Paula Landerreche Cardillo, Rachel Silverbloom

Death and the Maiden Ariel Dorfman, 1994-12-01 "Suspenseful, riveting . . . Achieves a universality that is movingly personal." —The New York Times The explosively provocative, award-winning drama set in a country that has just emerged from a totalitarian dictatorship Gerardo Escobar has just been chosen to head the commission that will investigate the crimes of the old regime when his car breaks down and he is picked up by the humane doctor Roberto Miranda. But in the voice of this good Samaritan, Gerardo's wife, Paulina Salas, thinks she recognizes another man—the one who raped and tortured her as she lay blindfolded in a military detention center years before. Relentlessly paced and filled with lethal surprises, *Death and the Maiden* is an inquest into the darker side of humanity—one in which everyone is implicated and justice itself comes to seem like a fragile, perhaps ambiguous invention.

Death and the Maiden Ariel Dorfman, 1995 Years have passed since political prisoner, Paulina, suffered at the hands of her captor: a man whose face she never saw, but whom she can still recall with terrifying clarity.

The Resistance Trilogy Ariel Dorfman, 1998 Three powerful political plays in one volume - with a substantial introduction by Ariel Dorfman. In *Death and the Maiden*, a woman seeks revenge when the man she believes to have been her torturer happens to re-enter her life. A classic of 20th-century theatre, the play ran for a year in the West End, was a hit on Broadway and was filmed by Roman Polanski. In *Reader*, first performed at the Traverse Theatre, Edinburgh, in July 1995, a censor discovers that the subversive novel he is about to ban is describing his own life and hinting that a terrible fate awaits his son. He must hunt down the author before it comes true... *Widows* is a smouldering political allegory about a political protest in a country ruled by a military junta, written in collaboration with Tony Kushner, author of *Angels in America*. It was first staged by the Traverse Theatre Company at the Cambridge Arts Theatre in March 1997.

Testimony After Catastrophe Stevan Weine,2006-08-14 Survivors of political violence give testimonies in families and communities, trials and truth commissions, religious institutions, psychotherapies, newspapers, documentaries, artworks, and even in solitude. Through spoken, written, and visual images, survivors' testimonies tell stories that may change history, politics, and life itself. In this book Stevan Weine, a psychiatrist and scholar in the field of mental health and human rights, focuses on the testimony of survivors for the hope it might hold--hope expressed by survivors again and again that, no matter what horrors or humiliations they have endured, some good might come of their stories. It is through the thinking of Mikhail Bakhtin, and his approach to narrative, that Weine seeks to read the testimony of survivors of political violence from four different twentieth-century historical nightmares--and to read them as the stories they are meant to be, fully conveying their legitimacy, resourcefulness, power--and, finally, hope. A deeply involving, compassionate, occasionally confrontational blend of practical hands-on experience and dialogic theory, emerging from the author's decade-long work in Europe and Chicago with survivors of the Balkan wars, this book is committed to the proposition that efforts to use testimony to address the consequences of political violence can be strengthened--though by no means guaranteed--if they are based on a fuller acknowledgment of the personal and ethical elements embodied in the narrative essence of testimony. These elements are what Testimony after Catastrophe seeks to reveal.

Tango of Death: The Creation of a Holocaust Legend Willem de Haan,2022-10-24 A legend that captures the imagination of audiences and shapes representations of the Holocaust is that in Nazi concentration camps Jewish musicians were forced to play a Tango of Death as men, women and children made their way to the gas chambers. This book traces the origins of this legend to a little known concentration camp in Ukraine where musicians were forced to perform a Jewish tango at executions before they themselves were murdered. By reconstructing the creation of this legend, the book shows how the actual history is hidden, distorted, or even lost altogether.

Law on the Screen , 2005-03-29 The proliferation of images of law, legal processes, and officials on television and in film is a phenomenon of enormous significance. Mass-mediated images are as powerful, pervasive, and important as are other early twenty-first-century social forces--e.g. globalization, neo-colonialism, and human rights--in shaping and transforming legal life. Yet scholars have only recently begun to examine how law works in this new arena and to explore the consequences of the representation of law in the moving image. *Law on the Screen* advances our understanding of the connection between law and film by analyzing them as narrative forms, examining film for its jurisprudential content--that is, its ways of critiquing the present legal world and imagining an alternative one--and expanding studies of the representation of law in film to include questions of reception.

Blood on the Stage, 1975-2000 Amnon Kabatchnik, 2012 Describes more than 80 full-length plays produced in the last quarter of the 20th century, with an emphasis on New York and London performances.

Grappling with Atrocity John Shillington, 2002 Guatemalan theater began to address the atrocities committed during the thirty-six years of civil war, the longest war in Latin American history, in the 1990s. This theatrical movement expresses Guatemala's hope for renewal by looking at the past. Rather than being haunted by a traumatic history, the theater pushes the painful issues forward to center stage in order that the vicious cycle of old hatreds and grudges not hold them prisoner. The plays examined in this study, which range from satire to tragedy, aid in breaking free from the bars that entrapped the country in violence and atrocities. However, the outrage is contained: the plays do not condemn the perpetrator, but rather highlight that understanding is the way to peace. The key to release from the cycle of violence is portrayed as remembering without blaming. The purpose of this study is twofold: 1) to identify how the civil war as well as the change to civilian government in 1986, which culminated in the signing of the Peace Accord in 1996, has affected the form and content of the plays written in the 1990s; and 2) to examine the work of the Guatemalan playwrights who have largely been ignored in Latin American theater studies.--BOOK JACKET. Political Bodies Paula Landerreche Cardillo, Rachel Silverbloom, 2024-03-01 Adriana Cavarero has been, and continues to be, one of the most innovative and influential voices in Italian political and feminist thought of the last forty years. Known widely for her challenges to the male-dominated canon of political philosophy (and philosophy more broadly construed),

Cavarero has offered provocative accounts of what constitutes the political, with an emphasis on embodiment, singularity, and relationality. *Political Bodies* gathers some of today's most prominent and well-established theorists, along with emerging scholars, to contribute their insights, questions, and concerns about Cavarero's political philosophy and to put her work in conversation with other feminist thinkers, political theorists, queer theorists, and thinkers of race and coloniality. A new essay by Adriana Cavarero herself closes out the volume. *Political Bodies* ventures beyond the familiar boundaries of Cavarero's own writing and is a testament to the generative encounters that her philosophy makes possible.

Playing the Market Anne Fuchs, 2002 The relationship between Johannesburg's Market Theatre and the economic and political forces of South Africa's apartheid regime was both complex and somewhat ambiguous. The theatre's two founders, Mannie Manim and Barney Simon, however, from idealistic beginnings managed to steer their experimental enterprise around pitfalls ranging from censorship, boycotts and recuperation by big business to the difficulties encountered in finding black authors, let alone black audiences. If the place occupied by the Market institution in apartheid society is emphasized throughout the present study, its contribution to the aesthetic of resistance is also underlined through detailed criticism of the plays and authors dominating the theatre. Pieter-Dirk Uys, Barney Simon's workshop plays and, among others, *Black Consciousness* plays are subjected to various methods of theatre performance analysis. The reckoning that had to come in the early 1990s revealed itself as globally positive; the reasons for this may be found in the updated concluding part of *Playing the Market*, which is composed of more general essays (including one on the vibrant Junction Avenue Theatre Company) on how the theatre scene in contemporary South Africa started to change. A postscript reveals more specific aspects of the Market situation in the late 1990s when its hegemony in the New South Africa was already being questioned.
