

# Legion Salvador Sanz

Clara Nieto

**Legion** Salvador Sanz,2007

*Mega* Salvador Sanz,2022-03-22 An exciting tale of giant monster mayhem with breathtaking art. A gigantic creature has been awoken from its eternal sleep in Antarctica. The destructive monster, only known as The Salamander, has started a journey of chaos and destruction. The only thing that could stop this menace is another sleeping giant; a creature from under the ocean known as Mega.

**The Skeleton** Salvador Sanz,2021-07-26 For fans of dystopian action adventure, a small group of survivors make their way across a changed planet. The carnivore plague has engulfed the earth, any who eat meat are consumed by it, transforming into mindless savages who only want to eat more and more. Only the mysterious Skeleton and his gang of vicious vegetarians have survived and have a chance to find a cure... if they don't become dinner first.

Franco and the Condor Legion Michael Alpert,2019-06-27 The Spanish Civil War was fought on land and at sea but also in an age of great interest in air warfare and the rapid development of warplanes. The war in Spain came a turning point in the development of military aircraft and was the arena in which new techniques of air war were rehearsed including high-speed dogfights, attacks on ships, bombing of civilian areas and tactical air-ground cooperation. At the heart of the air war were the Condor Legion, a unit composed of military personnel from Hitler's Germany who fought for Franco's Nationalists in Spain. In this book, Michael Alpert provides the first study in English of the Spanish Civil War in the air. He describes and analyses the intervention of German, Italian and Soviet aircraft in the Spanish conflict, as well as the supply of aircraft in general and the role of volunteer and mercenary airmen. His book provides new perspectives on the air war in Spain, the precedents set for World War II and the possible lessons learnt.

**Angela Della Morte** Salvador Sanz,2022-06-07 A science fiction adventure with a strong female protagonist searching for revenge against her tormentor. The story of Angela Della Morte continues! Angela has been captured by the Flud family who want the secret of her abilities, but Angela has a secret of her own and the world is not ready for it.

**Raise Up the Dead - A Zombie Comics Anthology** , Raise Up the Dead - A Zombie Comics Anthology (2025) In the world of the living dead you have two options... become food or become a zombie! A group of talented comic authors come together in this volume to tell the scariest stories of the impending Apocalypse. We hope it will be useful as a guide for what

is to come... Content Warnings This book contains some violent art content with themes considered to be for an adult audience. Discretion is strictly advised.

**Angela Della Morte** Salvador Sanz,2021-07-19 A unique, visually stunning sci-fi action adventure as a woman discovers how she has been experimented on and takes control of her life again. Angela Della Morte works for Dr. Sibelius, the most brilliant mind of the century. Using a new technology, Sibelius Labs are capable of separate soul from body. Using this tech Angela's soul can get into other dead host and take control of their bodies in undercover missions. But as the souls travels the void to get into their new receptacles, they must elude a tenebrous lifeform. This creature feeds with the substance of which the soul is made. It is the most dangerous predator in this new ecosystem, and its name is: Death.

Animation Magazine ,2006

Living Anarchism Chris Ealham,2015-12-14 Magnificent.—Paul Preston, author of The Spanish Holocaust Brick maker by trade, revolutionary anarchist and historian by default; this is a study of the life of José Peirats (1908–1989) and the labor union that gave him life, the CNT. It is the biography of an individual but also of a collective agent—the working class Peirats was born into—and the affective ties of kinship, friendship, and community that cemented into a movement, the most powerful of its type in the world. Chris Ealham is the author of Anarchism and the City: Revolution and Counter-revolution in Barcelona, 1898–1937.

Masters of War Clara Nieto,2011-01-04 In Masters of War, Clara Nieto adeptly presents the parallel histories of the countries of Latin America, histories that are intertwined, each reflecting the United States' coherent policy of intervention set into motion by the Monroe Doctrine. As the value of this continued policy comes increasingly into question, Nieto argues for the need to evaluate the alarming precedent set in Latin America: the institution of client dictatorships, the roles played by the interests of U.S. corporations, the enormous tolls taken on civilian populations, and the irreversible disruption of regional stability. Drawing from an impressive array of documents and sources as well as from her unique first-hand insights as a participant in crucial meetings and negotiations in the region from the mid-1960s through the mid-1980s, Nieto chronicles the Cuban Revolution, the CIA-sponsored coup against popularly elected President Allende in Chile, the U.S. invasions of Panama and Grenada, U.S. support for the cultivation and training of paramilitary death squads in Nicaragua, El Salvador, and Colombia, as well as similarly severe but less well-known situations in other countries such as Uruguay, Venezuela, Argentina, Peru, Bolivia, Honduras, and Guatemala. Masters of War offers, from an informed perspective, perhaps for the first time, a distanced, objective analysis of recent Latin American history. Clara Nieto's depth of knowledge and understanding is an invaluable resource at a time when the media is seen as unapologetically aligned with the interests of major corporations and policymakers, and the American public has reached a new height of apprehension regarding the intentions behind and consequences of its government's policies.

*Republic Besieged* Paul Preston, 2019-08-07 This book is a compilation of several articles about the Spanish Civil War by different authors each one dealing with a matter.

**Spanish Marxism versus Soviet Communism** Victor Alba, 2017-09-04 Spanish Marxism Versus Soviet Communism is the first historical study of the P.O.U.M. to appear in English. Drawing from his multi-volume work on the subject, which was published in Spanish and Catalan, Victor Alba has collaborated with Stephen Schwartz to produce a condensed and amplified study that is far more than a translation. Outside Spain, the political movement known as the Workers Party of Marxist Unification (Partido Obrero de Unificación Marxista or P.O.U.M.) is chiefly known as the revolutionary group with which George Orwell fought during the Spanish Civil War of the 1930s. The events in which the P.O.U.M. found itself at the center of conflict between Iberian revolutionaries and Soviet interests remain a controversial topic for historians and other writers. This book presents a detailed picture of the organization and its main antecedent, the Workers' and Peasants' Bloc, in the context of a stimulating working class political culture. Those interested in Catalan history as well as historians of Western European Marxism and the Spanish Civil War will find this book useful. It will also be of interest to those concerned with Orwell and his experience in Spain. A fitting tribute to the P.O.U.M.'s great struggle against Stalinism, Spanish Marxism Versus Soviet Communism will surely stand out among the array of books that have been published on the Spanish Civil War period as a definitive study.

Living the Death of Democracy in Spain Susana Belenguer, Ciaran Cosgrove, James Whiston, 2017-10-02 This volume brings together new interdisciplinary perspectives on the Spanish Civil War, its victims, its contentious ending, and its aftermath. In exploring the slow demise of the Spanish Republic and the course of the Civil War, the authors have chosen to range in turn over cinematic, literary and historical depictions of the era. In addition, reactions elsewhere in Europe to the Spanish conflict are examined; the role of the International Brigades is looked at afresh; the fate of children displaced during the Civil War is explored; and the Spanish anarcho-syndicalist movement is revisited. The volume shows that to be any kind of soldier in the armies of the Republic, or even to be seen as a Republican sympathiser, was to become a non-person in the new order in Spain under Franco, and sets what supporters of the Republic had to endure within the wider European and international context of the period. This book offers timely fresh insights into the failure of the Spanish Republic and into a society that tried in vain to unite its divided people during what was a seismic era in Spain's history. This book was originally published as a special issue of Bulletin of Spanish Studies.

Airmen Without Portfolio John Carver Edwards, 1997 Published to coincide with the 60th anniversary of the Spanish Civil War, this work chronicles the lives and military careers of 12 American mercenary pilots who flew for the Spanish Republican government against the combined air forces of Nationalist Spain, Italy, and Germany. Drawing upon the memoirs of these aviators and appropriate secondary scholarship, the author examines each U.S. flyer's political and personal motivation for

opposing Fascism as the world prepared for World War II. His findings are as surprising as they are varied. This book also offers an insightful glimpse into the day-to-day lives of these airmen at the squadron level during their eight month tour in Spain. It describes their interaction with their Spanish and Russian comrades, the types of aircraft they flew, the skill and resourcefulness of the enemy pilots they dogfought, the international repercussions of their presence abroad, and the hostile treatment they would incur from their own government. The preface affords a brief discussion of the role of U.S. aerial mercenaries from the early 20th century to the Spanish Civil War. Aside from its primary purpose as a study of the motivation and commitment of the U.S. aviators in the Spanish Civil War, the work chronicles the events leading to the outbreak of hostilities in Spain and the arrival of the foreign volunteers; the combat roles of Frank Tinker and his American comrades from January-July, 1937; Tinker's return to the United States in August, 1937 and a concise discussion of the remainder of the conflict; Tinker's suicide in Little Rock, Arkansas in June, 1939; and a final review of the postwar careers of his squadronmates.

*Comrades!* Paul Preston, 1999 A brilliant new portrait of the Spanish Civil War from our greatest historian of Spain. A bravura new interpretation of the course, causes and characters of the Spanish Civil War, still the twentieth century's bloodiest internal conflict Analysis of the Civil War has always focused on victors and vanquished, but what of those who eschewed the struggle, those who stood apart from the carnage and chaos? Was there a Third Way? Starting at the extreme right of the political spectrum and moving across it to the extreme left, using the emblematic lives of ten key individuals, Preston builds up an astonishingly vivid picture of how the War came to pass, and how those who started, suffered and stopped it were coloured by the experience Here are brilliant psychological profiles of the communist firebrand La Pasionaria, of the canny falangist Primo de Rivera, of the aloof intellectual non-participant Salvador Madariaga, and of the enigma himself, Generalissimo Franco Preston finds his finest prose style yet in this scintillating book

*The Romantic Movement* Aubrey Christian Elkins, Lorne J. Forstner, 1965

**AIRCRAFT SPANISH CIVIL WAR** Gerald Howson, 1990-11-17 Since most of the 3,500 aircraft used in the Spanish Civil War were smuggled into the country, only recently have archives opened, lost records surfaced, and people found it safe to tell their stories. Over 280 types of aircraft used by the opposing forces are described, and their part in the war detailed. Most are illustrated with photographs. Aircraft built in most of the industrial countries took part, many of them prototypes, one-of-a-kind, and racing and record-setting planes. No bibliography.
