Your To-Die-For Life Karen Salmansohn, 2025-07-22 Want to make sure you're not just alive . . . but truly living? Start by contemplating your own death. Wondering what a life well-lived looks like? Eager to live a life that's richer, bolder, and more unapologetically YOU? Then it's time to stop running from the truth that your life is finite—and start facing your mortality head-on. Because nothing will motivate you to seize the day . . . more than realizing your days are numbered. Karen Salmansohn, bestselling author of *How to Be Happy*, *Dammit* and a leading behavioral change expert went on her own “I’m-going-to-die” journey. And it made her life better. Way better. So she began sharing these tools with her clients, and their lives also began to bloom in amazing ways. Science backs up the perks of mortality awareness. Studies show that when you embrace the fact that your time is limited, you stop wasting energy on nonsense—and start making choices that align with your deepest values. In *Your To-Die-For Life*, Salmansohn shares a wide range of practical, research-based tools—to help you to dismantle your fears—and step into the life you were meant to live. You’ll discover how to: Write your own eulogy: Sounds a little dark, right? But it's actually a genius way to reverse-engineer the life you want. Create a “to-die-for” list: Think of this as a “what matters most” list. You’ll learn how to better focus on what truly makes you come alive—and build simple micro-habits to bring more of that into your everyday life. Do a life audit: Let go of the clutter that’s draining your time, energy and attention. *Your To-Die-For Life* is packed with a range of eye-opening studies, inspiring philosophical truths, and Salmansohn’s signature cheeky humor. She’ll make you laugh, she’ll make you think, and she’ll make you want to stop wasting time on things that don’t light you up.

Habit Stacking Michelle Moore, 2022-08-19 127 Small Changes to Improve Your Health, Wealth and Happiness Habit Stacking is the ultimate guide to developing multiple habits without requiring too much of your free time. It’s easy to think of a dozen ways to instantly improve your life. Odds are, these ideas will only take a few minutes apiece to complete. The problem? You might feel like there’s not enough time to do all of them. One solution can be found using the power of “habit stacking.” The essence of habit stacking is to take a series of small changes (like eating a piece of fruit or sending a loving text message to your significant other) and build a ritual that you follow on a daily basis. Habit stacking works because you

eliminate the stress of trying to change too many things at once. Your goal is to simply focus on a single routine that only takes about 15 to 30 minutes to complete. Within this routine is a series of actions (or small changes). All you have to do is to create a checklist and follow it every single day. In this book you will discover 127 small habits that can instantly improve your life. Plus you'll discover how to create a simple routine (managed by a checklist) that you repeat on a daily basis. Even better, you'll discover a few tools that will keep you motivated and consistent. So even if you're completely stressed out, you'll still find the time and energy to complete these actions on a consistent basis. S. J. SCOTT provides daily action plans for every area of your life: health, fitness, work and personal relationships. Unlike other personal development guides, his content focuses on taking action. So instead of reading overhyped strategies that rarely work in the real world, you'll get information that can be immediately implemented.

F*cking Up Adulthood Tyler Fitch,2023-09-15 I didn't ask for this. There's no consent form for adulthood, you just get thrown in the deep end. One minute I'm jerking off my way through high school, the next I'm spending £5 on cheddar cheese. If you're fed up with adulthood and its merry band of shite like me, let's fight back against the conventions we so dearly hate. Join me on my runaway mission as I moan my way through the themes of young adulthood. Longing to be back on his feet, escaping the country to recover from what broke him. All the while dissecting the political and social landscape the world enters.

Happy and Strong Jaime Villalovos,2022-05-17 In *Happy and Strong*, Jaime Villalovos provides readers with practical and proven strategies on how to achieve success in business without neglecting or sacrificing their families and everything that is important to them. Do you struggle with the pressure of balancing business and family? With all that life demands, do you feel spread too thin? Do you often ask yourself, Is it all worth it? Can I have it all? If having it all means a loving, supportive relationship, a successful and impactful business, a strong and united family, and a healthy and fit body and mind, then the answer is yes! In her debut book *Happy and Strong: Create Your Dream Life while Enjoying the Journey*, Jaime Villalovos gives you useful tools and methods, not empty promises. Instead of constantly feeling pressured, worried, and unfulfilled, you can begin living a life you absolutely adore. In *Happy & Strong*, Jaime will teach you new ways of thinking and behaving. You will learn how to: - Create a strong and compelling vision for your life. - Transform yourself into an effective leader. - Get past some of the traps causing you to plateau. - Build long-term happiness into your busy schedule. - Balance everything on your plate and have more fun while doing it. - Improve your energy levels, diet, and self-care. - Create a business that is built to last. Through Jaime's journey from poverty to success by becoming one of the top female earners in the world, you will discover how to win in all areas of your life. Start the *Happy & Strong* journey and begin creating the life you desire.

The Abide Guide Oliver Benjamin,Dwayne Eutsey,2022-11-15 A Simon & Schuster eBook. Simon & Schuster has a great book for every reader.

Hindsight: A GenX Life Evan D. Baltz, 2025-04-10 Ultimately, this is the book's purpose: How "these days" are different from "those days". I am a GenXer. That means I was born between 1965 and 1980. Each generation has different characteristics and different world views than the one before and the one after. This is VERY true for us GenXers. We experienced the world differently as kids than the generations around us. And, as adults, we think differently about how things should be done and what makes sense. We are pragmatic, probably above all. We do things because it "makes sense." Common sense is a hallmark of the Generation X person. On the negative side of that, we hate nonsense. We hate pretense. We love individualism, freedom, and independence. Most of our lives center around those principles. We are optimistic but grumpy. We love tech but also hate it when it serves no purpose. We like the outdoors, but we don't hug trees. We have thick skin and aren't easily offended. And, we think people who are always offended are weak or stupid, or both. We use words that some have labeled offensive, and that kind of ticks us off. They are just words, for crying out loud. It's a journey through this generation and my perception of that through some of my experiences. Notice I said "some". A book about my entire life would probably get boring. There would be a lot of sitting around and watching TV and staring at my lawn. But there are moments in your life that stick out. I can't always explain why they stick out, they just do. And in hindsight, they had meaning. They represented something. The definition of hindsight is: Perception of the significance and nature of events after they have occurred. That seems right. Life moves at different speeds. When you are young, a day seems to last forever. As a teen, a week is the measure of time. As a young adult, you think in terms of years. As a middle-aged parent, it's the decades. Each season has different milestones and measurements. Moments are recalled with different levels of detail. Strangely enough, the older memories have more detail, and the newer ones are more generalized. If you like it, you like it. If you don't, I don't really care. That's my completely transparent, no-nonsense GenX attitude. Can you handle that? We'll see.

A Rocky Life Pierre Lafontaine, 2020-08-17 Becoming a man is challenging enough as it is, and adding sexual abuse to the mix can further complicate a boy's transition into manhood. Being told to be strong, when all you want to do is cry, A Rocky Life is a journey that is familiar to everyone experiencing life, in their own way! The book describes the childhood trauma I experienced at the hands of my Father, who was a Police Officer at the time. The book also talks about how I changed my life around. In fact, the book provides you with several of the "Ah Ha!" moments I experienced during my continued healing.

Stressilient Sam Akbar, PhD, 2023-08-01 Stress. It's everywhere these days: a cry for help, the answer to why illnesses pop up (or won't go away), an issue for students and workers, and a culprit when it comes to everything from car accidents to weight gain. Stress is one of those problems most of us are left to figure out and solve by ourselves (a warm bath with scented candle only goes so far). Akbar walks worried readers through how to calm themselves by: -understanding how your brain is wired and why its natural genius at problem-solving doesn't help when it comes to stress -creating space between you and your thoughts -repeating worrisome words to sap them of meaning -defusing "thought bombs" -learning to avoid the

CAGE (Control, Avoid, Get rid of, Eliminate) when it comes to feelings and training yourself to stop trying to shut down real pain -scanning and labelling feelings -the power of urge surfing -accessing your own wisdom There are tried-and-true techniques here, but many more fresh ways to consider the problem of stress. And every one of them is real-world: this book acknowledges that we all have responsibilities, that our time likely isn't our own, and that the goal is to reduce stress rather than eliminate it altogether. Dr. Akbar's wise and experienced voice in this short and calming book will make readers relax into her content.

Adaptive & Proactive SDLC Project Management Joshua Boyde, 2015-06-15 To survive, let alone to thrive, your personal project management techniques ("PM you") will need to evolve as an ongoing work in progress; continually adapting & modifying to better suit the current situation & prevailing circumstances that you, your project team, and your employer find yourselves in for that particular project. This book has been crafted for both the project management novice who is ready to confront their first real project, through to the seasoned veteran with several project battle campaigns under their belt. Described within is the practical application of field-tested project management techniques to actual situations and prevailing circumstances where commercial realities have to be given serious consideration. This book is based on many years of "real-world" System Development Life Cycle (SDLC) project management, the adaptation of the Project Management Body Of Knowledge (PMBOK®), the blending of Agile techniques, elements from other practices & principles, and the incorporation of the past experiences & lessons learnt from the various industrial backgrounds of those persons who graciously contributed to this book's creation.

On/Off Mike Attebery, 2013-01-22 An experimental brain implant has freed college freshman Jamie Pepper from the symptoms of early-onset Parkinson's disease. But while his body is under his command, his mind may be out of control. If this works, it will let you live again. Those words convince eighteen-year-old Jamie Pepper to undergo a risky operation to treat the debilitating symptoms of early-onset Parkinson's disease. Within months his world is changed for the better. By the fall his college plans are back on track. Yet as Jamie enters the world of college, embarking on his studies and an exciting new romance, visions from his past, and flashes from an unfamiliar present suggest that all is not as it would appear. Has Jamie been prowling in the night when he thinks he's been sleeping? And if so, is there now blood on his hands? *On/Off* follows a young man as he explores modern college life, the realms of the body and the mind, and the ways the past can sneak up and scramble even the most carefully plotted plans for the future.

Keith Lemon's Big One Keith Lemon, 2015-10-22 Two Keith Lemon's for the price of one! And some! Have you ever

Becoming His Story Mary-Elsie Wolfe, 2017-01-15 We are participating in changes that will soon define this period in history! As followers of Jesus, we want to immerse ourselves in this living story while learning from Jesus, living like Jesus and leading like Jesus so we may apply his principles and become transformational participants in the best story ever told. Gaining God's full blessing in partnership with what he is doing in our world today needs everyone engaged—not just some! It becomes our duty to help instill a sense of identity and worth in both genders in a Biblical way that will lead us to the full uninhibited potential of Christ's church as we carry out his mandate. With a view towards helping us understand these principles by first identifying our own worldview, and better understanding the culture in which Jesus lived, the author applies the values of Jesus to the model for leadership today. Mary-Elsie Wolfe offers us a vision for the future that is leading-edge yet moderate, traditional yet progressive. Drawing upon key Bible stories of women in Jesus' day, our view of the future is enlarged as believers as she looks at the prominence of women in the early church and then applies key principles in an effective way for our day. If we want to lead like Jesus, as Jesus defines leadership for us, we must apply these foundational leadership principles to our times while still wrapping everything in the truth of the love of God for his people and his work.

The Mindful Freak-Out Eric Goodman, 2024-01-31 The Mindful Freak-Out is written for people who are suffering during emotionally painful moments, such as when: • You are facing anxiety or panic that seems to take over your life. • The ferocity of anger that you are feeling threatens to damage relationships. • Your life feels overwhelming, like you just can't take it anymore. When life serves you up an intensely distressing moment (and life will find a way), you are in a competition with your inner 'threat system' for control over you. Your threat system will try to take over and make you react impulsively. When this happens, you not only suffer from the painful emotion, but are left with distressing consequences. The Mindful Freak-Out presents strategies from Acceptance and Commitment Therapy (ACT) and Compassion Focused Therapy (CFT) to give you the evidence-based tools you need to face highly distressing moments. The goal of these strategies is to soothe your suffering while giving you the inner strength, wisdom, and commitment needed to face the emotional pain in a flexible way

that you feel good about (rather than deeply regretting your words or actions later on). Loaded with practical advice, exercises, and information, this book will help you harness the power of mindfulness and compassion to live your best life, even when intensely painful emotions show up.

Restore My Soul Laura L. Smith, 2022-07-27 The book of Psalms is full of wonderful passages that illuminate the intimate connection we get to have with our Father. Despite the chaos of our busy lives, the Father is frequently whispering to our souls to spend time with Him. Dive into the power of the Psalms and be inspired to praise God as you read *Restore My Soul: The Power and Promise of 30 Psalms*.

Don't Look Back Rachel Grant, 2024-07-19 Sometimes history is better left buried... Six months after barely escaping a nightmare, Kira Hanson is ready to take the trip of a lifetime—one she hopes will answer questions about her father's clandestine work recovering art stolen during World War II. But before she boards her flight, she's waylaid by a friend in need and finally comes face-to-face with the Navy SEAL who saved her six months ago and then ghosted her. Lieutenant Commander Randall Fallon is thrilled to cross paths with the shy art historian, but within minutes of their reunion he learns she's in danger once again. Uneasy with the idea of her embarking on a trip to track down art thieves on her own, he just might have to reprise his role as undercover bodyguard and follow her to Europe posing as an art buyer. Things heat up between Kira and Rand when he tracks her down in Malta, but it soon becomes clear that Rand's instincts were correct: Kira's digging into her father's secrets has unearthed an unexpected enemy.
