

De Cive Hobbes

Thomas Hobbes

De Cive Thomas Hobbes, Howard Warrender, 1983 A scholarly edition of the English version of works by Thomas Hobbes. The edition presents an authoritative text, together with an introduction, commentary notes, and scholarly apparatus.

Hobbes: On the Citizen Thomas Hobbes, 1998-08-20 *De Cive* (On the Citizen) is the first full exposition of the political thought of Thomas Hobbes, the greatest English political philosopher of all time. Professors Tuck and Silverthorne have undertaken the first complete translation since 1651, a rendition long thought (in error) to be at least sanctioned by Hobbes himself. *On the Citizen* is written in a clear, straightforward, expository style, and in many ways offers students a more digestible account of Hobbes's political thought than the *Leviathan* itself. This new translation is both accurate and accessible, and is itself a significant scholarly event: it is accompanied by a full glossary of Latin terms, a chronology, bibliography, and an expository introduction. Throughout the editors have emphasised consistency in the translation and usage of Hobbes's basic conceptual vocabulary, respecting Hobbes's own concern for accurate definition of terms.

Man and Citizen Thomas Hobbes, 1991-01-01 A reprint of the 1972 Doubleday edition. Contains the most helpful version of Hobbes's political and moral philosophy available in English. Includes the only English translation of *De Homine*, chapters X-XV. Features the English translation of *De Cive* attributed to Hobbes.

On the Citizen (de Cive) Thomas Hobbes, 2015-12-16 Thomas Hobbes (5 April 1588 - 4 December 1679), was an English philosopher, best known today for his work on political philosophy. Although Hobbes was a strong believer in the right of sovereigns to rule absolutely, Hobbes developed the political philosophy that laid the foundation for theories like social contract theory that have formed the backbone of Western democracy. Hobbes also wrote about history, mathematics, physics, ethics and philosophy, writing at length about human nature and the strength of self-interest, often referred to as materialism. Among Hobbes' work, his most famous and important is *Leviathan*, titled after the Biblical character. Hobbes' *Leviathan* expounds at length upon the structure of society and legitimate government, becoming one of the most influential political philosophies in the West's history. *Leviathan* weds social contract theory to an absolute sovereign, calling upon legitimate government to protect the natural rights of its people. Written during the English Civil War, Hobbes argues a strong centralized government is necessary to avoid war and upheaval.

De Cive Thomas Hobbes, 2000

The Early Latin Versions of Thomas Hobbes's De Cive Howard Warrender, 1980

De Cive Thomas Hobbes, 2009-06 Thomas Hobbes (1588-1679) was an English philosopher, remembered today for his work on political philosophy. His 1651 book *Leviathan* established the foundation for most of Western political philosophy from the perspective of social contract theory. He also contributed to a diverse array of fields, including history, geometry, physics of gases, theology, ethics, general philosophy, and political science. He was one of the main philosophers who founded materialism. He visited Florence in 1636 and later was a regular debater in philosophic groups in Paris, held together by Marin Mersenne. Hobbes's first area of study was an interest in the physical doctrine of motion and physical momentum. Despite his interest in this phenomenon, he disdained experimental work as in physics. He built a good reputation in philosophic circles and in 1645, he was chosen with Descartes, Gilles de Roberval and others, to referee the controversy between John Pell and Longomontanus over the problem of squaring the circle. His other works include: *The Elements of Law Natural and Politic* (1640) and *De Cive (The Citizen): Philosophical Rudiments Concerning Government and Society* (1651).

Three-Text Edition of Thomas Hobbes's Political Theory Deborah Baumgold, 2017-05-15 An exciting English-language edition which for the first time presents Thomas Hobbes's masterpiece *Leviathan* alongside two earlier works, *The Elements of Law* and *De Cive*. By arranging the three texts side by side, Baumgold offers readers an enhanced understanding of Hobbes's political theory and addresses an important need within Hobbes scholarship. The parallel presentation highlights substantive connections between the texts and makes it easy to trace the development of Hobbes's thinking. Readers can follow developments both at the 'micro' level of specific arguments and at the 'macro' level of the overall scope and organization of the theory. The volume also includes parallel presentations of Hobbes's chapter outlines, which serve as a key to the texts and are collected in a précis appendix.

Thomas Hobbes. De Cive Thomas Hobbes, 1995

Thomas Hobbes: De cive Otfried Höffe, 2018-03-05 Thomas Hobbes' Lebensaufgabe besteht in einer wissenschaftlichen Staatsphilosophie. Dabei stellt er sich den drei Herausforderungen seiner Epoche: methodisch dem Beweisideal der Mathematik, politisch der blutigen Wirklichkeit der Kriege und Bürgerkriege und moralisch dem Schwinden gemeinsamer Überzeugungen. Weil er sich allen drei Herausforderungen stellt, zugleich sie miteinander verbindet, schafft er das die Tradition stürzende Argumentationsmuster der politischen Moderne, die Vertragstheorie. Mit ihr bringt er eine der größten Staatsphilosophien der abendländischen Geistesgeschichte hervor. In *De cive / Vom Bürger* (1642), das noch vor dem *Leviathan* (1651) entstand, finden sich bereits zahlreiche von Hobbes' zentralen Gedanken zur politischen Philosophie. Diese

Schrift wird hier durchgängig von international renommierten Autoren kommentiert. Mit Beiträgen von Jeremy Adler, Ronald Asch, Dirk Brantl, Franz Hespe, Moritz Hildt, Otfried Höffe, Heiner Klemme, Elif Özmen, Dietrich Schotte, Peter Schröder, Patricia Springborg, Tom Sorell und Lothar Waas.

De Cive Thomas 1588-1679 Hobbes, 2021-09-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Collected Political Works: *Leviathan* + *De Cive* (On the Citizen) + *The Elements of Law* + *Behemoth*, or *The Long Parliament* Thomas Hobbes, 2013-11-10 This carefully crafted ebook: "The Collected Political Works: *Leviathan* + *De Cive* (On the Citizen) + *The Elements of Law* + *Behemoth*, or *The Long Parliament* " contains 4 books in one volume and is formatted for your eReader with a functional and detailed table of contents. The Collected Political Works, written by Thomas Hobbes, described his views on how humans could thrive in harmony while avoiding the perils and fear of societal conflict. His experience during a time of upheaval in England influenced his thoughts, which he captured in *The Elements of Law*, *De Cive* (On the Citizen), *Behemoth*, or *The Long Parliament* and his most famous work, *Leviathan*. *Leviathan*, published in 1651, concerns the structure of society and legitimate government, and is regarded as one of the earliest and most influential examples of social contract theory. Written during the English Civil War (1642-1651), *Leviathan* argues for a social contract and rule by an absolute sovereign. Hobbes wrote that civil war and situations identified with a state of nature

and the famous motto *Bellum omnium contra omnes* (the war of all against all) could only be averted by strong central government. *De Cive* ('On the citizen') was Hobbes's first published book of political philosophy. The book was published originally in Latin from Paris in 1642. This work focuses more narrowly on the political and anticipates themes of the better-known *Leviathan*. The *Elements of Law*, which Hobbes circulated in 1640, is the first work in which Hobbes follows his typical systematic pattern of starting with the workings of the mind and language, and developing the discussion towards political matters. As his book seemed to support the King against the claims of Parliament, Hobbes began fearing for his welfare, and so, later that same year, departed for Paris, where he would remain in hiding for the next eleven years. Hobbes came into the orbit of Mersenne's circle once again and, for some of time, served as the mathematics tutor of a young, fugitive prince who would later become King Charles II. *Behemoth* (also known as *The Long Parliament*), completed around 1668 and not published until after Hobbes's death, represents the systematic application of this framework to the English Civil War. Thomas Hobbes (1588-1679), whose current reputation rests largely on his political philosophy, was a thinker with wide-ranging interests. In philosophy, he defended a range of materialist and empiricist views against Cartesian and Aristotelian alternatives. In physics, his work was influential on Leibniz, and led him into disputes with Boyle and the experimentalists of the early Royal Society. In history, he translated Thucydides' *History of the Peloponnesian War* into English, and later wrote his own history of the Long Parliament. In mathematics he was less successful, and is best remembered for his repeated unsuccessful attempts to square the circle. But despite that, Hobbes was a serious and prominent participant in the intellectual life of his time.

The English Works of Thomas Hobbes. Electronic Edition. De Cive Thomas Hobbes, 1995 The Past Masters The English Works of Thomas Hobbes database contains all of Hobbes' English Works as published in *The English Works of Thomas Hobbes*, London: J Bohn, 1839-1845. This volume is *De Cive*.
