Expansión ,2007

Ética y responsabilidad empresarial Ildefonso Camacho Laraña,2013-12-02 Muchos ponen en duda que la ética esté presente en la actividad empresarial. Pese a la existencia de cursos de ética en escuelas de negocios y facultades de ciencias de la administración, pese a la aparición de cada vez más revistas especializadas, asociaciones y congresos dedicados a temas de ética empresarial, persiste la sospecha de que la ética esté siendo utilizada para operaciones de lavado de imagen. Y es que esta proliferación del discurso ético empresarial contrasta con los hechos que salen a la luz una y otra vez en los medios de comunicación, con más frecuencia en los periodos de crisis económica. Naturalmente los autores de esta obra están convencidos de que es necesario desarrollar una ética del mundo de la empresa. Ofrecen este manual como base para el aprendizaje de la ética por parte de quienes se preparan para desarrollar su actividad profesional en la empresa y los negocios. No se busque en él un estudio exhaustivo de ningún tema particular, sino una primera aproximación en la que, lejos de intentar someter la realidad empresarial a criterios ajenos a la misma, se trata ante todo de descubrir la dimensión ética inherente a la actividad económica y empresarial. Desde ahí, se abre la discusión a las formas concretas de responsabilidad de la empresa ante los distintos grupos sociales que la afectan o son afectados por ella, sus stakeholders. Detrás de este trabajo está la experiencia de los cuatro autores que han dedicado una buena parte de su actividad universitaria a la docencia de la ética empresarial. Ildefonso Camacho Laraña ha enseñado Ética de la Empresa en la Facultad de Ciencias Económicas y Empresariales de ETEA, Córdoba. José Luis Fernández Fernández imparte la misma materia en la Universidad Pontificia Comillas de Madrid. Raúl González Fabre enseña Ética Empresarial, Ética del Marketing y Ética Financiera también en la Universidad Pontificia Comillas. Josep Miralles Massanés es profesor de Responsabilidad Social Corporativa y Sociología en ESADE, Barcelona.

Ecología política de la liberación Marcos Dangelo,2020-05-01 El planeta Tierra, nuestra morada, está en peligro. ¿Qué podemos hacer para salvarlo? Con una retórica incisiva, el autor aborda este interrogante. Nos invita a recorrer el

pensamiento ecológico y político contemporáneo de América Latina mediante el estudio territorial de los extractivismos y las resistencias en el valle de Punilla; en especial el conflicto por la Autovía de Montaña o Punillazo. Sus estudios combinan un abordaje teórico transdisciplinario y un análisis de caso aplicado a los conflictos socioambientales y las manifestaciones de resistencia. Para marcar el rumbo a seguir, pone en diálogo, de igual a igual, a la ciencia con el pensamiento crítico y los saberes ancestrales de la Tierra. Recupera la dimensión espiritual de la conciencia humana para construir nuevas prácticas, que habiliten los muchos mundos que constituyen al mundo donde habitamos. Este libro nos ofrece otra manera de sentir y de pensar el saber, más allá de la razón instrumental del pensamiento moderno. Sus líneas sugieren sentir-pensar un movimiento ético autoconsciente articulado entre la naturaleza, el individuo y sus entramados relacionales. Representa un llamado a la esperanza para afrontar la brutal crisis civilizatoria que amenaza la existencia de todos los seres vivos, incluyendo a los humanos, y recupera el testimonio de una praxis de liberación de raigambre ambiental.

Interventoría de proyectos y obras Julio César Sánchez Henao, 2010-01-01 Una actividad importante en Colombia, con respecto a la gestión organizativa en el proceso edificatorio, es la interventoría, que tiene que ver no solo con las obras sino en general con los proyectos, y que en el país ha venido ejerciéndose desde hace más de 50 años, tanto para las obras públicas como las obras privadas, sin importar si se trata de obra edilicia o civil. El libro sobre interventoría pretende orientar acerca de los diferentes aspectos fundamentales que dicha actividad debe cubrir, no solo técnicos y administrativos, sino otros tan importantes como estos: uno de ellos, el aspecto legal, en el cual la interventoría es una labor parcialmente regulada y, aunque en algunas leyes se habla de su valor, se hace de forma incipiente para establecer pequeños parámetros, pero no existe una reglamentación clara y precisa que trate realmente sobre todos los principales temas relacionados con esta importante labor en Colombia. Por lo anterior es vital el estudio y definición de la interventoría, que lleven a los lectores a comprender su verdadera razón, su ámbito de aplicación, cuáles deben ser sus servicios, sus beneficios, sus alcances y, en forma muy especial, sus responsabilidades.
