Myths and Hero Tales Agnes Regan Perkins,1997-11-25 This one-stop cross-cultural selective guide to recent retellings of myths and hero tales for children and young adults will enable teachers and library media specialists to select comparative myths and tales from various, mostly non-European cultures. The focus is on stories from Native America, Asia, Africa, the Middle East, Central and South America, and Oceania. The Guide contains extensively annotated entries on 189 books of retellings of myths and hero tales, both ancient and modern, from around the world published between 1985 and 1996. Represented are 1,455 stories suitable for use with young people from mid-elementary through high school. The entries, arranged alphabetically by writer, contain complete bibliographic data, age and grade levels, and evaluative annotations. Seven indexes—title, author, illustrator, culture, story type, name, and grade level—make searching easy. The story type index will enable teachers to select comparative myths and tales from different cultures on more than 50 types of myths and hero tales. Among the many myth types cited are origin of human beings and the world, comparative social customs and rituals, natural and heavenly phenomena, animal appearance and behavior, searches and quests, and tricksters. Among the hero tale types are fools and buffoons, kings and queens, warriors, monster slayers, important female figures, magicians, voyagers and adventurers, and spiritual leaders. The Guide concludes with a bibliography of retellings published earlier that have come to be considered standard works.

Native America Kenneth L. Feder, 2025-08-05 An epic deep history of the Indigenous peoples of North America, covering more than 20,000 years of astonishing diversity, adaptation, resilience, and continuity Native America presents an infinitely surprising and fascinating deep history of the continent's Indigenous peoples. Kenneth Feder, a leading expert on Native

American history and archaeology, draws on archaeological, historical, and cultural evidence to tell the ongoing story, more than 20,000 years in the making, of an incredibly resilient and diverse mixture of peoples, revealing how they have ingeniously adapted to the many changing environments of the continent, from the Arctic to the desert Southwest. Richly illustrated, Native America introduces close to a hundred different peoples, each with their own language, economic and social system, and religious beliefs. Here, we meet the Pequot, Tunxis, Iroquois, and Huron of the Northeast; the Navajo, Hopi, Zuni, and Apache of the Southwest; the Hidatsa, Mandan, and Lakota of the Northern Plains; the Haida, Kwakiutl, Nootka, and Salish of the Northwest Coast; the Tule River and Mohave of Southern California; the Cherokee, Creek, and Seminole of the Southeast; and the Inuit and Kalaallit of the Arctic. We learn about hunters of enormous Ice Age beasts; people who raised stone toolmaking to the level of art; a Native American empire ruled by a king and queen, with a huge city at its center and colonies hundreds of miles away; a society that made the desert bloom by designing complex irrigation networks; brilliant architects who built fairy castles in sandstone cliffs; and artists who produced beautiful and moving petroglyphs and pictographs that reflect their deep thinking about history, the sacred, the land, and the sky. Native America is not about peoples of the past, but vibrant, living ones with an epic history of genius and tenacity—a history that everyone should know.
