Stars of Jazz James A. Harrod,2020-03-23 Imagine an educational television series featuring America's greatest jazz artists in performance, airing every week from 1956 to 1958 on KABC, Los Angeles. Stars of Jazz was hosted by Bobby Troup, the songwriter, pianist and vocalist. Each show provided information about the performance that heightened viewers' appreciation. The series garnered praise from critics and numerous awards including an Emmy from the Academy of Television Arts & Sciences. A landmark series visually, too, it presented many television firsts including experimental films by designers Charles and Ray Eames. All 130 shows were filmed as kinescopes. Surviving films were donated to the UCLA Film & Television Archive, where 16 shows have been restored; 29 additional shows are in the collection. The remaining 85 kinescopes were long ago discarded. This first full documentation of Stars of Jazz identifies every musician, vocalist, and guest who appeared on the series and lists every song performed on the series along with composer and lyricist credits. More than 100 photographs include images from many of the lost episodes.

Louis Armstrong's All Stars Mike Forbes,2015-08-04 During the last 25 years of his life Louis Armstrong fronted his All Stars Dixieland jazz band, usually five additional musicians and a female singer. While much has been written about Louis there has been much less coverage of his All Stars. This book has four parts: 1. Louis's early years and the lead-up to the formation of the All Stars. 2. The All Stars through the years; A timeline of the band including changes in its composition, major recordings and concerts, overseas tours. 3. The Musicians; biographies of the 46 musicians who were members of the All Stars, the detail depending on the perceived significance of each. 4. Lasting Screen Stars Lucy Bolton,Julie Lobalzo Wright,2016-05-28 Lasting Stars examines the issue of stardom and longevity and investigates the many reasons for the persistence or disappearance of different star personas. Through a

selection of chapters that look at issues such as inappropriate ageing, national identity and physical characteristics, this book will be the first volume to consider in depth and breadth the factors that affect the longevity of film stardom. The range of stars includes popular stars who are approached from fresh angles (Brando, Loren), less popular stars whose lower-profiles than their peers may be surprising (Taylor, Shearer) and stars whose national identity is integral to their perception as they age (Riva, Bachchan, Pavor). There are stars from the beginning of Hollywood (Valentino, Reid) to the present day (Jolie), and those who made uneasy transitions between countries (Mason), ages (Ringwald) and industrial eras (Keaton). The book examines the range of factors that affect how star images endure, including appropriate and inappropriate ageing (Griffith), race (Ice Cube) and digital technologies (Lee).

Stars Came Tumbling Robert Brown, 2014-05-14 From the streets of Shanghai to the plains of Texas, a cast of characters fighting over land and identity must sift through the cracks between myth and truth, revealing relationships and plots hidden for most of a century. The key is in a strange, century-old map of the stars carried by a drifter traveling with a young bison named Bill who is more than he appears to be. In this fusion of legend and history, a narrator recalling his 12th birthday chronicles what followed the drifter's appearance a series of events from opposite ends of the earth that evolved in extraordinary ways to shape his coming of age. When the racing prowess of the bison endangers his life, he and the boy escape together on a final, desperate journey across the plains.

Music of the Wandering Stars Elena Clark, 2011-01-20 Anton and Nina met in fairytale fashion while each was preparing for a highly regarded international competition in Moscow. They fell in love at first sight, engaged in an impulsive romance and were married in a matter of just a few months. After their graduation from the Moscow Conservatory, they soon discovered that the road to success is slow and has many perplexing hurdles. What becomes of Anton, a talented young pianist, when the bright artistic future that has been promised to him since childhood, fails to materialize? What surprises does life have in store for Nina who is a beautiful and talented young singer and an aspiring classical vocalist? Two years of drudgery, playing in small Russian cities for a modest salary and living close to the poverty line, convinces Anton that enough is enough. He decides to emigrate to Canada, where he is confident that the life of a musician would be much easier and vastly more rewarding. He eventually persuades his reluctant wife to abandon her own vocal career in Moscow and to emigrate with him. The new Canadian immigrants soon learn that the roads are not paved with gold in their adopted country either. Will they finally achieve artistic success in Canada or might they be forced to return to Russia? Will the couple's marriage endure? *Music of the Wandering Stars* is a tale of discovery, romance, and destiny. It reminds us all of the inner

battle we all face with love and what it does to us.
