Yicheng Fang

Gothic Fantasy Edwin Page, 2007 Tim Burton's easily recognizable vision has made him one of the most enjoyable filmmakers. existence.

Song of Being Mischa Hammarnejd, 2023-08-21 What am I, where do I come from, and where am I going? And what is really the point of it all? What is really true behind all the make-believe, conditioning, and the more than eight billion different opinions about what is true? Is there a true reality that is the same for all of us on this planet Tellus, yes, in the whole universe? Surely, these are familiar questions. But how often have we not heard about spiritual experiences, awakening, overcoming the fear of death, lasting happiness and joy, heavenly peace and the like? And how often have we not started to read or listen to someone who claims to know it all about these things, and then just given up when we heard a lot of complex and inaccessible thought constructs, new age nonsense mixed with mystical directions and exercises, or sectarian drivel that excludes the ones outside? I have been through all this, and I even ended up in a sect-like context once, but I continued to search for something really true, stripped down, genuinely useful and practical in both festive, ordinary, and difficult times, something that could truly point to lasting and reliable truth about reality, myself, and all of us, to what we are and consist of, and that it would hold true in all cultures, ages, circumstances and states - which all constantly change. Am I asking for too much? My journey is not unique, and neither is who, or what I am. The journey can be made by anyone. It is so familiar, close, accessible, and right in front of all our noses - no, much closer, much more intimate than that. Surely, there are obstacles, but are we really interested in the obstacles? I am not. The book is about my journey to what I thought and was told would be impossible to find or attain. My searching has ended. Not because I found something that I was looking for, but because... and here, it became quiet for a long while. Until this book was made.

The Films of Andrei Tarkovsky Vida T. Johnson, Graham Petrie, 1994-12-22 Johnson and Petrie have produced an admirable book. Anyone who wants to make sense of Tarkovsky's films—a very difficult task in any case—must read it. —The Russian Review This book is a model of contextual and textual analysis. . . . the Tarkovsky myth is stripped of many of its shibboleths and the thematic structure and coherence of his work is revealed in a fresh and stimulating manner. —Europe-Asia Studies [This book,] with its wealth of new research and critical insight, has set the standard and should certainly inspire other writers to keep on trying to collectively explore the possible meanings of Tarkovsky's film world. —Canadian Journal of Film Studies For Tarkovsky lovers as well as haters, this is an essential book. It might make even the haters reconsider. —Cineaste This definitive study, set in the context of Russian cultural history, throws new light on one of the greatest—and most misunderstood—filmmakers of the past three decades. The text is enhanced by more than 60 frame enlargements from the films.

Herbert Huncke Hilary Holladay, 2015-08-01 Often overlooked as a minor player on the fringes of the Beat Generation and largely dismissed by others as a scam artist, junkie, and hustler, Herbert Huncke was in fact a significant writer who served as a mentor and inspiration to such legendary figures as Allen Ginsberg, William Burroughs, and Jack Kerouac. In this biography, author Hilary Holladay has given this unsung poet of the streets his due, both in terms of his own literary merit and the major role he played in influencing the Beats and many others. Detailing Huncke's colorful life—from his childhood on a Wyoming rancher's household and his family's move to Chicago to his rebellion as a 12-year-old runaway and his subsequent run-ins with the law—Holladay traces his journeys that subsequently took him to Manhattan, where he became a guide to the city's underbelly for those impressionable adventurers seeking the pulse of the city's palpitating literary, artistic, and musical heart. Nominated for a Lambda Literary Prize when first published, this work establishes Herbert Huncke in the pantheon of the writers of his generation. With revised endnotes and a new index, the book confirms Huncke's creative influence from the late 1940s to his death in 1996.

Poems and Prose Gerard Hopkins, 2008-02-28 Closer to Dylan Thomas than Matthew Arnold in his 'creative violence' and insistence on the sound of poetry, Gerard Manley Hopkins was no staid, conventional Victorian. On entering the Society of Jesus at the age of twenty-four, he burnt all his poetry and 'resolved to write no more, as not belonging to my profession, unless by the wishes of my superiors'. The poems, letters and journal entries selected for this edition were written in the following twenty years of his life, and published posthumously in 1918. His verse is wrought from the creative tensions and paradoxes of a poet-priest who wanted to evoke the spiritual essence of nature sensuously, and to communicate this revelation in natural language and speech-rhythms while using condensed, innovative diction and all the skills of poetic artifice.
