The Theatre of Antonio Buero Vallejo Catherine O'Leary,2005 This monograph examines the complex relationship between Antonio Buero Vallejo [1916 - 2000] and the ideologies of Francoist and post-Franco Spain. This monograph examines the complex relationship between Antonio Buero Vallejo [1916 - 2000] and the ideologies of Francoist and post-Franco Spain. The central focus of the study is Buero's political theatre and his employment of myth and history to challenge the notion of an España eterna. It also considers Buero's creation of his own myths and his revision of history in order to rationalize and justify his own stance. In his determination to write and stage committed drama in a repressive society, Buero's choice, with its inherent contradictions and ambiguities, was posibilismo. This book looks at this pragmatic employment of language and silence, both in his art and in his dealings with the censors and with other representatives of the hegemony and analyses how posibilismo both aided and limited him. The monograph also considers Buero's neglected post-Franco theatre, examining the reasons for its initial negative reception and its renewed importance in today's Spain. In these days of digging up the past, Buero's post-Franco insistence on rejecting the pacto de olvido is perhaps more relevant than ever before. CATHERINE O'LEARY lectures in Spanish at the National University of Ireland, Maynooth

A New History of Spanish Literature Richard E. Chandler,Kessel Schwartz,1991-09-01 First published in 1961, A New History of Spanish Literature has been a much-used resource for generations of students. The book has now been completely revised and updated to include extensive discussion of Spanish literature of the past thirty years. Richard E. Chandler and Kessel Schwartz, both longtime students of the literature, write authoritatively about every Spanish literary work of consequence. From the earliest extant writings though the literature of the 1980s, they draw on the latest scholarship. Unlike most literary histories, this one treats each genre fully in its own section, thus making it easy for the reader to follow the development of poetry, the drama, the novel, other prose fiction, and nonfiction prose. Students of the first edition have found this method particularly useful. However, this approach does not preclude study of the literature by period. A full index easily enables the reader to find all references to any individual author or book. Another noteworthy feature of the book, and one omitted from many books of this kind, is the comprehensive attention the authors accord nonfiction prose, including, for example, essays, philosophy, literary criticism, politics, and historiography. Encyclopedic in scope yet concise and eminently readable, the revised edition of A New History of Spanish Literature bids fair to be the standard reference well into the next century.

Análisis de "Historia de una escalera" de Antonio Buero Vallejo María Geraldina Alves do Amaral,1971

Esperar sin esperanza Antonio Iniesta Galvañ,2002 El último sentido de lo trágico es la esperanza, aunque la obra describa desesperaciones. Somos, querámoslo o no, animales esperanzados, dice Buero Vallejo. Uno es siempre el propósito de su teatro: que el hombre abrumado por su carga de libertad y de pecado aprenda a superar el dolor sin negar su sordidez.Este mandato de Esperanza preside, en efecto, toda la trayectoria personal de Antonio Buero. ¿Mantiene idéntico compromiso en el ámbito concreto de cada una de sus obras dramáticas? Este ensayo persigue constatar sí, efectivamente, está declaración de intenciones invade, sin reservas, su dramaturgia de manera que sea posible seguir manteniendo en escena el mismo mensaje esperanzado que Buero reclama fuera de ella.
