

Who Does Belly Lose Her Virginity To In The S

Jay Robert Nash, Stanley Ralph Ross

The Talmud of Jerusalem Moïse Schwab, 2022-04-26 The Jerusalem Talmud probably originated in Tiberias in the School of Johanan ben Nappaha. It is a compilation of teachings of the schools of Tiberias, Sepphoris and Caesarea. It is written largely in a western Aramaic dialect that differs from its Babylonian counterpart.

Sexualities in Context Rebecca Plante, 2014-11-13 Written in an accessible and clear manner, *Sexualities in Context* presents focused overviews and explorations of some of the most timely issues in the social construction of sex. This brief text is the only book of its kind to address sexualities from a social perspective, Plante's analysis of the context of sexuality, sexual behaviors, and identities is both intelligent and readable. With contemporary topics, such as 'hooking up,' sexual fantasies, and bisexualities, along with examples of how to apply critical thinking, students are empowered to think outside their comfort zones and encouraged to explore the topic of sex in a new context.

Before Sexuality Froma I. Zeitlin, John J. Winkler, David M. Halperin, 2020-11-10 A dream in which a man has sex with his mother may promise him political or commercial success--according to dream interpreters of late antiquity, who, unlike modern Western analysts, would not necessarily have drawn conclusions from the dream about the dreamer's sexual psychology. Evidence of such shifts in perspective is leading scholars to reconsider in a variety of creative ways the history of sexuality. In these fifteen original essays, eminent cultural historians and classicists not only discuss sex, but demonstrate how norms, practices, and even the very definitions of what counts as sexual activity have varied significantly over time. Ancient Greece offers abundant evidence for a radically different set of sexual standards and behaviors from ours. Sex in ancient Hellenic culture assumed a variety of social and political meanings, whereas the modern development of a sex-centered model of personality now leads us to view sex as the key to understanding the individual. Drawing on both the Anglo-American tradition of cultural anthropology and the French tradition of *les sciences humaines*, these essays explore the iconography, politics, ethics, poetry, and medical practices that made sex in ancient Greece not a paradise of liberation but an exotic locale hardly recognizable to visitors from the modern world. In addition to the editors, the contributors to this volume are Peter Brown, Anne Carson, Françoise Frontisi-Ducroux, Maud W. Gleason, Ann Ellis Hanson, François Lissarrague, Nicole Loraux, Maurice Olender, S.R.F. Price, James Redfield, Giulia Sissa, and Jean-Pierre Vernant.

One Size Does Not Fit All K. Megan Hopper, Sarah S. LeBlanc, 2022-11-22 This edited collection explores the

malleability and influence of body image, focusing particularly on how media representation and popular culture's focus on the body exacerbates the crucial social influence these representations can have on audiences' perceptions of themselves and others. Contributors investigate the cultural context and lived experiences of individuals' relationships with their bodies, going beyond examination of the thin, ideal body type to explore the emerging representations and portrayals of a diverse set of body types across the media spectrum, paving the way for future research on this topic. Scholars of media studies, popular culture, and health communication will find this book particularly useful.

Vernacular Voices Kirsten A. Fudeman,2011-06-06 A thirteenth-century text purporting to represent a debate between a Jew and a Christian begins with the latter's exposition of the virgin birth, something the Jew finds incomprehensible at the most basic level, for reasons other than theological: Speak to me in French and explain your words! he says. Gloss for me in French what you are saying in Latin! While the Christian and the Jew of the debate both inhabit the so-called Latin Middle Ages, the Jew is no more comfortable with Latin than the Christian would be with Hebrew. Communication between the two is possible only through the vernacular. In *Vernacular Voices*, Kirsten Fudeman looks at the roles played by language, and especially medieval French and Hebrew, in shaping identity and culture. How did language affect the way Jews thought, how they interacted with one another and with Christians, and who they perceived themselves to be? What circumstances and forces led to the rise of a medieval Jewish tradition in French? Who were the writers, and why did they sometimes choose to write in the vernacular rather than Hebrew? How and in what terms did Jews define their relationship to the larger French-speaking community? Drawing on a variety of texts written in medieval French and Hebrew, including biblical glosses, medical and culinary recipes, incantations, prayers for the dead, wedding songs, and letters, Fudeman challenges readers to open their ears to the everyday voices of medieval French-speaking Jews and to consider French elements in Hebrew manuscripts not as a marginal phenomenon but as reflections of a vibrant and full vernacular existence. Applying analytical strategies from linguistics, literature, and history, she demonstrates that language played a central role in the formation, expression, and maintenance of medieval Jewish identity and that it brought Christians and Jews together even as it set them apart.

Enlightened Virginity in Eighteenth-Century Literature C. Harol,2006-09-02 Enlightened Virginity in Eighteenth-Century Literature analyzes the history of the English virgin at the height of her celebrity. In so doing, it presents new arguments about the early English novel and its relationship to science, religion, and feminist theory.

The Hispanic Connection Zenia S. DaSilva,2004-04-30 DaSilva draws together key essays dealing with the span of Spanish and Latin American arts, ranging from literature, music, film, and ballet to painting. Scholars and researchers involved with the scope of Spanish and Spanish American arts will find this collection of particular value. The selections center on basic themes including the icons of Spain, the use of characters from classic Spanish literature in performing and visual arts, romantic and modern Spanish writers and their influences, and the fusion of Mexican and Spanish culture. The selections center on ten basic themes: The early icons of Spain; the uses of Don Quixote from operas to painting; Don Juan is given a similar treatment, with theater, film, and ballet in addition to literature and opera; an examination of areas of fusion of Spanish and Mexican culture; Spanish Romantics in opera and ballet; modern writers whose work appears in musical transcription; modern writers whose novels appear in film; an examination of works that parody earlier pieces; a survey of the interrelationship between painting and its literary sources; and a look at the variegated artistic peregrinations of such contemporaries as Marquez, Puig, Skarmeta, and others. Scholars and researchers involved with the scope of Spanish and

Spanish American arts will find this collection of particular value.
