The Digital Future of English Simone Murray, 2025-07-18 More than any other academic discipline, literary studies is the creation of print culture. How then can it thrive in the digital era? Early 1990s predictions of the book's imminent demise presented a simplistic either/or choice between the legacy of moribund print and triumphalist digital technology. Yet we have grown to experience the two media as complexly interdependent and even complementary. Clearly, digital does not kill print. But literary studies in the digital era cannot simply resume business as usual. It is urgently necessary to reconsider the discipline's founding assumptions in light of digital technology. The digital era prompts a rethinking of literary studies' object of study, as well as its methods, theories, audiences and pedagogical practices. What counts as literature necessarily shifts in an age of proliferating born-digital texts and do-it-yourself (DIY) online publication. Where should literary studies sit institutionally, and how might it graft contextually-oriented social sciences methods onto its traditionally humanistic mode of textual analysis? Why should literary study continue to marginalize emotional responses to texts when online communities bond via readerly affect? Who is the audience for literary criticism in an age where expertise is routinely challenged yet communication with global book-loving publics has never been technologically easier? Finally, how can we utilize digital tools to rejuvenate literary studies pedagogy and help English staff better connect with millennial-age students? Literary studies has been convulsed for decades by debates over electronic literature and, more recently, digitally-aided 'distant reading'. But these discussions still mostly confine themselves to demarcating our proper object of study. We need to think more expansively about digital technology's impact on the underpinning tenets of the discipline. Literary Media Studies is pitched at fellow literary scholars, book historians, media theorists, cultural sociologists, digital humanists and those working at the interface of these converging disciplines. It models constructive engagement with contemporary digital culture. Most importantly, it brings a burst of sorely needed optimism to the question of literary studies' digital future.

A fantasy like you've never read before. —#1 New York Times bestselling author Jennifer L. Armentrout Enter the brutal and elite world of a war college for dragon riders from #1 New York Times bestselling author Rebecca Yarros Twenty-year-old Violet Sorrengail was supposed to enter the Scribe Quadrant, living a quiet life among books and history. Now, the commanding general—also known as her tough-as-talons mother—has ordered Violet to join the hundreds of candidates striving to become the elite of Navarre: dragon riders. But when you're smaller than everyone else and your body is brittle, death is only a heartbeat away...because dragons don't bond to "fragile" humans. They incinerate them. With fewer dragons willing to bond than cadets, most would kill Violet to better their own chances of success. The rest would kill her just for being her mother's daughter—like Xaden Riorson, the most powerful and ruthless wingleader in the Riders Quadrant. She'll need every edge her wits can give her just to see the next sunrise. Yet, with every day that passes, the war outside grows more deadly, the kingdom's protective wards are failing, and the death toll continues to rise. Even worse, Violet begins to suspect leadership is hiding a terrible secret. Friends, enemies, lovers. Everyone at Basgiath War College has an agenda—because once you enter, there are only two ways out: graduate or die. The *Empyrean* series is best enjoyed in order. But Threshing was only the first impossible test meant to weed out the weak-willed, the unworthy, and the unlucky. Now the real training begins, and Violet's already wondering how she'll get through. It's the new vice commandant, who's made it his personal mission to teach Violet exactly how powerless she is—unless she betrays the man she loves. Although Violet's body might be weaker and frailer than everyone else's, she still has her wits—and a will of iron. *Hallowed Ground* Rebecca Yarros,2016-01-25 There are some debts you can't repay... Josh Walker is loyal, reckless, and every girl's dream. But he only has eyes for December Howard, the girl he has yearned for since his high school hockey days. Together they have survived grief, the military, distance, and time as they've fought for stolen weekends between his post at Ft. Rucker and her schooling at Vanderbilt. Now that Josh is a medevac pilot and Ember is headed toward graduation, they're moving on—and in—together. Ember never wanted the Army life, but loving Josh means accepting whatever the army dictates—even when that means saying goodbye as Josh heads to Afghanistan, a country that nearly killed him once before and that took her father. But filling their last days together with love, passion, and plans for their future doesn't temper Ember's fear, and if there's one thing she's learned from her father's death, it's that there are some obstacles even love can't conquer. Flight school is over. This is war. The Flight & Glory series is best enjoyed in order. The Reality of Everything Rebecca Yarros,2020-08-24 Two years after the man she loved was killed in Afghanistan, Morgan Bartley is trying to put the pieces of her life back together. Renovating her dilapidated beach house in the Outer Banks might be just the distraction she needs to manage her debilitating anxiety attacks and begin to heal. That is, if she can ignore the ridiculously handsome guy next door... Jackson Montgomery's life revolves around his five-year-old daughter and his job as a Coast Guard Search and Rescue pilot. But while his gorgeous new neighbor is clearly in distress, he's pretty sure she's no damsel. Morgan is stubborn with more defenses than the Hope Diamond, and the dog tags hanging from her rearview mirror give him a pretty good clue as to why. Morgan swore she'd never fall for another pilot, let alone a military man—and Jackson is heartbreak waiting to happen. But love never plays by the rules...especially when you try to play it safe. The trip will test every bit of her wit, luck, and strength, but she will do anything to save what she loves—her dragons, her family, her home, and him. Then Josh Walker enters her life. Hockey star, her new next-door neighbor, and not to mention the most delicious hands that insist on saving her over and over again. He has a way of erasing the pain with a single look, a single touch. As much as she wants to turn off her feelings and endure the heartache on her own, she can't deny their intense attraction.
