Legislative Scrutiny, 2005

Legislative Scrutiny Great Britain: Parliament: Joint Committee on Human Rights, 2012-11-26 The Committee expresses concern about the lack of clarity in the Bill introduced by the power to confer counter-terrorism functions on the National Crime Agency, since the need for this has not been demonstrated and the intended review of current counter-terrorism policing structures in England and Wales has not yet been carried out. The Committee is also concerned about provisions for the National Crime Agency to be exempt from freedom of information legislation. The Committee welcomes measures in the Bill to promote diversity in judicial appointments, although it believes the Bill does not go far enough in this respect. The Committee does not agree with the Bill's proposal to allow the Lord Chancellor to sit as a member of the selection commission for the appointment of the President of the Supreme Court and the Lord Chief Justice, in place of his current

power of veto over the recommendation of that commission. The Bill confers on the Lord Chancellor a broad power to lift the current restrictions on filming and broadcasting of court proceedings. But However, despite the safeguards in the Bill and the Government's stated intention to proceed incrementally, the Committee is concerned that vulnerable victims and witnesses may be deterred from the judicial process and that certain defendants may not receive the protection their vulnerability demands. The Committee urges a much more cautious approach and recommends, before any extension of this power, that the Government conduct a more comprehensive public consultation, carry out a more detailed impact assessment, and conduct a review of the operation of this power after an elapse of years.

The Jane Trilogy Nadine Henry, 2012-03-09 Meet Jane. Not the stereotypical, angelic and gentle vicars daughter you may first picture in your mind, but more like her Reverend father than she ever realised in later years. Expect the unexpected - three stories about Jane on her journey of discovery about her own sexuality, naivety, loves and losses. Jane's innocence and gullible nature open the door to the unbelievable and opens her soul to the heartache that follows it. Feel the anticipation of the revelations in her family that shake the security she then seeks to find in her adult life as she falls foul to manipulation in desperation to find happiness and feel the happy ever after she craves. Jane is the kind of person who learns the hard way and feels the devastation of the blows life throws at her, with still, undoubtedly more to come. She is the unfortunate casualty of her self, as she takes the risks others would never dare to try, only to end up in the turmoil of the situations she presents

to herself. Follow the humorous tales of her journey through life and feel the drama it inevitably deals. Witness the highs and lows of the roller coaster of what could only be another adventure pending, because she's ultimately Jane.

The Broadview Guide to Grammar, Usage, and Punctuation Corey Frost, Karen Weingarten, Doug Babington, Don LePan, Maureen Okun, 2024-02-21 For many years, the coverage of grammar and usage in *The Broadview Guide to Writing* has received particular praise. Now, for the first time, that material is made available in a stand-alone volume. Readable, reliable, and comprehensive, *The Broadview Guide to Grammar, Usage, and Punctuation* is appropriate for students at all post-secondary levels. The book is divided into four sections. The Grammar section provides unrivalled coverage of complete and incomplete sentences, dangling constructions, and other subjects that give many writers special difficulty. The Usage section offers sensible and up-to-date advice on hundreds of points that frequently cause confusion. The Punctuation section provides a wealth of helpful guidance on all aspects of punctuation, with particular attention paid to such vexed questions as when to use the colon and the semi-colon, and (when using quotation marks) how to properly integrate quotations into one's

own text. A final section, English as an Additional Language, gives a wide range of helpful advice on special issues that may arise for those whose native language is not English. A companion website provides hundreds of exercises on every topic covered in the book itself. Many of these are interactive; on completing an exercise, students are told how they did—and explanations are provided as to why the right answers are right and the wrong answers are wrong.
