**Jude E. Seleck**

Jewish Life in Twenty-First-Century Turkey Marcy Brink-Danan, 2011-12-06 Turkey is famed for a history of tolerance toward minorities, and there is a growing nostalgia for the Ottoman mosaic. In this richly detailed study, Marcy Brink-Danan examines what it means for Jews to live as a tolerated minority in contemporary Istanbul. Often portrayed as the good minority, Jews in Turkey celebrate their long history in the region, yet they are subject to discrimination and their institutions are regularly threatened and periodically attacked. Brink-Danan explores the contradictions and gaps in the popular ideology of Turkey as a land of tolerance, describing how Turkish Jews manage the tensions between cosmopolitanism and patriotism, difference as Jews and sameness as Turkish citizens, tolerance and violence.

**Turkish Jews and their Diasporas** Kerem Öktem, Ipek Kocaömer Yosmaoğlu, 2022-04-12 This book introduces the reader to the past and present of Jewish life in Turkey and to Turkish Jewish diaspora communities in Israel, Europe, Latin America and the United States. It surveys the history of Jews in the Ottoman Empire and the Turkish Republic, examining the survival of Jewish communities during the dissolution of the empire and their emigration to America, Europe, and Israel. In the cases discussed, members of these communities often sought and seek close connections with Turkey, even if those 'ties that bind' are rarely reciprocated by Turkish governments. Contributors also explore Turkish Jewishness today, as it is lived in Israel and Turkey, and as found in 'places of memory' in many cities in Turkey, where Jews no longer exist today.

*The Jewish Community of Turkey* Adina Weiss, 1974

Jews of Turkey Süleyman Şanlı, 2018-11-20 *Jews of Turkey: Migration, Culture and Memory* explores the culture of Jews who immigrated from East Turkey to Israel. The study reveals the cultural values of their communities, way of life, beliefs and traditions in the multicultural and multi-religious environment that was the East of Turkey. The book presents their immigration processes, social relationships, and memories of their past from a cultural perspective. Consequently, this study reconstructs the life of Eastern Jews of Turkey before their immigration to Israel. The anthropological fieldwork for this research was carried out over a year in Israel. The author visited eleven cities, where he found Jewish communities from the Ottoman Empire. The book examines their history and origins, personal stories of their immigration, and different social aspects, such as their relationships with Muslims, other Jewish neighbourhoods, the family, childhood, status of women, marriages, clothing, cuisine, religious life, education, economic conditions, Shabbat and holidays. This is the first book that

discusses multiple Jewish communities living in Israel who moved from East Turkey. The book will be a valuable resource for researchers and students who are interested in Jewish and Israeli studies, Turkish minorities and anthropology. Süleyman Şanlı is the chair of the anthropology department at Mardin Artuklu University, Turkey. He was a visiting scholar at the Moshe Dayan Center at Tel Aviv University, where he conducted the anthropological fieldwork on Jews who migrated to Israel from Turkey. His research interests are, Ottoman Jews, Jews of Turkey, Jewish cultural studies and social and cultural anthropology.

Turkey and the Rescue of European Jews I. Izzet Bahar, 2014-12-05 This book exposes Turkish policies concerning European Jews during the Hitler era, focusing on three events: 1. The recruitment of German Jewish scholars by the Turkish government after Hitler came to power, 2. The fate of Jews of Turkish origin in German-controlled France during WWII, 3. The Turkish approach to Jewish refugees who were in transit to Palestine through Turkey. These events have been widely presented in literature and popular media as conspicuous evidence of the humanitarian policies of the Turkish government, as well as indications of the compassionate acts of the Turkish officials vis-à-vis Jewish people both in the pre-war years of the Nazi regime and during WWII. This volume contrasts the evidence and facts from a wealth of newly-disclosed documents with the current populist presentation of Turkey as protector of Jews.

**The Jewish People Policy Planning Institute Planning Assessment, 2004-2005** Sergio Della Pergola, Jewish People Policy Planning Institute, 2005 This volume comprises three main parts: The first includes five broad overviews of the current status of Jewish affairs. The second part includes six chapters, each of which reviews the main recent trends and policy issues relevant to Jewish life in six world regions which articulate contemporary Jewish life: North America; Latin America; Europe and the European Union; the Former Soviet Union; Asia, Africa, and the Pacific; and Israel. The third part introduces an overview of the goals and tasks accomplished by the main Jewish institutions and organizations worldwide in the definition and defense of Jewish interests.

**Antisemitism and Anti-Zionism in Turkey** Efrat Aviv, 2017-02-17 The Jewish community in Turkey today is very diverse with extremely different views as to whether Jews are reluctant or enthusiastic about living in Turkey. Many see themselves primarily as Turks and only then as Jews, while some believe quite the opposite. Some deny there are any expressions of antisemitism in Turkey while others would call it xenophobia and would claim that the other non-Muslim communities in Turkey share the same antagonism. 'Antisemitism and Anti-Zionism in Turkey' provides a comprehensive history of the extent of antisemitism in Turkey, from the time of the Ottomans, through the establishing of the Turkish Republic, and up to recent times and the AK Party. It also provides an in-depth analysis of the effect of Israeli military operations on antisemitism, from the Second Lebanon War in 2006 to Operation Protective Edge in 2014. Much emphasis is given to the last decade, as scholars and local Jews assert that antisemitism has increased during this period. An illustrated

overview of antisemitism in Turkish media, covering newspapers, books, entertainment, and education, is provided. The book also analyses Turkish society's attitude towards Jews in contrast with other minorities, and examines how the other minorities see the Jews according to their experience with Turkish society and government. A unique poll, data collected from personal interviews and the use of both Turkish and Israeli research resources, all help to provide a fresh insight into antisemitism in Turkey. This book will therefore be a key resource for students and scholars of antisemitism and anti-zionism studies, Turkish Studies and Middle East Studies.

*Turkey, the Jews, and the Holocaust* Corry Guttstadt, 2013-05-20 This book analyses the minority politics of the Turkish republic and the country's ambivalent policies regarding Jewish refugees and Turkish Jews living abroad.

*The Turkish-Israeli Relationship* O. Bengio, 2004-05-13 Turkey and Israel are two of the most important countries in the Middle East, but also are outsiders to the region for political and cultural reasons. Here Bengio examines the historic, geo-strategic and political-cultural roots of the Turkish-Israeli relationship, from the 1950s until today. Linking the relationship's evolution to the complexities of Turkey's historical ties with the Arab world, and changing domestic, regional and global conditions, the book traces the ebb and flow of the curious ties between the two countries. Bengio calls for a significant revision in the received wisdom about inter-Arab and Arab-Israeli conflicts and rivalries, placing Turkey in a more central role. The book approaches Middle Eastern affairs from inside the region, based on Turkish, Israeli and Arab sources, providing a much needed corrective to American - and British - centered accounts.

**The Jewish People** Yohanan Aharoni, 2006-09-15 This is the first atlas of its kind to document in such great detail the turbulent history of the Jewish people.

*Routledge Handbook of Turkey's Diasporas* Ayca Arkilic, Banu Senay, 2024-08-21 This handbook, the first of its kind, provides a rich overview of the socio-political issues and dynamics impacting Turkey's diasporic groups and diaspora policymaking. Turkey constitutes an important case study in the field of diaspora studies with a diaspora population of around 6.5 million. This handbook therefore brings together emerging and established scholars to explore the central issues, actors, and processes relating to Turkey's diasporic groups and diaspora outreach. Taken together, the historical and contemporary analyses presented in this volume provide readers a multi-lens perspective on the trajectories of Turkey's diasporic communities and diaspora policymaking in a wide range of regional contexts, including Europe, North America, and Oceania. The handbook comprises six analytical parts: Contextualising Turkey's diasporas: past and present Localisation, transnational belongings, and identity Governing diasporas Micro-spaces and everyday practices Cultural production, aesthetics, and creativity Country-specific perspectives The volume offers insights into the debates and processes that structure each of these thematic clusters, but also provides a comprehensive overview of the dynamics shaping Turkey's diverse diaspora populations today. The contributions encompass a range of disciplines, including anthropology, history,

human geography, political science, international relations, and sociology, and the volume will be vital reading for anyone interested in Turkey, the Middle East, and diasporas.

**Turkey's Relations With Israel** Ekavi Athanassopoulou, 2024-12-03 This book offers the first comprehensive history and analysis of Turkey's relations with Israel since 1948, when the state of Israel was established, up until 2010 and places them within the wider framework of Turkey's foreign policy. It highlights the remarkable lack of consistency in Turkey's foreign policy towards Israel, under different Turkish governments, which has given the relationship a pervasive sense of unpredictability. Combining empirical-analytical evidence with role theory insights, as developed in Foreign Policy Analysis (FPA), it explores Turkish foreign policy makers' perceptions regarding the proper role and function of the country in the international system and the sub-system of the Middle East and how they affected the policy towards Israel. The author argues that Ankara's ambivalent policy towards Israel for over sixty years can be explained by Turkey's multiple and often contradictory national role conceptions. The study, which draws from archival material and over fifty interviews with Turkish, Israeli, American and Arab officials and experts, places Ankara's policy into a larger analytical framework, which helps link the past to the present and future. The book is essential reading for students and scholars interested in understanding Turkey's foreign policy in general and towards the Middle East in particular.

**French Jews, Turkish Jews** Aron Rodrigue, 1990-09-22 The Alliance Israélite Universelle, a French-Jewish organization founded in 1860, occupies a crucial place in the history of Sephardi communities in the modern period. In the fifty years after its creation, the Alliance established a vast network of schools in the lands of Islam for the purpose of civilizing the local Jewish communities and remaking them in the idealized self-image of French Jewry. This study, drawing on the author's extensive research in the archives of the Alliance in Paris, focuses on the work of the Alliance among Turkish Jewry, one of the communities most strongly affected by the organizations' activities. Although the Alliance played a conclusive role in the Westernization of Turkish Jews, it was also the unwitting catalyst for the emergence of new political movements such as Zionism, which turned away from the Alliance's ideology and ultimately threatened the survival of its schools. This book illuminates an important episode in the history of Sephardi and French Jewries as they interacted through the Alliance Israélite Universelle and draws important conclusions about the transformation of European as well as Middle Eastern Jewries in the modern era.

**Turkey's Modernization** Arnold Reisman, 2006-09-01 This historical study examines the lives of European Jews who found safe haven in Turkey and helped the nation transform in the years before WWII. Out of the ashes of the Ottoman Empire, Mustafa Kemal Atatürk formed the modern Republic of Turkey. As the nation's founding father and first president, he initiated numerous progressive reforms. In 1933, he welcomed German and Austrian Jews who fled the rise of antisemitic violence in their homelands. In *Turkey's Modernization*, historian Arnold Reisman chronicles the lives of some of these

refugees as they pursued new lives in a new nation. Using archival documents, letters, memoirs, oral histories, photos, and other surviving evidence, Arnold Reisman sheds light on courage and determination of these individuals, as well as their important contributions in several fields of knowledge. With a clear-eyed analysis of Turkey's achievements and shortcomings, Reisman also speculates about its inability to fully capitalize on these emigres' legacy. "This book adds to our knowledge of an important aspect of the Holocaust, and of the behavior of Nation States in the modern world of woe and grief." —Sir Martin Gilbert, Winston Churchill's official biographer

*The Migration Conference 2022 Selected Papers*, 2022-12-15 The 10th Migration Conference, TMC 2022 was hosted by the Faculty of Law, Economic and Social Sciences Agdal of Mohammad V University, Rabat, Morocco and organised by AMERM (l'Association Marocaine d'Etudes et de Recherches sur les Migrations) and IBS (International Business School, UK). The TMC 2022 Rabat was the first time such a major conference on migration held in Africa. The Conference accommodated discussions involving ministers, politicians, practitioners, lawyers, academics, media, experts, young researchers and students, practitioners and wider public. This conference was the first in person event in the series after two years of COVID-induced virtual conferences.

**Islam, Secularism and Nationalism in Modern Turkey** Soner Cagaptay, 2006-05-02 This book examines Turkish and Balkan nationalism, arguing that the legacy of the Ottoman millet system which divided the Ottoman population into religious compartments called millets, shaped Turkey's understanding of nationalism during the interwar period.

**Turkey at the Crossroads** Dietrich Jung, Wolfango Piccoli, 2001-10 Turkey at the Crossroadsexamines the country's attempts at modernization, from the Ottomans in the 19th century to the Kemalist Republic and the current day. The book argues that in order to fully achieve the level of modernization and democratization that will enable it to become a regional power, Turkey must first confront its authoritarian legacy of Ottoman imperial and political culture. Examining current ideological and political conflicts, the authors discuss a range of obstacles posed to future opportunities--especially that of the Kemalist ruling elite and its politically influential military.

**Orienting Istanbul** Deniz Göktürk, Levent Soysal, Ipek Tureli, 2010-07-02 Looking at the globalization, urban regeneration, arts events and cultural spectacles, this book considers a city not until now included in the global city debate. Divided into five parts, each preceded by an editorial introduction, this book is an interdisciplinary study of an iconic city, a city facing conflicting social, political and cultural pressures in its search for a place in Europe and on the world stage in the twenty-first century.

**1001 Masks of Turkish Ittihadism in a Century** Jude E. Seleck, 2024-03-09 In the early 1900s, the Committee of Union and Progress (CUP) committed the Armenian Genocide as part of their pursuit of Pan-Turkist and Pan-Islamist aspirations known as ittihadism. The CUP also sought to Turkify non-Muslim property, reminiscent of the Aryanization

program in Nazi Germany that targeted Jewish assets. The ittihadist dream was shattered when the Ottoman Empire collapsed following their defeat in the Great War. Established in 1923 as an ittihadist project, the Republic of Turkey adopted ittihadism as its fundamental ideology as well. The desire to reach Central Asia and unite with other Turkic nations was initially reignited during World War II. Nonetheless, the dream was once again crushed when Nazi Germany was defeated on the Eastern Front. The collapse of the Soviet Union brought back the aspiration once more. This book provides an in-depth examination of the major events in the Ottoman Empire and the Republic of Turkey over a century, placing particular emphasis on the Armenian Genocide, the ongoing Cyprus dilemma, and the Kurdish minority issue. By unraveling the reasoning behind these events, the book provides insight into the worldview of the current Turkish government, led by President Erdoğan and his AK Party, and the transformation of ittihadism into neo-ittihadism under their leadership.

**Remembering Jews in Maghrebi and Middle Eastern Media** Brahim El Guabli, Mostafa Hussein, 2024-08-19 This volume examines the cultural legacy of Jewish emigration from the Maghreb and the Middle East in the years following 1948. Drawing on the remarkable cinematic and literary output of the last twenty years, this collection posits loss as a new conceptual framework in which to understand Jewish-Muslim relations. Previous studies of Jewish emigration have followed the mass departure of Jews, but the contributors to this book choose to remain behind and trace the contours of Jewish absence in Maghrebi and Middle Eastern societies. Attuned to loss in this way, the cultural memories of Jewish-Muslim life transcend the narratives of turmoil, taboo, and nostalgia that have dominated Muslim and prevalent scholarly perspectives on Jewish emigration. Read as a whole, the collection affords an uncommon opportunity to mourn and heal through a nuanced reckoning with the absence of Jews from communities in which they had lived for millennia. Its wide geographic reach and interdisciplinary nature will speak both to scholars and lay readers in Amazigh studies, Arabic studies, Middle Eastern studies, Jewish studies, memory studies, and a host of other disciplines. In addition to the editors, the contributors to this volume are Iskandar Ahmad Abdalla, Abdelkader Aoudjit, İlker Hepkaner, Sarah Irving, Stephanie Kraver, Lital Levy, Nadia Sabri, and Lior B. Sternfeld.
