Cyber Worship in Multifaith Perspectives Mohamed Taher, 2006 Cyber Worship in Multifaith Perspectives, as is implied by its name, explores worship (i.e., Prayer, Praise, Scripture, Sacrament, Rituals, Confessions, Eucharist, Rites, Pilgrimages, Reflection, Contemplation, etc.) on the Internet. It is not an 'everything you need to know' guide about the subjects of faith and belief, religions-online, religions on the Net, or religions in cyberspace. Rather, it is a book about religious and spiritual experience under the rubric, cyber worship, which is the variety of ways religious devotion is performed and carried out on the Internet. The term 'Cyber Worship' is a catchall phrase, which includes variants such as online worship, virtual worship, electronic prayer, cyber puja, cyber synagogue, and so on. Dr. Mohamed Taher has thus assembled a quick reference for two groups: those communities that are involved in Cyber Worship and business Webs that collaborate in sustaining wired environments. As such, this book provides an interesting and current perspective on a practice that will continue to grow in the future.

A Resurrection Gospel: The Glorious Simplicity of Biblical Eschatology Joseph R. Holder, 2017-03-13 The Christian gospel is good news precisely because it proclaims Christ's victory over death. A resurrection motif runs through every part of the apostolic gospel, like a golden thread that ties a garment together. As he works his way through the primary resurrection passages in God's word, Joe Holder explains how the literal, historical fact of Christ's resurrection underpins not only the Biblical doctrine of salvation, but also the doctrine of the end-times, as well as its teaching on Christian ethics. In a word, Biblical eschatology does not have to be as complicated as some teachers make it. Biblical teaching on the end-times, in fact, is marked by a refreshing simplicity, by virtue of the centrality of the bodily resurrection of the dead. The good news of the gospel is Because He lives, we shall live also

Sermon Science Gregory J. Cizek, 2025-04-08 Sermon Science brings to bear research and key principles of learning to the development and delivery of sermons. This book provides all pastors, preachers, Sunday school teachers, and Bible study leaders with practical applications from the field of instructional design to move those hearing a sermon from mere listening to learning. Ultimately, the insights gained from Sermon Science will aid sermon listeners to more effectively recall, retain, and apply what they have heard. Not a "how-to" book or list of prescriptions, Sermon Science is a foundational resource for anyone interested in simple elements that can be incorporated to increase sermon impact.

Preaching for the Contemporary Service Prof. Joseph M. Webb, 2010-09-01 Preaching for the Contemporary Service is a guide to releasing the energy and creativity of the contemporary worship service within the sermon. Is the traditional sermon still relevant in contemporary worship settings or is it hopelessly out of place? Joseph Webb shows how improvisational preaching taps into the spontaneity of today's worship to engage audiences with the good news of Jesus Christ. To read a sample from the book click [here](#) Joe Webb grieves that much contemporary worship yawns at traditional preaching and pleads for a new kind of improvisational preaching that does justice to the biblical story and connects emotionally with today's listeners. Carefully explaining both strengths and dangers of improvisation, he draws on insights from theater and movie-making with much practical advice for planning improvisation. A lively and stimulating book to be taken seriously by any who would preach in contemporary services. --Michael J. Quicke, Professor of Preaching, Northern Seminary, and author of 360-Degree Preaching Joseph Webb has devoted his lifetime to the craft and mission of preaching. He brings fresh and cutting-edge insight with the wisdom of a sage and the foresight of a prophet to a whole new emerging generation of communicators. --Gene Appel, Lead Pastor, Willow Creek Community Church Bull's-eye! Joe Webb's theory of improvisational preaching hits the target for effective communication in the digital age. And here's why I love it: Lots of people will tell me what to do; Joe shows me how! --Tommy Kiedis, Teaching Pastor, Memorial Presbyterian Church, and Director of Leadership Development, Reformed Theological Seminary "This book shows us how to improvise our preaching without compromising the Scripture, a welcome help to those of us working to revitalize the worship of the church." --Kenton C. Anderson, ACTS Seminaries of Trinity Western University Joseph M. Webb is Dean of the School of Communication & Media and Professor of Global Media and Communications at Palm Beach Atlantic University. He has taught seminary courses in homiletics, and speech and communication classes at colleges and universities. He is the author of Preaching Without Notes, also published by Abingdon Press.

An Introduction to Religious Language Valerie Hobbs, 2020-12-10 Religious language is all around us, embedded in advertising, politics and news media. This book introduces readers to the field of theolinguistics, the study of religious language. Investigating the ways in which people talk to and about God, about the sacred and about religion itself, it considers why people make certain linguistic choices and what they accomplish. Introducing the key methods required for examining religious language, Valerie Hobbs acquaints readers with the most common and important theolinguistic features and their functions. Using critical corpus-assisted discourse analysis with a focus on archaic and other lexical features, metaphor, agency and intertextuality, she examines religious language in context. Highlighting its use in both expected locations, such as modern-day prayer and politics, and unexpected locations including advertising, sport, healthcare and news media, Hobbs analyses the shifting and porous linguistic boundaries between the religious and the secular. With discussion questions and further readings for each chapter, as well as a companion website featuring suggested answers to the reflection tasks, this is the ideal introduction to the study of religious language.

Preaching that Matters Lori J. Carrell, 2013-04-11 Listeners do love their pastors and they agree with the sermon content they hear,' Lori Carrell once explained to a group of pastors, 'but most sermons don't ask for change, and most listeners don't experience spiritual growth as a result of the sermon.' A participant responded: 'Let's get practical. I want my preaching to make a difference. What changes are worth making, and how do I make them?' In *Preaching that Matters*, Lori Carrell shares

answers to that question, drawing on the experiences of thousands of people—preachers and their listeners—whose effort she has studied over many years. In each chapter of this book, she offers research revelations about high impact preaching that will encourage and challenge readers to continue to grow as preachers. She then links these principles with Reflective Practice Challenges (RPCs), exercises that honor the rich experiences of pastors while opening opportunities for self-analysis, spiritual introspection, conversation with a trusted other, or implementation of research-based preaching recommendations. The activities have been used by hundreds of other pastors, and each RPC has been carefully selected for its demonstrated contribution to the process of transforming sermon communication. A selection of the RPCs are available as a downloadable file. E-mail resourcematerial@rowman.com for more information. As a communication expert, Carrell approaches preaching from a 'sermon communication' paradigm. She begins with the task of identifying the spiritually transformative purpose of the sermon and then explores exegeting, organizing, deepening, and delivering the sermon, as well as listening to the listeners and planning for continued transformation. Her own goal is simple: to inspire and equip clergy to make changes that will enhance the transformative power of their preaching. The Story of Narrative Preaching Mike Graves, 2015-03-02 Forty years ago the one thing that could be said about sermons was they were biblical. Unfortunately, they were sometimes tedious too. Narrative preaching aimed to fix that, advocating for a dynamic experience of the text over against a static lecture. Preaching could be like the parables of Jesus, intriguing and compelling. *The Story of Narrative Preaching* is the story of seven students who are enrolled in Professor Freeman's preaching course. Once a new trend, narrative preaching is now older than most of them. As Professor Freeman notes, two things went wrong with narrative styles: over time the church became biblically and theologically illiterate, and the promised stress on experience didn't always measure up to the weight of the gospel. Readers are invited to sit in on the class, to reflect on the expositional nature of preaching and to experience the stories of some modern storytellers--Flannery O'Connor, Alice Walker, and others--to see what they might teach us about narratives of depth. In the end we discover what may be the most important word in preaching.

Consecration Sunday Stewardship Program Guide with Download Library Herb Miller, 2022-05-03 Teaching Stewardship from a Spiritual Perspective--Consecration Sunday Program Guide, Revised and Updated Edition. Consecration Sunday approaches financing the ministries of your congregation by teaching stewardship from a spiritual perspective rather than a fundraising perspective. It focuses on the question, What is God calling me to do? rather than, What does the church need in order to pay its bills? This revised edition offers updated language, references, and statistics while keeping everything that has resonated with the program for more than 25 years intact. Digital materials available with the Program Guide are now available via Internet download, are updated and include social media posts in addition to letters and other proven

communications tools. The Consecration Sunday Stewardship Program is a proven winner; it has helped thousands of congregations increase financial giving by 15% to 30%. What do I need to get started? Order the Stewardship Program Guide (9781791024024) and gather a team. Purchase copies of the Team Member Guide (9781791024048), one for each member of your team. These resources provide complete instructions for implementing the program successfully. Also Available: Consecration Sunday Estimate of Giving Cards Pkg. of 100 (9780687064069) Living Gratitude Devotional (9781791024062) Does it work? Thousands of congregations have experienced 15% to 30% increases in financial giving with the Consecration Sunday Stewardship Program the first year plus additional significant increases in subsequent years of its use. One congregation obtained these impressive multi-year results: First year, a 14.4% increase in giving; second year, 10.3% increase; third year, 13.4% increase; fourth year, 13.6%; and fifth year, 19.6% increase. A congregation's financial secretary said, More than two-thirds of our households made some degree of annual increase each year we used Consecration Sunday. And each year we used the program, four to six additional households decided to tithe (some of those donors grew from giving 4 percent of their income to giving 10 percent of their income).

SAVANTING: Outperforming your Potential Lauren Holmes, 2019-10-01 This penetrating comparative analysis of Bill Gates, Steve Jobs, Jeff Bezos, Mark Zuckerberg, Oprah Winfrey, and other superachievers revealed an astonishing truth. Incredibly, they all deployed the same success strategy - a strategy which Savanting arms everyone to duplicate. In actuality, these illustrious careers demonstrate a new way of operating. Savanting: Outperforming your Potential unveils an unprecedented, "biology-based" protocol for achieving one's most sought-after career and life goals. Imagine what you could accomplish with biological maximization. This breakthrough protocol was developed over the decades of this author's career maximization work. Her real-life experimentation was informed by her degree in bio-anthropology and her own innate predisposition for this work. Famous superachievers are not the only ones to use this remarkable achievement-enhancing methodology. Surprisingly, it is also behind the unexplained superskills of savants. It enables them to "outperform their potential" to achieve incredible feats of genius from deficient brains theoretically incapable of them. Persuasive arguments suggest that this biology-driven protocol makes savant-like functionality accessible to everyone. According to this award-winning author, we merely need to exploit the links between internal and external biology which have co-evolved to increase human adaptivity and potential. This is how you too may "outperform your assumed potential." Consequently, this new internal-external protocol empowers creativity from noncreatives; breakthroughs from the nonbrilliant; prophetic vision from nonvisionaries; and accelerated execution from the execution-challenged. In Savanting's final chapters, this just-proved success formula is then projected out to show how man's most desired goals can be byproducts of applying it - · the extreme self-knowledge of enlightenment; · self-actualization and self-transcendence; · meaningful contribution; · self-love and happiness; · wholeness and the self-repair necessary to achieve it; · expanded and even cosmic consciousness; and · a reliable

process for identifying one's true biology-defined purpose and attaining one's greatest intrinsic and extrinsic rewards. These byproducts suggest we have access to an elevated level of human potential simply by changing how we operate. These byproducts therefore have profound implications for how future generations will function. Not only will there be a fundamental revision to our method of operation but to the expansions of consciousness from which we'll achieve. The path of human evolution becomes obvious. Savanting is an opportunity for you to discover what you are truly capable of achieving and experiencing. This avant-garde protocol is an opportunity for you to facilitate our inevitable evolution. Join the movement to operate as the future human now.

Proclaiming the Gospel Brian K. Peterson, This volume emphasizes the Lutheran tradition for use in preaching, the Bible, its Archimedean theological insights, and its notion of preachings place within the larger liturgical and societal setting. Working from across the whole array of seminary disciplines, the faculty of Lutheran Theological Southern Seminary forges this practical resource around a single vision: the Church of Christ lives from the power of the Word of God, both the law and the gospel. Preaching this Word is a means of grace by which God creates and shapes a redeemed community.

Engaging Exposition Dr. Daniel L. Akin, Bill Curtis, Stephen Rummage, 2011-05-12 In the homiletics field, a text has been needed that blends hermeneutics, sermon development, and sermon delivery. Engaging Exposition fills that gap with what its experienced authors call a 3-D approach to preaching. Bill Curtis writes about the Discovery process—how to equip the student to discover the meaning of a biblical text by using sound principles of interpretation, and to move from biblical analysis to biblical interpretation. Danny Akin addresses the Development process—how to equip the student to develop expository sermons based upon results of the interpretive process, and to move from the Main Idea of the Text (MIT) to the completed sermon. Stephen Rummage explains the Delivery process—how to equip students to deliver expository messages using the completed sermon, and to move from an understanding of speech communication principles to persuasive delivery.
