Mile High Liz Tomforde, 2025-10-28 Order now and receive the stunning DELUXE FIRST PRINT RUN while supplies last—featuring gorgeous sprayed edges and special cover design features. This breathtaking collectible is only available as part of a LIMITED FIRST PRINT RUN in the US and Canada only, a must-have for any book lover. Zanders Chicago hockey isn't complete without me—everyone's favorite player to hate. I know my role, and I play it well. In fact, I thoroughly enjoy spending the majority of my game time in the penalty box before leaving the arena with a new girl on my arm each night. What I don't like is the new flight attendant on our team's private plane. She works for me, not the other way around. But I'll be sure to remind her of that, and I can guarantee, by the end of the season, she'll be begging to quit her job. But every road trip blurs the lines, and I can't quite figure out if I keep pushing that flight attendant call button in order to push her buttons or if it's more than that. Stevie I've been a flight attendant for years. I thought I'd see it all, but when my new job lands me onboard working for the most egotistical and self-righteous diva in the NHL, I start to second-guess everything. Including the promise I made to myself of never hooking up with an athlete again...no matter how annoyingly tempting he may be. Evan Zanders is unfiltered, unapologetic, and too attractive for his own good. He loves his image, but I hate everything about it. Everything but him.

A Mile High Rendezvous Cassidy Coal, 2015

It Doesn't Have to Be This Hard Christina Hovland, 2023-06-22 From USA Today bestselling author Christina Hovland comes a single parent, #DateMyCelebrityDad, forced proximity romance. Divorce her Beverly Hills husband: check. Set the neighborhood dumpster on fire with her nightstand buddy... check. Her hunky celebrity chef neighbor rushes to her aid? Sigh. Check mate. Emmaline Eaton is doing her best to avoid the attractive chef, but their daughters just became the bestest of friends. Ethan Greene's culinary show and career are in shambles. He already has too much on his plate trying to figure out the single parent life when his daughter launches a trending hashtag of #DateMyCelebrityDad. Now he's getting all kinds of unwanted attention, so he calls in a favor from Emmaline. If she could just pretend to be his date until the social media mayhem dies down, that would be fabulous. But when their kids play matchmaker, just how much heat can Ethan and

Emmaline handle? * Originally on preorder as Everything's Fine, Emmaline

A Mile High Christmas Cassidy Coal,2015

A Mile High Valentine Cassidy Coal,2015

Tapped by the Rockstar Christina Hovland,2023-01-01 Internet fame isn't all it's cracked up to be. As a teenager Samantha Johnson wrote a song that went viral in all the wrong ways. A pop song about her love of mozzarella sticks. She hoped for adoration but instead became a joke for an entire generation. She absolutely does not want to be in the limelight ever again. Or even near it. Since then, she's kept mostly to herself. But then she gets set up with a guy who turns out to be a rock star, and she risks the spotlight falling on her once more. Dimefront's awkward drummer, Tanner Penton, never expected to live the rock star life. Even though he's living the dream, he's still fighting his past and the hurt caused by young love. He'd like to figure out how to actually speak to women without getting tongue tied. Unfortunately, his friends covertly fix him up with a woman he can't form a coherent syllable around. He gets flustered, his face heats, and... it's a whole thing. Tanner must learn how to be authentically himself with Sam if he's going to make this last. And Sam must put the past behind her to figure out if she wants to embrace fame and the man she's falling for or walk away for good.

A Mile High Engagement Cassidy Coal,2015

Knocked Up by the Rockstar Christina Hovland,2021-12-10 Things just got serious... The only thing music publicist Courtney Lincoln dislikes more than knock-off sugary breakfast cereal is the hunky lead singer of her brother's ridiculously popular band. A band on the rocks, again. Seems like this time it'll take a miracle to save Dimefront. So when she discovers she's pregnant following one teeny, tiny, mind-blowing morning with Brennan "Bax" Baxter, the timing is not great. Being a mom wasn't part of her plan, but her plans just changed. Following the implosion of his engagement, Bax realizes he doesn't want to lose Dimefront, too. But he's finally let his guard down with Courtney in a steamy slip-up that ties them together as unlikely co-parents. The big problem? He broke the cardinal rule of music—don't knock up the bass player's little sister. Especially a little sister who sees straight through the façade he's painstakingly curated. But he's always wanted a family, and he's being offered that chance. Plus, Courtney might just be exactly who he needs to keep him grounded. Even if the band can mend fences, there's a baby on the way, and Courtney's questioning everything she once thought. Bax is suddenly a dreamy boyfriend, but she isn't convinced it's authentic given all she knows about his rocker past. As the group heads out on what they hope is a reunion tour, Bax and Courtney have to figure out what's real, what's not, and if they can learn to finally trust each other...

Married to the Rockstar Christina Hovland,2022-04-29 Nothing about this arrangement is convenient... Jeremy Dillion—a.k.a. Knox—has no intention of succumbing to wedded bliss. Gag, no. His parents divorced when he was young and the only stability in his life comes from his bandmates. But now they're finding their own forever sweethearts, and Knox is

feeling the heat of being a lone wolf in a group effort. Still, an actual relationship? No. Ick. Irina Carmichael is ready for her big break. The problem is no one takes a second look at her, since she doesn't fit into the general mold created for Hollywood starlets. Her hips are too big, her nose is too sharp, and her lips are too wide. But she's so ready to step out of the background and into the spotlight. When Knox gets trashed in the tabloids, his publicist pitches the idea of an image-saving marriage to Irina. Irina figures the publicity can't hurt and accepts—until the offers for major roles start pouring in, and she doesn't need the arrangement. Unfortunately, Knox has broken the first rule of marrying an actress for publicity: don't fall in love. But can he handle a real relationship? And is she ready to stop pretending?

On the Map Christina Hovland, 2024-08-15 From USA Today Bestselling Author, Christina Hovland, comes an accidentally married, marriage of convenience, football x popstar romance! Professional backup singer Maya Mitchell keeps accidentally getting hitched in Sin City. Now, she's back for her childhood best friend's celebration and she's vowed to dodge any new matrimonial chaos. There will be no more surprise 'I dos,' even if the margaritas flow and the chapels never close. Denver's heartthrob and most eligible bachelor, Sloan Steele, loves his single life. He loves it as much as he loves the football field. But, after one scandal too many, his management is tired of playing defense and asks him to take a time-out on the drama. One chance encounter plus one drunken night equals Maya and Sloan as the city's latest married couple—a blitz neither saw coming. Once the shock settles, they see the opportunity: a marriage is good for Sloan's reputation. Meanwhile, Maya can use the spotlight to launch her solo career. But executing this play perfectly means sticking to the game plan. No misunderstandings. No expectations. No falling in love. As their faux-mance deepens, she's scared of losing her heart and he wants to stop playing games. But do they have what it takes to go all the way?

The Honeymoon Trap Confessions Christina Hovland, 2024-03-08 From USA Today Bestselling Author, Christina Hovland, comes a fake relationship, one-bed trope romantic comedy. Lucy's national news ambitions are derailed when a dangerous fan forces her into hiding in small town Colorado. Her new role behind the scenes is supposed to keep her under the radar. It's definitely not supposed to rekindle a teenage crush on William—a disgraced reality TV star returning to salvage his family's media empire. Undercover as a consumer reporter, William's spotted something that's not quite right with Lucy. He doesn't remember her from their time on the reality TV show. But he does know that she's hiding something, and a hidden camera honeymoon exposé provides the perfect cover to investigate her secrets. Security, however, is the last thing on their minds when seduction leads to a game of Confessions that threatens to expose them both. Can a relationship that started as a sham survive when the cameras stop rolling?

The Forensic Comicologist Jamie Newbold, 2018-06-27 A childhood comic book fan turned comic book retailer, the author soon discovered the prevalence of scams in the world of comics collecting. This book is his tutorial on how to collect wisely

and reduce risks. Drawing on skills learned from twenty years with the San Diego Police Department and as a Comic-Con attendee since 1972, he covers in detail the history and culture of collecting comic books and describes the pitfalls, including common deceptions of grading and pricing, as well as theft, and mail and insurance fraud.

Books of Metatron Collection Scriptural Research Institute, 1901 The Revelation of Metatron is a medieval Jewish work, that claims to have been written in the late-2nd century AD by Rabbi Ishmael 'the High Priest.' It is known by various names, including the Sepher Hekhalot (Book of the Palaces), the 3rd Book of Enoch, and the Book of Rabbi Ishmael the High Priest, although its most common name, is the Revelation of Metatron. The earliest name for the work was likely the Sepher Hekhalot (Book of the Palaces), however, all copies have been so reworked that it cannot be known for sure. It is clear that Rabbi Ishmael did not write it, and his name, which is in almost every verse, was inserted to replace another name that the medieval publisher did not want associated with the book. Rabbi Ishmael was the author of the book called Hekhalot Rabbati (Greater Palaces) sometime between 100 and 130 AD, and his name was later used as a pseudonym by many authors of Merkabah literature between 200 and 1000 AD. Several fragments of the Ascension of Moses have survived to the present, however, most of the work is likely lost forever. The Ascension of Moses is almost certainly the precursor to the Revelation of Metatron, in which Rabbi Ishmael was taken up to the sky by Metatron, the supreme archangel. In the Ascension of Moses, it was Moses who was taken up to the sky, and Metatron played a smaller role, although, clearly the same role in the Long Aramaic Revelation of Moses, which is the closest to Revelation of Metatron. In both the Long Aramaic Revelation of Moses and the Revelation of Metatron, Metatron identifies himself as Enoch, Moses' ancestor, which connects this clearly heretical Jewish work with the older Enochian literature. In the other surviving fragments, the connection is less clear, as is the cosmography of the seven skies, and it is, therefore, possible that there were several stages of textual development before the version that was redacted into the Revelation of Metatron. In the Revelation of Metatron, the role of Moses has been replaced by Rabbi Ishmael, a rabbi who lived in Palestine in the late-1st-century and early-2nd-century AD, however, his name was attached to most of the Merkabah literature in that circulated in Babylonia during between 400 and 1000 AD, and is universally considered to have been used to replace an earlier name. Chapter 15B of the Revelation of Metatron is itself an excerpt from the Ascension of Moses, which, if nothing else, proves that the Ascension has been viewed as an earlier copy of the Revelation since at least the 1000 AD, the latest the Revelation was likely to have been edited significantly. The story of Samyaza and Azazel, which like the Yiddish Ascension of Moses is a Yiddish story found among the Chronicles of Jarahmeel, also appears to be a very ancient story bordering about as close as a Jew could get to polytheism without actually crossing that imaginary line. It is included as an appendix as it seems relevant to the question of Metatron's origin within Judaism, however, it is its treatment of Astarah that reveals its true age. The name is a variation of Asherah, who is mentioned many

times in the Hebrew Bible, generally in association with Ba'al. Her worship was banned by King Josiah in the Hebrew Book of Kings when he banned the worship of Ba'al and the armies of the sky (hosts of heaven). Archaeological evidence has proven that Jews (or possibly Essenes) continued to worship Asherah until the 6th century BC, during the early Persians era, which is missing from the Talmud's records.

Mile High Book Series Introduction

In today's digital age, the availability of Mile High Book Series books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Mile High Book Series books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Mile High Book Series books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Mile High Book Series versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Mile High

Book Series books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Mile High Book Series books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization

that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Mile High Book Series books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials

from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Mile High Book Series books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Mile High Book Series books and manuals for download and embark on your journey of knowledge?
