

Robert Frank The Americans

Robert Frank

The Americans Robert Frank, 2000 Previously published in 1959, Frank's most famous and influential photography book contained a series of deceptively simple photos that he took on a trip through America in 1955 and 1956. These pictures of everyday people still speak to us today, 40 years and several generations later.

Robert Frank's The Americans , 2009

Looking in Sarah Greenough, Robert Frank, Stuart Alexander, 2009-01-01 Edited and text by Sarah Greenough. Additional text by Anne Tucker, Stuart Alexander, Martin Gasser, Jeff Rosenheim, Michel Frizot, Luc Sante, Philip Brookman.

The Americans , 2008 Originally published in 1958, *The Americans* was part of a series of books that presented foreign countries through words and pictures. Frank personally supervised this latest edition that features a new cover as well as digitally enhanced images.

Looking In: Robert Frank's 'The Americans' ,

Robert Frank: The Americans , 2024-09-10 A celebrated return of Robert Frank's seminal photobook, *The Americans*, to Aperture's catalog--one of the most important bodies of photographic work ever made In the nearly seven decades since its publication in France in 1958, and in the United States in 1959, Robert Frank's *The Americans* has become one of the most influential and enduring works of American photography. Through eighty-three photographs taken across the country, Frank unveiled an America that had gone previously unacknowledged--confronting its people with an underbelly of racial inequality, corruption and injustice, and the stark reality of the American Dream. Frank's point of view--at once startling and tenacious--is imbued with humanity and lyricism, painting a poignant and incomparable portrait of the nation at a turning point in history. This edition of *The Americans* is a celebrated return of an iconic title to Aperture's catalog, more than a half-century after the Aperture and Museum of Modern Art edition was published in 1968. Presented on the centennial of Frank's birth and a major exhibition at the Museum of Modern Art, it has been produced following the finest tritone printing from the 2008 edition for which Frank was personally involved in every step of the design and production. Frank's exacting vision, distinct style, and poetic insight changed the course of twentieth-century photography, and influenced subsequent generations of photographers, including Lee Friedlander, Nan Goldin, Danny Lyon, Joel Meyerowitz, Ed Ruscha, and Garry Winogrand. Now extolled as one of the most groundbreaking photobooks of all time, *The Americans* remains as powerful and provocative as it

was upon publication and continues to resonate with audiences today.

Postcards from the Road Jonathan Day, 2014-05-01 Walker Evans said in his 1958 introduction to Robert Frank's *The Americans*, 'For the thousandth time, it must be said that pictures speak for themselves, wordlessly, visually, or they fail.' The images revolutionized post-war American photography. With their candid images of men and women from all classes and walks of life, the photographs presented a very different story than that portrayed by the wholesome caricature of midcentury prosperity pervading American photography at the time. Although initially dismissed by his peers for his pioneering work, Frank was ultimately credited with changing the course of the art form, and his photography holds a secure status in the history of twentieth-century art. And he did all this without words. It seems appropriate then - and not a little overdue - that Jonathan Day has created a book that expounds, explores and examines Frank's work pictorially. Taking Frank's iconic images as his point of reference, Day shot new photographs that commented on the road and contemporary America. Here, these images are paired with critical commentary that details the aspects of the work that are visually expounded and explained in Day's complementary images. A visual entryway to the photographs and themes of this iconic book in the history of photography, *Postcards from the Road* represents an innovative, carefully considered departure from standard photographic textbooks.

Robert Frank, *the Americans* R. Frank, 1985

Postcards from the Road, 2014

Robert Frank David Company, 2024

Robert Frank's *The Americans* Jonathan Day, 2011 In the mid-50s, Robert Frank embarked on a ten-thousand-mile road trip across post-war America, capturing thousands of photographs that resulted in *The Americans*, which represents a seminal moment in both photography and in America's emerging understanding of itself. Jonathan Day revisits this work and contributes a thoughtful critical commentary.

Robert Frank's *The Americans* Yuval Taylor, 1988

Robert Frank Robert Frank, 1979

Robert Frank Robert Frank, 1979

Robert Frank in America Peter Galassi, Robert Frank, 2014 This book, based on the Frank collection at the Cantor Arts Center at Stanford University, focuses on his American work. Its sequence of 131 plates integrates twenty-two photographs from *The Americans* with more than 100 images to chart the major themes and pictorial strategies of his work in the United States in the 1950s. The text reconsiders Frank's first photographic career and examines how he used the range of photography's 35mm vocabulary to reclaim the medium's artistic tradition from the hegemony of the magazines.

The Criticism of Robert Frank's "*The Americans*" Alexander Stuart Robert, 1995

The Americans Robert Frank,1959

Robert Frank and the Americans James W. Hansen,1982

Peru Robert Frank,2008 Writing from New York in March 1949, Robert Frank sent home to his mother in Switzerland a birthday gift of a book maquette of a series of photographs he had made during a visit to Peru. Frank made an identical book for himself and one of each of these two dummies now resides in the collections of the Museum of Modern Art, New York, and National Gallery of Art, Washington. A few of these images are well-known in Frank s oeuvre but previously the entire series had only ever been seen by a small number of people. This book presents for the first time the complete sequence of images, based on the original book Frank had conceived and realised under his direction. Peru is a work of major historical significance in both the artist s history and the history of photography.--BOOK JACKET.

American Witness RJ Smith,2017-11-07 From the author of the acclaimed James Brown biography *The One* comes the first in-depth biography of renowned photographer and filmmaker Robert Frank, best known for his landmark book *The Americans*. As well-known as Robert Frank the photographer is, few can say they really know Robert Frank the man. Born and raised in wartime Switzerland, Frank discovered the power and allure of photography at an early age and quickly learned that the art meant significantly more to him than the money, success, or fame. The art was all, and he intended to spend a lifetime pursuing it. *American Witness* is the first comprehensive look at the life of a man who's as mysterious and evasive as he is prolific and gifted. Leaving his rigid Switzerland for the more fluid United States in 1947, Frank found himself at the red-hot social center of bohemian New York in the '50s and '60s, becoming friends with everyone from Jack Kerouac, Allen Ginsberg, and Peter Orlovsky to photographer Walker Evans, actor Zero Mostel, painter Willem de Kooning, filmmaker Jonas Mekas, Bob Dylan, writer Rudy Wurlitzer, jazz musicians Ornette Coleman and Charles Mingus, and more. Frank roamed the country with his young family, taking roughly 27,000 photographs and collecting 83 of them into what is still his most famous work: *The Americans*. His was an America nobody had seen before, and if it was harshly criticized upon publication for its portrait of a divided country, the collection gradually grew to be recognized as a transformative American vision. And then he turned his back on certain success, giving up photography to reinvent himself as a film and video maker. Frank helped found the American independent cinema of the 1960s and made a legendary film with the Rolling Stones. Today, the nonagenarian is an embodiment of restless creativity and a symbol of what it costs to remain original in America, his life defined by never repeating himself, never being satisfied. *American Witness* is a portrait of a singular artist and the country that he saw.

Robert Frank The Americans Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the energy of words has become more evident than ever. They have the capability to inspire, provoke, and ignite change. Such may be the essence of the book **Robert Frank The Americans** , a literary masterpiece that delves deep to the significance of words and their impact on our lives.
