiche. Si dedica negli anni a studi naturalistici che lo spingono a viaggiare in paesi africani a e realizzare raccolte fotografiche caratterizzate dall'interesse per le problematiche ambientali e la conservazione della fauna selvatica.

Le fortune di un patriarca Yuri A. Marano,2022-05-19T17:38:00+02:00 Lo scorcio dell'VIII e gli inizi del IX secolo segnarono nell'alto Adriatico una fase di intenso confronto politico e diplomatico tra Franchi e Bizantini, gli uni impegnati nel tentativo di imporre la loro supremazia sull'area istriano-dalmata e pannonica, gli altri decisi alla tenace difesa dei propri interessi nella regione. È sullo sfondo di questi avvenimenti che il patriarca Fortunato di Grado intraprese una politica di spregiudicate alleanze che avrebbe dovuto garantire la salvaguardia degli interessi della sua Chiesa, schierandosi con l'una o con l'altra parte ogniquale volta il mutamento degli scenari "internazionali" mettesse a repentaglio il perseguimento di tale obiettivo. Il "testamento" di Fortunato, di cui si presentano qui una traduzione e un commento, costituisce una fonte di eccezionale interesse e fascino per la ricostruzione della parabola politica e umana di questo personaggio e di un capitolo di cruciale importanza nella storia dell'Adriatico altomedievale.

Decoding **Basilica Dei Santi Cosma E Damiano**: Revealing the Captivating Potential of Verbal Expression
