**Command the Month @ the Midnight Gate** Anthony O. Akerele,2014-01-03 Every month is peculiar and unique. So is the gate of every month, a midnight gate by western calendar system. The name of the month, numerical position and ordinal character in the calendar system are very important in advanced spiritual warfare. My times are in your hands O Lord! Employ these qualities and characteristics to speak by apostolic decrees to every month and the month shall yield you your portion. Every month of the western world calendar has spiritual characteristics pointing to a definitely idolatrous background and origin. This is not without consequence when it comes to the battle for the control of time. Some spiritual powers are struggling to be in control of your time. They pretend they have the time dedicated to themselves and can only release it for the use of man in exchange for worship. Command the Month@The Midnight Gate gives you the spiritual tools to take back the control and administration of time that the adversary has arrogated to himself. Shall we war!!!

**Living Paganism** Shanddaramon,2005-10-12 In this book, you will learn how to develop Pagan spiritual goals that are balanced and meaningful. Every day we experience the cycles of Earth, the moon, the sun, and the changes in life. By connecting your practice to these sacred cycles you will learn to create a meaningful and magical life.

**introduction to the astrophysics** Geist Dr. Dr. Dr. Brückner,2025-02-24 No astrophysics existed until the beginning twenty-first century. The research of the astrophysics is the opening of truth in the science. It is the opening of science. For a justification of science it needs epistemological methods of research and proof first. Then the foci of the science are explained. These are the astrophysics of the outer space system, evolutions in the astrophysics, chemistry in the astrophysics, race psychology in the astrophysics, astrophysics of procreation, psychoanalysis in the astrophysics, tone science in the astrophysics, linguistics in the astrophysics, history science in the astrophysics, economy in the astrophysics and the direction science in the astrophysics. They mean a rebirth of the science. They defeat the untrue belief in a never existed science. The goal of this book shall be the opening of science. second edition

**Invoking Lakshmi** Constantina Rhodes,2010-09-29 Beautiful, beloved Lakshmi is the Hindu goddess of wealth, happiness, and abundant good fortune. This fascinating book is the first comprehensive guide to this celebrated goddess, her worship, and the deeper spiritual domain of prosperity she reveals. Constantina Rhodes presents over five hundred elegantly translated Sanskrit verses, including devotional songs, mantras, visualizations, and ceremonial instructions that devotees use to invoke Lakshmi. Rhodes uses these texts to develop a richly detailed portrait of Lakshmi, revealing unexpected dimensions of this enigmatic deity. Even as Lakshmi is best known as a goddess of wealth and well-being, she also maintains a strong esoteric presence, expressing herself as Siddhi, the magnificent Tantric goddess of spiritual power, and as Kundalini Shakti, the transformative cosmic force that exists within each individual. These identities express the prosperity consciousness that is the essential nature of the goddess and the divine source of all wealth. Invoking Lakshmi is not only a matter of calling upon the external form of the goddess but also of aligning one's consciousness with the very essence of prosperity
