*An Insider's Guide to Publishing* David Comfort, 2013-11-14 Perseverance is much more important than talent. Because so many talented people fall by the wayside. --James Michener The history of writing is full of authors striving to succeed in a hyper-competitive publishing world, contending with agents, editors, publishers, critics, and sometimes the greatest challenge of all - overnight success. For all of the extraordinary changes that have recently taken place, however, there are a few things that remain the same. Getting published still requires persistence, preparation, and smarts, as well as an understanding of how the business works, where it's been, and where it's going. *An Insider's Guide to Publishing* pulls back the industry curtain for millions of published and aspiring authors, revealing Hemingway's famous feuds, Poe's raving madness, Capote's vengeful wit, and much more. With clever insights and dark humor to spare, David Comfort, a thirty-year veteran of the publishing trenches, explores the achievements and faults of literary masters and editorial workaholics to show readers how they, too, can:

- Use their creativity and composure to overcome publishing pitfalls.
- Work with agents, editors, publishers, and critics like a pro.
- Deal with rejection - and success - while avoiding the madhouse.
- Navigate the pros and cons of both traditional and self-publishing.

*An Insider's Guide to Publishing* shares the wicked wit and wisdom of some of the craziest and most ambitious authors and editors of all time - proving that even the talented need luck, pluck, persistence, and the inside scoop on this rapidly changing industry in order to succeed!

**So They Say** Robert H. Mounce, 2014-09-30 A good quotation states an insight so shrewdly that not only do you get it, but you can't seem to forget it. It loves to make you slow down and savor truth. These neat little extended metaphors deserve to be heard, examined, and challenged. Quotations present truth in capsule form. Many reflect the wisdom of earlier times; others bring insights that are fresh and contemporary. Some support the status quo; others challenge it. *So They Say* is a collection of more than seventy quotes, along with author Robert Mounce's reflections on how they relate to the real world. This interaction turns out to be a battle of worldviews, for as Mounce explains, he could never embrace philosophical materialism because his experience of reality demands something outside of stuff—he wants to know where the DNA of the very first living cell came from, and he dissects each quotation accordingly. By approaching each quotation from this supernaturalist point of view, Mounce's *So They Say* invites you to read, reflect, and enjoy the journey.

*The Christian's Prayer Book* David C Jantjies, 2019-01-11 In the beginning man had to be in a very distinct relationship with God in order to have passage to his heart. However, this would dramatically change when Jesus came to earth. Early in his ministry, Jesus realized man's inability to pray. And thus, Jesus taught his followers to pray the Lord's Prayer as recorded in Matthew 6: 9-13. It is evident that Jesus was teaching his followers that his Father does not expect lengthy supplications. We simply had to enter in prayer giving God glory, soliciting the things we need, begging for forgiveness, petitioning a way around evil, and finally pouring out our adulations on God in all his majesty. David Christian Jantjies, in this epic work, digs a little deeper and uncovers the untapped treasures of the much-neglected individualized focused prayer. The time has now come to approach the throne of God with focused prayers—less detailed, accentuated prayer-worship of the Living God,

themed petitions, and crisp thanksgiving for what God has done and is still doing. It further preaches for a more frequent interaction with God. The Christian's Prayer Book - Focused Prayers 101 is a glorious work. Readers will be able to identify with most of these prayers. The spectrum is wide. The glorification of God is immense. The petitions are daily contentions. The praise-giving to God is huge. Each prayer is supported by potent quotations. However, do not miss the teachings on what prayer is, where to pray, when to pray, and how to pray.

*The Impossible Takes Longer* David Pratt, 2009-05-26 Witty, incisive observations on such universally meaningful topics as courage and compassion by many of the greatest minds of the twentieth and twenty-first centuries. Since 1901, the Nobel Prize has been the hallmark of genius, but Nobel laureates tend to be more than merely brilliant-their idealism, courage, and concern for humanity have also made them sources of inspiration and wisdom. Contrary to the notion that geniuses are absentminded eccentrics who lead solitary lives, many Nobel laureates have been social activists and political leaders, and some have been polymaths whose interests and talents were diverse, such as Philip Noel-Baker, winner of the 1959 Peace prize, who ran in three Olympic Games. Most of the quotations have never been anthologized previously. There is a section of short biographical sketches of each of the roughly 250 laureates quoted in the book, a brief history of the Nobel Prize, and a complete list of every Nobel laureate through 2006. *The Impossible Takes Longer* is a remarkable assemblage of insightful, thought-provoking, sometimes humorous statements by some of the world's wisest men and women.

**Sike** Fred Lunzer, 2025-05-20 A story of boy meets girl meets AI therapist, Sike explores our aching pursuit of love and self-control Adrian earns his living writing lyrics for rappers he never meets, and finds success with a hit song about his own fruitless search for love. After his last relationship ends in a spiral of angst, Adrian decides it's time to try Sike: the new lauded and elite AI psychotherapy app that tracks your every move and emotion, and guides you toward mental contentment. He soon falls for Maquie, a smart and pragmatic venture capitalist scouring London's tech scene for the next business boom.

She can see no potential investments though, nothing sparkles. She wants to find a business as successful as Sike, and yet she is also one of the holdouts who refuse to use it. Shifting between Adrian and Maquie's perspectives as it tracks the fraught first year of their relationship, Sike is a story of two people wrestling with connection, identity, anxiety, success, and the limits of our obsession with self-analysis and awareness. For fans of Kazuo Ishiguro's *Klara and the Sun* and the modern love stories of Sally Rooney, Fred Lunzer's debut novel brings us an incisive and intimate deep dive into the reach for clarity by a curious and ambitious, anxious and irresolute generation.

Love Affair in the Garden of Milton Susannah B. Mintz, 2021-09-22 Winner of Memoir Magazine's Book Prize for Identity/Literature/Grief *Love Affair in the Garden of Milton* interweaves the private story of a marriage coming apart with readings of John Milton's poetry and prose. Connected essays chart the chaos of loss and the discovery of how a writer can inhabit our emotional as well as our intellectual selves. Inflected by the principles of mindfulness, Susannah B. Mintz's memoir explores how we reconstruct ourselves and find our way back to meaning in the aftermath of trauma. Formally inventive and engaging dynamic philosophical ideas, *Love Affair in the Garden of Milton* raises questions of forgiveness, desire, identity, grief, and the counterintuitive relevance of literary tradition. This lyric memoir offers readers a sense of partnership, with the author and Milton as companionable guides through the wilds of love and loss.

Mindful of Thoughts Usha Menon, 2018-02-05 We all think. Thoughts give direction to our actions and are therefore capable of enhancing our lives. On the other hand, regressive thoughts can lead us to digging our own graves. Most people, you will agree, are on an auto-pilot mode when it comes to life. They believe that they are thinking, but in real terms, they are not thinking through. This is the premise from which I began this book. I have learnt a lot about the world and most importantly about myself while on this path. It is with great joy that I share my thoughts and feelings. I understand that each of us are different in our approach to life. The diversity spices up our lives. If we could summate the variances and the similarities in a congenial manner. who knows, there could be hidden gems out there for each and every one of us. Those that will make our lives better off, those that have been found out by being mindful rather than inadvertently. This book is for those who are mavericks or those who aspire to be one.

**221 ways to Success** N.Raman, 2022-01-18 The world order has been thrown into confusion during the past several decades. Due to various reasons ranging from technology intervention to erosion of high values of living, which our forefathers have taught us, economic turmoil, triggered by greed and such other negative attributes, has pushed humanity into disarray. Adding to it is the recent pandemic which has turned our social, cultural and economic fabric upside down. Therefore, it is necessary to retrace back to the root causes of many of the present woes and start afresh by inculcating the positive virtues of life. The author strongly believes the messages conveyed in this book would be able to guide the readers towards abundant peace, happiness and prosperity. Yes, it will help us start a fresh life all over again.

*IN SEARCH OF OUR WONDERFUL WORDS* Pramod Kumar Sharma, The societies can never be creative. The battle to create wisdom for his benefit the man has to fight alone. However, this is only a powerful hypothesis based on the history of mankind, which needs not only pondering over, but also experimentation and investigation for its future use. Even if the man is able to create the wisdom, often, nothing changes. A wisdom that is idle is like a currency that is not in circulation. What do we do with all the wisdom that exists in our scriptures? Even if we leave aside our scriptures for whatever reasons, do we seriously try to mould our conduct according to the wisdom we ourselves might have created with a view to verifying its workability? Perhaps, we never did it. There is no element of 'wonder' in our relationship with our surroundings. Maybe, we have to infuse the element of wonder in our relationship with the societies we are a part of. If we had ever tried to conduct ourselves according to the wisdom available from wherever, we would have felt the dire need to seek support of fellow human beings in our efforts to verify the usefulness of wisdom for the mankind. The history of the mankind has proved that the wisdom always percolates down the layers of the humanity to refine itself through the individual efforts of many. Whenever the need of collective efforts surfaces; the need of wonderful words appears.
