Mission & Science Carine Dujardin, Claude Prudhomme, 2015-03-26 Science as an instrument to justify religious missions in secular society The relationship between religion and science is complex and continues to be a topical issue. However, it is seldom zoomed in on from both Protestant and Catholic perspectives. By doing so the contributing authors in this collection gain new insights into the origin and development of missiology. Missiology is described in this book as a “project of modernity,” a contemporary form of apologetics. “Scientific apologetics” was the way to justify missions in a society that was rapidly becoming secularized. Mission & Science deals with the interaction between new scientific disciplines (historiography, geography, ethnology, anthropology, linguistics) and new scientific insights (Darwin’s evolutionary theory, heliocentrism), as well as the role of the papacy and what inspired missionary practice (first in China and the Far East and later in Africa). The renewed missiology has in turn influenced the missionary practice of the twentieth century, guided by apostolic policy. Some “missionary scholars” have even had a significant influence on the scientific discourse of their time.

Tracing the Path of Tolerance Paolo Scotton, Enrico Zucchi, 2016-12-14 In the globalized, postmodern world, the production of encounters and clashes between dissimilar cultures, ways of life, and systems of values has drastically increased in number. More and more frequently, they originate harsh conflicts, exhibiting the existence of alternative and apparently incompatible ways of living and thinking – culturally, religiously, economically and politically speaking. In this context, words as tolerance and intolerance have been put at the heart of the political debate. However, what is the real meaning of these political concepts? Why did they originate and how did they develop over time? Do they still represent a valid resource for comprehending our current societies and dealing with them? Through the different voices of several scholars in the humanities, this book traces the history of tolerance since the wars of religion to the contemporary age, combining the historical reconstruction with a theoretical and critical analysis of the idea and practice of tolerance in different epochs and places. The obstacle course depicted here reveals the constitutive fragility of this concept that, however, cannot be totally dismissed from our political vocabulary.

"Il Verbo di Dio è vivo" José Enrique Aguilar Chiu, 2007 I trentasei studi sul Nuovo Testamento qui raccolti sono espressione di gratitudine al Cardinal Albert Vanhoye. S.I., esempio di una vita totalmente spesa a servizio della Chiesa di Cristo, nell'insegnamento competente della sacra Scrittura, nella ricerca instancabile e nella zelante predicazione del Verbo di Dio, nonché nella sua attività di consigliere saggio e discreto presso vari dicasteri della Curia Romana. È un omaggio ad un uomo di fede, che ha infaticabilmente indagato la Sacra Scrittura, sia per trovarvi il fondamento della propria esistenza che per annunziare agli altri la parola di vita (Fil 2.16). Il libro intende essere uno strumento per proseguirne la medesima indagine e lo stesso annuncio.

Catholic Theology of Revelation on the Eve of Vatican II Karim Schelkens, 2010-02-15 In recent literature on the history of the Second Vatican Council, the schema *De fontibus revelationis* is a constant point of reference. In most cases, its utter rejection during the conciliar debate on revelation, biblical exegesis, and the nature of Scripture and Tradition, is regarded as a milestone for the council's development. This book is devoted to the background, genesis, and evolution of that very document, and offers a critical revision of the way in which the document has been received in conciliar historiography, based upon a study of archival material. The result is a new approach, not only of the conciliar revelation debate, but also of the way in which the conciliar preparation period has been regarded up until the present day.

Touched by Christ: The Sacramental Economy Lawrence Feingold, 2021-05-07 The sacramental economy was instituted by Christ and entrusted to His Church in order to build up the Body of Christ in a twofold communion: binding the members together with God and one another. Touched by Christ: The Sacramental Economy is an introductory course on Sacramental Theology suitable for all who seek a deeper understanding of how the Church's sacraments constitute channels of grace, nurture supernatural life, and heal us from our sins. Lawrence Feingold expertly describes the nature of the sacraments; their purpose, fittingness, and relationship with Christ and the New Covenant; their relationship with the Old Covenant rites that prefigured them; the character and grace that they communicate; and the nature of their causality. Touched by Christ shows that the sacraments of the New Covenant should be understood as instruments of Christ's humanity that are used as words of power to communicate the sanctification that they signify, infuse grace, communicate the Holy Spirit, and build up ecclesial communion in those who receive them with the right dispositions.

Montini Angelo Maffei, Luca Bressan, 2017-10-24 La ricorrenza del sessantesimo anniversario dall'ingresso di Giovanni Battista Montini a Milano, il 6 gennaio 1955, ha suggerito all'arcidiocesi di Milano e all'Istituto Paolo VI di Brescia l'opportunità di avviare uno studio d'insieme del suo ministero episcopale nella Chiesa ambrosiana. L'episcopato di Montini non è un campo inesplorato per gli studiosi, ma i contributi raccolti in questo volume offrono elementi nuovi attinti dai documenti dell'Archivio della Segreteria dell'Arcivescovo Montini presso l'Archivio Storico Diocesano di Milano. Per la prima volta si tenta di proporre una considerazione complessiva dell'episcopato montiniano attorno a tre ambiti: l'istituzione ecclesiale con i suoi diversi soggetti e le sue molteplici strutture, l'azione pastorale con le forme fondamentali in cui si attua la missione della Chiesa e i complessi legami che essa intreccia con la società e la cultura.

Participation and Beliefs in Popular Religiosity Francesco Zaccaria, 2010 Exploring the relation between popular religious participation and beliefs about God, human suffering, Jesus Christ and the church, this empirical-theological study offers the picture of a complementary relation between popular religiosity and official religion within Italian Catholicism.

Handbook of Patristic Exegesis Charles Kannengiesser, 2023-02-06 Through this Handbook of Patristic Exegesis, the reader will obtain a balanced and cohesive picture of the Early Church. It gives an overall view of the reception, transmission, and interpretation of the Bible in the life and thought of the Church during the first five centuries of

Christianity, the so-called patristic era. The handbook offers the context and presuppositions necessary for understanding the development of the interpretative traditions of the Early Church, in its catechesis, its liturgy and as a foundation of its systems of theology. The handbook presents a comprehensive overview of the history of patristic exegesis. Apart from a general introduction to the major topics in this field, it contains essays by leading patristic scholars on the most important Church Fathers, such as Augustine, Irenaeus, Origen, Gregory of Nyssa, and others. The essays are supplemented by bibliographies of editions and studies on patristic exegesis published from 1945 until 1995. Together, these bibliographies form the only comprehensive bibliography presently available on this topic. The print edition is available as a set of two volumes (9789004098152).
