X-Kit Literature Series: FET Lord Of The Flies Colleen Traviss-Lea, 2005

Lord of the Flies William Golding, 2003-12-16 Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

William Golding's Lord of the Flies Harold Bloom, 2008 In this adventure story about a group of schoolboys stranded on a deserted island, William Golding explores the dark side of humanity and the savagery that surfaces when social structure is broken down, and rules, ideals, and values are lost. In this valuable literary reference guide, a new selection of critical essays on Lord of the Flies is supplemented by a chronology of the author's life, a bibliography, and notes about the essay contributors. Transiciones Todd Ruecker, 2015-02-15 *Transiciones* is a thorough ethnography of seven Latino students in transition between high school and community college or university. Data gathered over two years of interviews with the students, their high school English teachers, and their writing teachers and administrators at postsecondary institutions reveal a rich picture of the conflicted experience of these students as they attempted to balance the demands of schooling with a variety of personal responsibilities. Todd Ruecker explores the disconnect between students' writing experiences in high school and higher education and examines the integral role that writing plays in college. Considering the almost universal requirement that students take a writing class in their critical first year of college, he contends that it is essential for composition researchers and teachers to gain a fuller understanding of the role they play in supporting and hindering Latina and Latino students' transition to college. Arguing for situating writing programs in larger discussions of high school / college alignment, student engagement, and retention, *Transiciones* raises the profile of what writing programs can do, while calling composition teachers, administrators, and scholars to engage in more collaboration across the institution, across institutions, and across disciplines to make the transition from high school to college writing more successful for this important group of students.

The Quote Verifier Ralph Keyes, 2007-04-01 Our language is full of hundreds of quotations that are often cited but seldom confirmed. Ralph Keyes's *The Quote Verifier* considers not only classic misquotes such as Nice guys finish last, and Play it again, Sam, but more surprising ones such as Ain't I a woman? and Golf is a good walk spoiled, as well as the origins of popular sayings such as The opera ain't over till the fat lady sings, No one washes a rented car, and Make my day. Keyes's in-depth research routinely confounds widespread assumptions about who said what, where, and when. Organized in easy-to-access dictionary form, *The Quote Verifier* also contains special sections highlighting commonly misquoted people and genres, such as Yogi Berra and Oscar Wilde, famous last words, and misremembered movie lines. An invaluable resource for not just those with a professional need to quote accurately, but anyone at all who is interested in the roots of words and phrases, *The Quote Verifier* is not only a fascinating piece of literary sleuthing, but also a great read.

Abolitionist Leadership in Schools Robert Harvey, 2021-04-07 *Abolitionist Leadership in Schools* offers school and district leaders rich insights and approaches for recreating, restructuring, and reorienting their service to students, families, staff, and communities in crisis. Though often associated with sudden, large-scale disruptions, crises are ongoing matters—particularly among systemically-oppressed people—that underscore the planning voids, resource inequities, marginalizing policies, and strategic lapses of any teaching and learning community while perpetuating students' social-emotional, psychological, and pedagogical traumas. This expansive book guides school leaders to provide pre-emptive, premeditated, and progressive leadership while countering the impacts of racism that endure in our schools. Working from an abolitionist lineage, author Robert S. Harvey's radically humane vision explores lessons from our collective national past, provides strategic planning with creativities and contingencies, and fosters liberatory decision-making through accountability, communication, and more.
