Scott C. Dulebohn

Death of a Friend J.C. Bartholomew, 2009-05-22 This story is dedicated to all those who have lost a good friend and know the profound sadness of such a loss. It is for all those who yearn for the return of a lost friend and live with the hope that, as one poet put it, even the lost find their way home when we keep the light on.

DEATH: Friend or Enemy? Ann Merivale, 2025-01-28 Death, as the saying goes, is the great leveller, and though many fear it, while others view it as a blessed release, its inescapability affects us all in some way. The author of this unusual book makes use both of her spiritual reading and of the knowledge she gained from 20-plus years' experience of taking her Deep Memory Process clients back to deaths in their previous lives, thus giving a broad spectrum of possible post-death scenarios. These she illustrates with a combination of famous and fictional characters, drawn both from accounts that came from the 'other side' through her figurative pen and from factual research. Part of the book's aim is to dispel all fears of death itself and to demonstrate that the notion of eternal damnation is mistaken. At the same time, it shows the reader that whether a lifetime lasts 10 years (as did Annie Darwin's) or 97 (like Bertrand Russell's), it has a clear purpose and value. The stories' precise truth is, however, immaterial, as you will find them enjoyable, educational, and reassuring.

Healing After a Loved One's Demise and Overcoming Grief Through Daily Meditations J.D.

Rockefeller, 2015-12-03 There is nothing more painful than losing someone you dearly love. Loss is a fact of life and no one can ever take control of this, but no one can also deny that it makes the lives of people left behind sad and miserable. It's hard to cling on to happy memories with a loved one when they are still alive, so it would just be a natural reaction to mourn for their physical absence. Knowing that your loved one already left you behind can be unbearable, but you have to remember that though his or her life ended, your life needs to continue. The negative emotions are given after someone's demise but it is not right to embrace sadness for the rest of your life. Healing after a loss is highly possible. It just takes positive attitude and determination to overcome the pain and grief so that everyone will continue to live and be happy. If you do not know when and where to start healing your heart and its wounds, read on as this book was written to guide you as you walk through and finally overcome the dark phase of your life. Here, you will discover ways on how to overcome your grief through daily meditations and many other helpful ways.

Queer Friendship George E. Haggerty, 2018-03-29 Friendship in the classical world was celebrated as among the highest human achievements: nothing was more likely to lead to the divine than looking for it in the eyes of a friend. In exploring the complexities of male-male relations beyond the simple labels of sexuality, *Queer Friendship* shows how love between men has a rich and varied history in English literature. The friend could offer a reflection of one's own worth and a celebration of a kind of mutuality that was not connected to family or home. These same-sex friendships are memorable because they give shape to the novels of which they are a part, and question the assumption that the love between friends is different from the love between lovers. *Queer Friendship* explores English literary friendship in three ways: the elegiac, the erotic, and the platonic, by considering a myriad of works, including Sterne's *Tristram Shandy*, Tennyson's 'In Memoriam A. H. H.', and Dickens' *Great Expectations*.

Handbook of Traumatic Loss Neil Thompson, Gerry R. Cox, Robert G. Stevenson, 2017-01-06 The *Handbook of Traumatic Loss* adopts a broad, holistic approach that recognizes traumatic loss much more fully as a multidimensional human phenomenon, not simply a medical condition. Initial chapters build a foundation for understanding traumatic loss and explore the many ways we respond to trauma. Later chapters counterbalance the individualistic focus of dominant approaches to traumatic loss by highlighting a number of thought-provoking social dimensions of traumatic loss. Each chapter emphasizes different aspects of traumatic loss and argues for ways in which clinicians can help deal with its many and varied impacts.

In the Light of Christ Lucy Beckett, 2010-10-21 The good, the true and the beautiful—it is for these that our souls long. Though they reside in unity and perfection in God alone, the written word is one place we can discover glimmers of divine light. The writings of great souls can turn our gaze toward God as he is revealed in Jesus Christ. Even authors who do not know Christ or who reject Christ can still point to him, for anyone who seeks the truth finds it; and any one who turns his back on the truth turns away from a someone whose presence can often be more keenly felt in his absence. In this volume, Lucy Beckett illuminates some of the finest writings in the Western tradition and trains our eye to discover in them the Christian vision of God. She masterfully guides us through Sophocles, Plato, Augustine, Dante, Shakespeare, Dostoyevsky and many others, deftly demonstrating each author's worth as a bearer of truth.

Practical Friendship Christian Langkamp, 2021-09-24 *Practical Friendship* brings insights together from ancient and contemporary philosophy, theology, psychology and sociology to identify what good friendship means and how we can live it. Based on the analysis it proposes we adopt a role based view of friendship, that also can be used to analyse loneliness. Based

on research and anecdotal evidence the book compiles a range of recommendations on how to maintain our friendships in good repair and how to foster friendship in old age. The book addresses an audience of professionals working to fight loneliness in our society as well as lay people wanting to reflect on how to improve the friendships in their lives. Additional sections are addressed at researchers in sociology and psychology who want to expand their understanding of friendship in order to tune their research to generate insight for loneliness-support.

New Perspectives in Bereavement and Loss: Complicated and Disenfranchised Grief Along the Life Cycle Manuel Fernández-Alcántara, Francisco Cruz-Quintana, María Nieves Pérez-Marfil, Cyrille Kossigan Kokou-Kpolou, 2021-07-27

Human Personality and Its Survival of Bodily Death F. W. H. Myers, 2019-11-21 In *Human Personality and Its Survival of Bodily Death*, F. W. H. Myers embarks on a profound exploration of the intersection between psychology, spirituality, and the concept of the afterlife. Through a meticulous examination of case studies and psychical research, Myers employs an analytical yet accessible literary style that reflects the Victorian era's burgeoning interest in metaphysical inquiries. This seminal work critiques materialist paradigms and posits provocative theories regarding the persistence of human personality beyond physical demise, challenging readers to contemplate the nature of consciousness itself. F. W. H. Myers, a prominent member of the Society for Psychical Research, drew upon his extensive background in psychology and literature to address the enduring mysteries of existence. His own experiences with grief and loss, compounded by the loss of close friends, fueled his quest for understanding human consciousness beyond corporeal limits. Myers's scholarly reputation, combined with his deep introspective inquiry, positions him as a pivotal figure in early psychical research that sought to bridge the gap between science and spiritualism. This book is an essential read for those intrigued by the complexities of consciousness and the philosophical implications of life after death. Myers's meticulous scholarship and thought-provoking arguments will not only captivate the intellectually curious but will also resonate with anyone pondering the mysteries of existence. Readers are invited to engage deeply with both the empirical research and the existential questions that shape our understanding of what it means to be human.

Modern Loss Rebecca Soffer, Gabrielle Birkner, 2018-01-23 Inspired by the website that the New York Times hailed as redefining mourning, this book is a fresh and irreverent examination into navigating grief and resilience in the age of social media, offering comfort and community for coping with the mess of loss through candid original essays from a variety of voices, accompanied by gorgeous two-color illustrations and wry infographics. At a time when we mourn public figures and national tragedies with hashtags, where intimate posts about loss go viral and we receive automated birthday reminders for dead friends, it's clear we are navigating new terrain without a road map. Let's face it: most of us have always had a difficult time talking about death and sharing our grief. We're awkward and uncertain; we avoid, ignore, or even deny feelings of

sadness; we offer platitudes; we send sympathy bouquets whittled out of fruit. Enter Rebecca Soffer and Gabrielle Birkner, who can help us do better. Each having lost parents as young adults, they co-founded Modern Loss, responding to a need to change the dialogue around the messy experience of grief. Now, in this wise and often funny book, they offer the insights of the Modern Loss community to help us cry, laugh, grieve, identify, and—above all—empathize. Soffer and Birkner, along with forty guest contributors including Lucy Kalanithi, singer Amanda Palmer, and CNN’s Brian Stelter, reveal their own stories on a wide range of topics including triggers, sex, secrets, and inheritance. Accompanied by beautiful hand-drawn illustrations and witty how to cartoons, each contribution provides a unique perspective on loss as well as a remarkable life-affirming message. Brutally honest and inspiring, Modern Loss invites us to talk intimately and humorously about grief, helping us confront the humanity (and mortality) we all share. Beginners welcome.

A Year's Worth of Inspiration ,

Martin Luther as Comforter: Writings on Death Neil Leroux, 2007-06-30 What was Martin Luther’s teaching regarding death, and to what extent did his own fears of and experiences with death manifest themselves in his writings? What influence did the medieval preoccupation with a ‘good death’ have upon him? How did Luther counsel those facing death—to meet it with acceptance, or resistance, or both? Using meticulous rhetorical analysis of select sermons, pamphlets, and letters of consolation, this book examines how Luther offered comfort to those who were facing their own death or who were coming to terms with the death of loved ones. Thus the book makes an important contribution to existing scholarship on Luther and the formation of an early modern Protestant ethos surrounding death, bereavement, and burial.

The politics of male friendship in contemporary American fiction Michael Kalisch, 2021-07-20 How might our friendships shape our politics? This book examines how contemporary American fiction has rediscovered the concept of civic friendship and revived a long tradition of imagining male friendship as interlinked with the promises and paradoxes of democracy in the United States. Bringing into dialogue the work of a wide range of authors – including Philip Roth, Paul Auster, Michael Chabon, Jonathan Lethem, Dinaw Mengestu, and Teju Cole – this innovative study advances a compelling new account of the political and intellectual fabric of the American novel today.

Reading Roman Friendship Craig A. Williams, 2012-10-18 This book invites us to approach friendship not as something that simply is, but as something performed in and through language. Roman friendship is read across a wide spectrum of Latin texts, from Catullus' poetry to Petronius' Satyricon to the philosophical writings of Cicero and Seneca, from letters exchanged by the Emperor Marcus Aurelius and his beloved teacher Fronto, to those written by men and women at an outpost in northern Britain. One of the most innovative features of this study is the equal attention it pays to Latin literature and to inscriptions carved in stone across the Roman Empire. What emerges is a richly varied and perhaps surprising picture. Hundreds of epitaphs, commissioned by men and women, citizens and slaves, record the commemoration of friends, which is of equal importance to understanding Roman friendship as Cicero's influential essay *De amicitia*.
