**Crime and Punishment (Unabridged Garnett Translation)** Fyodor Dostoyevsky,2013-02-20 Crime and Punishment is a novel by the Russian author Fyodor Dostoyevsky (sometimes spelled Dostoevsky). It was first published in the literary journal The Russian Messenger in twelve monthly installments during 1866. It was later published in a single volume. This is the second of Dostoyevsky's full-length novels following his return from ten years of exile in Siberia. Crime and Punishment is the first great novel of his mature period of writing. Crime and Punishment focuses on the mental anguish and moral dilemmas of Rodion Raskolnikov, an impoverished ex-student in St. Petersburg who formulates and executes a plan to kill an unscrupulous pawnbroker for her cash. Raskolnikov argues that with the pawnbroker's money he can perform good deeds to counterbalance the crime, while ridding the world of a worthless vermin. He also commits this murder to test his own hypothesis that some people are naturally capable of such things, and even have the right to do them. Several times throughout the novel, Raskolnikov justifies his actions by connecting himself mentally with Napoleon Bonaparte, believing that murder is permissible in pursuit of a higher purpose... Constance Clara Garnett (1861 - 1946) was an English translator of nineteenth-century Russian literature. Garnett was one of the first English translators of Leo Tolstoy, Fyodor Dostoyevsky and Anton Chekhov and introduced them on a wide basis to the English-speaking public. Constance Garnett translated 71 volumes of Russian literary works. Her translations received high acclaim from authors such as Joseph Conrad and D. H. Lawrence and are still being reprinted today.

Approaches to Teaching Dostoevsky's Crime and Punishment Michael R. Katz,Alexander Burry,2022-04-05 Recounting the murder of an elderly woman by a student expelled from university, Crime and Punishment is a psychological and political novel that portrays the strains on Russian society in the middle of the nineteenth century. Its protagonist, Raskolnikov, moves in a world of dire poverty, disillusionment, radicalism, and nihilism interwoven with religious faith and utopianism. In Dostoevsky's innovative style, which he called fantastic realism, the narrator frequently reports from within the protagonist's mind. The depiction of the desperate lives of tradespeople, students, alcoholics, prostitutes, and criminals gives readers insight into the urban society of St. Petersburg at the time. The first part of this book offers instructors guidance on editions and translations, a map of St. Petersburg showing locations mentioned in the novel, a list of characters and an explanation of the Russian naming system, and recommendations for further reading. In the second part, essays analyze key scenes,

address many of Dostoevsky's themes, and consider the roles of ethics, gender, money, Orthodox Christianity, and social justice in the narrative. The volume concludes with essays on digital media, film adaptations, and questions of translation.

**Crime and Punishment** Fyodor Dostoyevsky, 2015-07-14 “A truly great translation . . . This English version . . . really is better.” —A. N. Wilson, *The Spectator* Nominated as one of America’s best-loved novels by PBS’s *The Great American Read* This acclaimed new translation of Dostoyevsky’s “psychological record of a crime” gives his dark masterpiece of murder and pursuit a renewed vitality, expressing its jagged, staccato urgency and fevered atmosphere as never before. Raskolnikov, a destitute and desperate former student, wanders alone through the slums of St. Petersburg, deliriously imagining himself above society’s laws. But when he commits a random murder, only suffering ensues. Embarking on a dangerous game of cat and mouse with a suspicious police investigator, Raskolnikov finds the noose of his own guilt tightening around his neck. Only Sonya, a downtrodden prostitute, can offer the chance of redemption. For more than sixty-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,500 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

**Crime and Punishment** Fyodor Dostoevsky, 2019-01-15 A celebrated new translation of Dostoevsky’s masterpiece reveals the “social problems facing our own society” (Nation). Published to great acclaim and fierce controversy in 1866, Fyodor Dostoevsky’s *Crime and Punishment* has left an indelible mark on global literature and on our modern world. Declared a PBS “Great American Read,” Michael Katz’s sparkling new translation gives new life to the story of Raskolnikov, an impoverished student who sees himself as extraordinary and therefore free to commit crimes—even murder—in a work that best embodies the existential dilemmas of man’s instinctual will to power. Embracing the complex linguistic blend inherent in modern literary Russian, Katz “revives the intensity Dostoevsky’s first readers experienced, and proves that *Crime and Punishment* still has the power to surprise and enthrall us” (Susan Reynolds). With its searing and unique portrayal of the labyrinthine universe of nineteenth-century St. Petersburg, this “rare Dostoevsky translation” (William Mills Todd III, Harvard) will captivate lovers of world literature for years to come.

*The Well-Educated Mind* Susan Wise Bauer, 2015-11-05 The enduring and engaging guide to educating yourself in the classical tradition. Have you lost the art of reading for pleasure? Are there books you know you should read but haven’t because they seem too daunting? In *The Well-Educated Mind*, Susan Wise Bauer provides a welcome and encouraging

antidote to the distractions of our age, electronic and otherwise. Newly expanded and updated to include standout works from the twenty-first century as well as essential readings in science (from the earliest works of Hippocrates to the discovery of the asteroid that killed the dinosaurs), *The Well-Educated Mind* offers brief, entertaining histories of six literary genres—fiction, autobiography, history, drama, poetry, and science—accompanied by detailed instructions on how to read each type. The annotated lists at the end of each chapter—ranging from Cervantes to Cormac McCarthy, Herodotus to Laurel Thatcher Ulrich, Aristotle to Stephen Hawking—preview recommended reading and encourage readers to make vital connections between ancient traditions and contemporary writing. *The Well-Educated Mind* reassures those readers who worry that they read too slowly or with below-average comprehension. If you can understand a daily newspaper, there's no reason you can't read and enjoy Shakespeare's sonnets or *Jane Eyre*. But no one should attempt to read the "Great Books" without a guide and a plan. Bauer will show you how to allocate time to reading on a regular basis; how to master difficult arguments; how to make personal and literary judgments about what you read; how to appreciate the resonant links among texts within a genre—what does *Anna Karenina* owe to *Madame Bovary*?—and also between genres. In her best-selling work on home education, *The Well-Trained Mind*, the author provided a road map of classical education for parents wishing to home-school their children; that book is now the premier resource for home-schoolers. In *The Well-Educated Mind*, Bauer takes the same elements and techniques and adapts them to the use of adult readers who want both enjoyment and self-improvement from the time they spend reading. Followed carefully, her advice will restore and expand the pleasure of the written word.

**Crime, Punishment, and Policing in China** Børge Bakken, 2005-03-22 Crime long has been a silent partner in China's march to modernization, leading the regime to make law and order as central a priority as economic growth and the promise of prosperity. This groundbreaking study offers the first comprehensive and up-to-date analysis of Chinese crime, policing, and punishment. A multidisciplinary group of leading scholars draw on a rich body of empirical data and rare archival research to illuminate seldom-explored theoretical dimensions of legal ideology and reform as well as the linkages between crime and control to broader themes of law, modernization, and development. The authors balance comparative perspectives with an understanding of China's unique historical and cultural experience. This context is critical, the authors argue, as crime and control are at the root of modernity and how it is defined. In many ways the PRC is reliving the experiences of other industrializing countries, yet at the same time the practices of China's police and prison system also are painted with thick layers of historical memory. Order has become increasingly important in legitimizing the Chinese regime, but its practices and ideas of policing are often missing from our picture of Chinese social and political development. This important book's discussion of the paradoxes of policing and the problems of order bridges that gap and demystifies developments in

China. All those interested in modern and contemporary Chinese politics, law, and society, as well as in comparative criminology and law, will find this work an invaluable resource. Contributions by: Børge Bakken, Frank Dikötter, Michael Dutton, James D. Seymour, Murray Scot Tanner, and Xu Zhangrun.

**India's Shakespeare: Translation, Interpretation and Performance** Poonam Trivedi, Dennis Bartholomeusz, 2005 India's Shakespeare: Translation, Interpretation and Performance is ideal for English literature, performance, translation studies. This collection of essays examines the diverse aspects of Shakespeare's interaction with India, since two hundred years ago when the British first introduced him here. While the study of Shakespeare was an imperial imposition, the performance of Shakespeare was not. Shakespeare, translated and adapted on the commercial stage during the late nineteenth century was widely successful; and remains to this day, the most published and performed western author in India. The important role Shakespeare has played in allowing cultures to speak with each other forms the center of this volume with contributions examining presence of Shakespeare in both colonial and post-colonial India. The essays discuss the several contexts in which Shakespeare was read, taught, translated, performed, and absorbed into the cultural fabric of India. The introduction details the history of this induction, its shifts and developments and its corresponding critical discourse in India and the west. This collection of essays, emerging from first hand experience, is presented from a variety of critical positions, performative, textual, historicist, feminist and post-colonialist, as befits the range of the subject.

Crime and Punishment Fyodor Dostoevsky, 2012-08-08 Hailed by Washington Post Book World as "the best [translation] currently available when it was first published, this second edition of Crime and Punishment has been updated in honor of the 200th anniversary of Dostoevsky's birth. • ONE OF TIME MAGAZINE'S 100 BEST MYSTERY AND THRILLER BOOKS OF ALL TIME With the same suppleness, energy, and range of voices that won their translation of The Brothers Karamazov the PEN/Book-of-the-Month Club Prize, Richard Pevear and Larissa Volokhonsky offer a brilliant translation of Crime and Punishment, Dostoevsky's astounding psychological thriller, newly revised for his bicentennial. In Crime and Punishment, when Raskolnikov, an impoverished student living in the St. Petersburg of the tsars, commits an act of murder and theft, he sets into motion a story that is almost unequalled in world literature for its excruciating suspense, its atmospheric vividness, and its depth of characterization and vision. Dostoevsky's drama of sin, guilt, and redemption transforms the sordid story of an old woman's murder into the nineteenth century's profoundest and most compelling philosophical novel.

**Crime and Punishment** Fyodor Dostoyevsky, 2019 These are the voices of Crime and Punishment in all their original, dazzling variety: pensive, urgent, defiant, and triumphant. This new translation by Michael Katz revives the intensity Dostoevsky's first readers experienced. --Susan McReynolds, Northwestern University Mesmerizingly good . . . the best, truest translation of Dostoevsky's masterpiece into English. It's a magnificent, almost terrifying achievement of translation, one that makes its predecessors, however worthy, seem safe and polite. --Steve Donoghue, Open Letters Monthly

Translation Classics in Context Paul F. Bandia,James Hadley,Siobhán McElduff,2024-07-31 Translation Classics in Context carefully considers the relationship between translation and the classics. It presents readers with revelatory and insightful case studies that investigate translations produced as part of nexuses of colonial resistance and liberation across Africa and in Ireland; translations of novels and folklore collections that influence not just other fictions, but stage productions and entire historical disciplines; struggles over Ukrainian and Russian literature and how it is shaped and transferred; and the role of the academy and the curriculum in creating notions of classic translations. Along the way it covers oral poetry, saints, scholars, Walter Scott and Jules Verne, not to mention Leo Tolstoy and the Corpse Bride making her way from folklore to Frankenstein and into the world of Disney animation. Contributors are all leading scholars, and the book is accessible and engaging, assuming no specialist knowledge. Chapter 6 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution-Non Commercial-No Derivatives (CC-BY-NC-ND) 4.0 license.

**India's Shakespeare** Poonam Trivedi,Dennis Bartholomeusz,2005 This is a collection on the diverse aspects of the interaction between Shakespeare and India, a process embedded in the contradictions of colonialism - of simultaneous submission and resistance. The essays, grouped around the key issues of translation, interpretation, and performance, deal with how the plays were taught, translated, and adapted, as well as the literary, social, and political implications of this absorption into the cultural fabric of India. They also look at the other side, what India meant to Shakespeare. Further, they document how the performance of Shakespeare both colonized and catalyzed Indian theater - being staged in English in schools, in translation in various parts of the country, through acculturation into indigenous theater forms and Hindi cinema. The book highlights, and thus rereads, not just one of the longest and most widespread interactions between a Western author and the East but also part of the colonial and postcolonial history of India. Poonam Trivedi is a Reader in English at Indraprastha College, University of Delhi. Now retired, Dennis Bartholomeusz was Reader in English literature at Monash University in Melbourne.

Crime and Punishment around the World Graeme R. Newman,2010-10-19 This comprehensive, detailed account explores crime and punishment throughout the world through the eyes of leading experts, local authors and scholars, and government officials. It is a subject as old as civil society, yet one that still fuels debate. Now the many and varied aspects of that subject are brought together in the four-volume Crime and Punishment around the World. This unprecedented work provides descriptions of crimes—and the justice systems that define and punish them—in more than 200 nations, principalities, and dependencies. Each chapter examines the historical, political, and cultural background, as well as the basic organization of

the subject state's legal and criminal justice system. It also reports on the types and levels of crime, the processes leading to the finding of guilt, the rights of the accused, alternatives to going to trial, how suspects are prosecuted for their crimes, and the techniques and conditions of typical punishments employed. Comprising a study that is at once extraordinarily comprehensive and minutely detailed, the essays collected here showcase the variety and the universality of crime and punishment the world over.

The Oxford History of Literary Translation in English: Peter France, Kenneth Haynes, 2006-02-23 In the one hundred and ten years covered by volume four of The Oxford History of Literary Translation in English, what characterized translation was above all the move to encompass what Goethe called 'world literature'. This occurred, paradoxically, at a time when English literature is often seen as increasingly self-sufficient. In Europe, the culture of Germany was a new source of inspiration, as were the medieval literatures and the popular ballads of many lands, from Spain to Serbia. From the mid-century, the other literatures of the North, both ancient and modern, were extensively translated, and the last third of the century saw the beginning of the Russian vogue. Meanwhile, as the British presence in the East was consolidated, translation helped readers to take possession of 'exotic' non-European cultures, from Persian and Arabic to Sanskrit and Chinese. The thirty-five contributors bring an enormous range of expertise to the exploration of these new developments and of the fascinating debates which reopened old questions about the translator's task, as the new literalism, whether scholarly or experimental, vied with established modes of translation. The complex story unfolds in Britain and its empire, but also in the United States, involving not just translators, publishers, and readers, but also institutions such as the universities and the periodical press. Nineteenth-century English literature emerges as more open to the foreign than has been recognized before, with far-reaching effects on its orientation.

This Is a Classic Regina Galasso, 2023-01-26 This Is a Classic illuminates the overlooked networks that contribute to the making of literary classics through the voices of multiple translators, without whom writers would have a difficult time reaching a global audience. It presents the work of some of today's most accomplished literary translators who translate classics into English or who work closely with translation in the US context and magnifies translators' knowledge, skills, creativity, and relationships with the literary texts they translate, the authors whose works they translate, and the translations they make. The volume presents translators' expertise and insight on how classics get defined according to language pairs and contexts. It advocates for careful attention to the role of translation and translators in reading choices and practices, especially regarding literary classics.
