Dalom y el espíritu de la desolación Yon Jiménez,2021-01-25 El peor enemigo de un hombre son los miedos que alberga en su corazón. Dalom, quien anhela vivir una vida diferente a la que sus padres y su comunidad le imponen, pacta con el maléfico espíritu de un hombre condenado a deambular eternamente en la oscuridad, el recibir una poderosa espada a cambio del corazón palpitante de su pequeño hijo. Al no poder cumplir con su parte del pacto, Dalom huye de su pequeña aldea con la ilusión de iniciar una nueva vida y de librarse de la sentencia de muerte que Calin, el espíritu desolado, ha impuesto sobre él. Muriendo lentamente, Dalom entenderá que la única forma de salvar su propia vida es encontrando la espada por sus propios medios antes de que otro lo haga; no obstante, aquella desquiciada búsqueda lo llevará a tierras lejanas en donde se aliará con oscuras y peligrosas fuerzas, descubrirá el sabor amargo del verdadero amor y ganará peligrosos enemigos.

El alma en la piedra José Vicente Pascual,2020-03-23 Altamira, 13000 a. C. El clan Tiznado se reúne en torno a la hoguera, frente a la gran cueva que los protege del mundo. Ibo Huesos de Liebre, hábil rastreador, también experto en representar imágenes en los techos y paredes del sagrado refugio, trae noticias sobre la próxima cacería: ha localizado el cubículo donde se guarecen una osa y sus dos oseznos. La joven Ojos Grises escucha encandilada el relato del cazador. Abajo, en el valle, tribus de ancestrales adversarios del clan Tiznado esperan la menor oportunidad para acabar con sus enemigos. El destino de lucha y supervivencia está marcado, aunque Ibo Huesos de Liebre intuye que para los suyos no hay futuro sin conocimiento, sin saber quiénes son y por qué habitan en este lado de la existencia, el territorio de los Aún Vivos. El drama de la vida, la esperanza y la muerte, aguardan como siempre a unos y otros.

Todos se llamaban Juan Piedra Hernán de la Cruz Enciso,2025-01-21 El ser humano sin huesos no podría moverse; el mundo tampoco. El esqueleto de la humanidad es el hierro y sus venas están hechas de cobre. ¿Quién no ha tenido cucharas, celulares, ventanas de metal, artefactos eléctricos, puertas? ¿Y quién no ha viajado en autobús? Todo eso es minería. Las

máquinas del bienestar, en su estado primitivo, fueron parte de algún cerro y pasaron por las rudas y encallecidas manos del minero. El oro es parte del motor financiero; el corazón del chip. La tercera parte de esa producción, en el Perú, fue extraída de las entrañas de la tierra por cien mil hombres topo que nunca han pretendido ser tales. Sin el clima amigable que les permita sembrar los retazos de tierra que poseen y sin pastizales para criar animales, los desheredados de la cordillera andina —quechuas y aimaras— están obligados a seguir uno de tres caminos posibles: quedarse en casa y vivir así como nacieron, en la pobreza extrema, rumiando la pura tierra, salir a robar animales a los pueblos vecinos o marchar a los cerros a crear su propia fuente de ingresos... Tras los desmanes de gobiernos y trasnacionales de la minería aparecen un Juan Piedra, dos Juan Piedra... miles de Juan Piedra y una de tantas huelgas de mineros deriva en una batalla entre civilizaciones; entre dos formas de entender el mundo.

El hombre del revés Fred Vargas, 2012-04-13 «Fred Vargas es probablemente la autora más interesante del género policiaco en Europa en el momento presente.» José M.ª Guelbenzu, El País «Cuento fantástico, fábula, novela policiaca. Resulta imposible dejar el libro una vez empezado.» Le Monde En un pueblo de los Alpes están apareciendo degolladas las ovejas, y la indignación y el miedo se van adueñando de sus habitantes. Pero Lawrence, un canadiense que estudia una manada de lobos en la zona, sabe que hay cosas que éstos jamás harían... Una noche, ante la sorpresa de todos, es una mujer la que aparece muerta. El comisario Adamsberg, Lawrence y Camille, su compañera, inician la investigación. No todo el mundo cree que sea un lobo el responsable: hay quien cree que todo es obra de un auténtico hombre lobo que vive escondido en la montaña. Un «hombre del revés» que oculta su verdadera naturaleza tras una apariencia humana...

La piedra Habbaassi Juan Moises De la Serna Tuya, 2009-01-06 Un descubrimiento casual sobre una cultura ancestral en Perú, los Paracas, es el origen de un interesante relato de viajes que conducirá al protagonista por tres continentes, a lugares llenos de encanto donde tendrá que hacer frente a las dificultades que irán surgiendo, a la vez sigue un camino de descubrimiento personal con numerosas experiencias que le conducirán a un crecimiento interior más allá de su imaginación. Una novela que mezcla a partes iguales información sobre los últimos descubrimientos científicos en neuroanatomía y psicología, con la tradición milenaria de pueblos desaparecidos.

La Creación, el Continente Americano y la Cultura Cainiana □ Tomo III Orlando Jarillo Taborga, 2017-08-15 En este Tomo, encontrarás datos muy valiosos, que surgen en base a la comparación de las estructuras y manifestaciones culturales encontradas en diversos lugares de Centro y Sudamérica, entre las que predominan similares características, como ser: edificaciones, con técnicas constructivas demasiado comunes y similares, tipo de material, diseño y forma de encarar la construcción de cada una de ellas, ubicación estratégica, propósito para las que fueron construidas, una sorprendente similitud entre todas ellas, desde su construcción hasta su destrucción, cual es el estado que todas estas milenarias estructuras presentan, especialmente de aquellas que se encuentran ubicadas en las faldas de serranías, planicies o valles, donde mayormente utilizaron el Barro y el Adobe para su construcción, sumado a algo sorprendente, todas presentan similar estado y apariencia de destrucción.

La piedra sangrante Ibrahim Alkoni, 2024-06-26 La piedra sangrante cuenta la historia de Asuf, un beduino solitario que ama el desierto, respeta sus leyes y vive en armonía con sus criaturas, vivas y fósiles. Asuf conoce bien el montañoso y remoto desierto líbico. Sabe dónde encontrar muflones, gacelas y carneros salvajes, y aun así hará todo lo posible por evitar que se vean amenazados por la presencia de cazadores. En esta novela, como en la mayor parte de sus obras, Ibrahim Alkoni hace una defensa comprometida del medio ambiente y del respeto por la vida tradicional de las gentes del desierto, largamente amenazados por la voracidad colonial, depredadora e invasiva de cazadores, militares y turistas. La piedra sangrante ofrece una radiografía desnuda del alma humana y de la lucha constante entre el bien y el mal, una hermosa

demostración de que la naturaleza y la condición humanas son universales. En esta novela se amalgaman con maravillosa maestría los elementos mitológicos de la cultura norteafricana y preislámica, los rasgos que de nen la vida beduina y una búsqueda de lo espiritual y trascendente. Todo ello, elaborado sobre una suerte de realismo mágico sui generis, de fabulación mística y de narración profundamente lírica. La piedra sangrante ha sido descrita por The Guardian como una lograda combinación de fábula ecologista, declaración política y elegía lírica. Esta es su segunda obra en español, después de Oro en polvo, publicada por Galaxia Gutenberg en traducción de Ignacio Gutiérrez de Terán, con prólogo de Juan Goytisolo.

Corazones de piedra Simon Scarrow,2018-07-01 1938. El verano es perfecto en Léucade. El joven Peter Muller, de visita en la isla griega junto a su padre por una expedición arqueológica, ha fraguado una estrecha amistad con los lugareños Andreas y Eleni. Los tres jóvenes, atrapados por la política y la guerra que se cuece a fuego lento en Europa, se verán obligados a separarse. Peter y su padre deberán volver a Alemania, pero juran volver a reunirse en el futuro... 1943: La guerra ha llegado a Grecia y las fuerzas fascistas han ocupado la isla. Andreas y Eleni se han unido a las fuerzas partidarias que resisten a la invasión alemana y Peter, por su parte, ha vuelto como oficial de inteligencia de las fuerzas enemigas, peligrosamente bien informadas. Una amistad nacida en tiempos de paz durante la guerra se convierte en una desesperada batalla entre enemigos acérrimos que deben sacrificarlo todo por los países que aman... Simon Scarrow lo ha hecho de nuevo. En Corazones de piedra, evoca de forma brillante el drama, el horror y el abismo de la Segunda Guerra Mundial, demostrando una vez más su talento a la hora de narrar campañas militares y, sobre todo, la esencia del ser humano. Una obra arrolladora que nos habla no sólo del horror de la guerra, sino también del heroísmo y el sacrificio de los que quedaron atrapados en ella.
