**The Poetry of Pop** Adam Bradley, 2017-03-28 A trailblazing exploration of the poetic power of popular songs, from Tin Pan Alley to the Beatles to Beyoncé and beyond. Encompassing a century of recorded music, this pathbreaking book reveals the poetic artistry of popular songs. Pop songs are music first. They also comprise the most widely disseminated poetic expression of our time. Adam Bradley traces the song lyric across musical genres from early twentieth-century Delta blues to mid-century rock 'n' roll to today's hits. George and Ira Gershwin's "Fascinating Rhythm." The Rolling Stones' "(I Can't Get No) Satisfaction." Rihanna's "Diamonds." These songs are united in their exacting attention to the craft of language and sound. Bradley shows that pop music is a poetry that must be heard more than read, uncovering the rhythms, rhymes, and metaphors expressed in the singing voice. At once a work of musical interpretation, cultural analysis, literary criticism, and personal storytelling, this book illustrates how words and music come together to produce compelling poetry, often where we least expect it.

Multiliteracies in English as an Additional Language Classrooms Luciana C. de Oliveira, Ana Maria Menda, Cristiane Vicentini, 2021-04-01 This book presents different practices and strategies for the English as an additional language classroom as well as units that could be adapted to various grade levels, English language proficiency levels, and linguistic and cultural backgrounds. The research, lessons, and concepts included in the book present innovative ideas in EAL education. The chapters are the result of a professional learning program for 30 English as a Foreign Language (EFL) teachers from Brazil, held at the University of Miami's School of Education and Human Development in the Spring semester of 2018. The program, entitled "Six-Week English Language Certificate Program for High School English Teachers from Brazil (PDPI)," contained several components related to language development and methodology, including orality, reading, writing, linguistic and grammatical knowledge, and interculturality. The program was guided by the principle of multiliteracies, with a focus on English language development through new possibilities to participate in meaning making that incorporates verbal, visual, body language, gestures, and audiovisual resources.

**Too Much Too Young** Sheila Whiteley, 2013-10-18 Too Much Too Young investigates how age and gender have shaped the careers and images of pop music stars, examining the role of youth and youthfulness in pop music through a series of

themed case studies. Whiteley begins by investigating the exploitation of child stars such as Brenda Lee and Michael Jackson, offering a psychoanalytic reading of the relationship between child star and oppressive manager, and looks at the current glut of boy- and girl- bands and stars in the mold of Britney Spears to examine the continuing fatal attraction of stardom for adolescents. Whiteley then considers the star images of female singer-songwriters Kate Bush, Tori Amos, and Bjork, whose 'little girl' voices and characterization by the media suggests a girlish femininity which is often at odds with the intentions of their musical output. She then moves on to explore the rock/pop divide as it affects the image of male performers, considering why male stars usually fall into the category of 'wild boys' such as Kurt Cobain or Jim Morrison, or 'nice boys', like Cliff Richard, The Monkees, and Wham! Whiteley ends by asking what happens to stars who set so much store by manipulations of youthfulness when they begin to age, and points to stars like Robbie Williams, Kylie Minogue and Cher to demonstrate that it is possible to achieve iconic pop status even without dying young.

*Five Star Music Makeover* Coreen Sheehan, Anika Paris, Bobby Borg, Eric Corne, Michael Eames, 2016-03-01 (Music Pro Guide Books & DVDs). In order to achieve success in today's music industry, artists must first do a great deal of work on their own. Learning the required skills can take years of real-life experience, and hiring personal coaches, studio professionals, and consultants can be costly. But now, for the first time, there's an invaluable resource to help you meet these challenges. *Five Star Music Makeover* is an engaging all-in-one guide designed specifically for aspiring artists. Written by five experts with over 100 years of collective experience, both on and off the stage, this unique book covers five key skills every musician needs to succeed: (1) improving vocal production/technique; (2) writing memorable and marketable songs; (3) recording your ultimate EP; (4) navigating the publishing world; and (5) promoting music effectively. Also included are insiders' stories and anecdotes, helpful tips, creative exercises, celebrity interviews, and all the practical expertise necessary to develop a successful music career. *Five Star Music Makeover* is a complete and practical career guide a resource that transforms artists from good to great.

Applying Music in Exercise and Sport Costas I. Karageorghis, 2016-08-22 Music has been intertwined with exercise and sport for many decades, and recent advancements in digital technology and personal listening devices have significantly strengthened that bond. *Applying Music in Exercise and Sport* combines contemporary research, evidence-based practice, and specific recommendations to help exercise and sport professionals, coaches, students, researchers, and enthusiasts use music to enhance enjoyment, motivation, and performance of physical activity. Readers will explore the psychological and physiological effects of music and learn how to apply scientific principles to personal workouts, group exercise classes, and both individual and team sport settings. Globally known authority and author Costas I. Karageorghis draws from contemporary research in an emerging field of academic study, exploring the application of music in the domain of exercise and sport. Respected psychologist and consultant for major organizations such as British Athletics, England Rugby, Nike, Red

Bull, Spotify, IMG, Sony, and Universal Music, Karageorghis incorporates his unique experiences as a performer, researcher, and practitioner in music and sport to create a groundbreaking text that provides readers with an understanding of how music can play an important role in enhancing the experience of exercisers and athletes. Though *Applying Music in Exercise and Sport* is grounded in scientific research, content is presented in a way that is easy to comprehend and apply. Readers benefit from tools such as these:

- Recommended playlists for a variety of exercise- and sport-specific settings that provide a guide to selecting and segueing music tracks
- Tip boxes that help readers determine which track to play to promote or suppress certain emotions
- Case studies that illustrate the process of identifying a goal, selecting an appropriate music program, and evaluating outcomes

*Applying Music in Exercise and Sport* presents an interdisciplinary approach to selecting, integrating, and studying music in physical activity settings. Part I introduces the science of how music can help in exercise and sport and how it can be used to influence specific behaviors and emotions. Legal considerations regarding the use of music in exercise and sport environments are also covered. A range of assessment methods are provided for exercise and sport professionals that will enable them to select music and measure its effectiveness when used in individual, group, or team settings. Part II focuses on using music to enhance the exercise experience in both individual and group settings. Individual exercise types that are examined include flexibility, aerobic, and strength workouts, while group exercise activities include popular fitness classes such as Spinning, yoga, and circuit training. Part III focuses on how music can enhance sport training and performance, providing rich insight for coaches and competitive athletes participating in individual sports such as cycling, golf, gymnastics, martial arts, and tennis and in team sports such as basketball, soccer, baseball, and American football. *Applying Music in Exercise and Sport* facilitates creation of effective playlists, empowers music-related interventions, and enables assessment of the effects of music in the field. Collectively, these music-related skills promote purposeful selection of tracks, optimize psychological responses, and enhance performance.

Fleetwood Mac All the Songs Olivier Roubin, Romuald Ollivier, 2025-04-01 *Fleetwood Mac All the Songs* dives deep into the unique and often fraught recording history of the mega-bestselling and hugely influential rock band. Packed with captivating photographs and fascinating behind-the-scenes details, it's a must-have for any music history fan. Fleetwood Mac is the one of the most enduring, endearing, and drama-filled bands in rock history whose triumphs, struggles, and music continue to resonate with generations of listeners. This thorough dissection of every album and every song ever released by the beloved rock group follows the band's many iterations from their self-titled debut in 1968 (when they were known as Peter Green's Fleetwood Mac) to the classic Rumours era featuring the core line-up of Lindsey Buckingham, Mick Fleetwood, Christine McVie, John McVie, and Stevie Nicks, all the way up to the passing of Christine McVie in November 2022. The writing and recording process of each and every track is dissected, discussed, and analyzed by authors Olivier Roubin and Romuald Ollivier, through the band's many breakups and shakeups. *Fleetwood Mac All the Songs* draws upon years of

research to recount the circumstances that led to the composition of every song the band ever wrote, as well as the details behind their in-studio recording process. Also featuring hundreds of photographs, including rare black-and-white publicity stills, images of instruments used by the band, and engaging shots of the musicians in-studio, this is a must-have book for any true fan of classic rock.

*Lyrics and Limericks* John Davies, 2009-04-12 In the 'Land of Song and Literature' that is Wales, what could be more natural than writing music and poetry? So this book is a collection of song lyrics and limericks. It is primarily a light-hearted look at the worlds of song writing and poetry. But it is much more than that. It is also a patchwork quilt of interviews, autobiography and mythology. Each lyric and set of limericks is preceded by prose, related (sometimes tenuously) to the reason for writing the verse. The lyrics were not written as poems, they are verses divorced from their musical settings. Are song lyrics poetry? This is a theme which runs through the book. Nine authors and songwriters were asked this question. The list of those who contributed is like a 'Who's Who' of Welsh music and poetry. Dannie Abse, Steve Balsamo, Peter Finch, Ron Griffiths, Paul Henry, Gwyneth Lewis, Robert Minninnick, Mal Pope and solitary Scot Al Stewart. Their answers to this and other questions make fascinating reading. There is also a previously unpublished short poem from Robert Minninnick and a two line verse from Paul Henry. What was their conclusion? Are song lyrics the same as poetry? For the answers be sure to read the entertaining 'Lyrics and Limericks'. Book reviews online: PublishedBestsellers website.

**Beastie Boys Book** Michael Diamond, Adam Horowitz, 2018-10-30 #1 NEW YORK TIMES BESTSELLER • A panoramic experience that tells the story of Beastie Boys, a book as unique as the band itself—by band members ADROCK and Mike D, with contributions from Amy Poehler, Colson Whitehead, Wes Anderson, Luc Sante, and more. The inspiration for the Emmy-nominated Apple TV+ “live documentary” *Beastie Boys Story*, directed by Spike Jonze NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Rolling Stone • The Guardian • Paste Formed as a New York City hardcore band in 1981, Beastie Boys struck an unlikely path to global hip hop superstardom. Here is their story, told for the first time in the words of the band. Adam “ADROCK” Horowitz and Michael “Mike D” Diamond offer revealing and very funny accounts of their transition from teenage punks to budding rappers; their early collaboration with Russell Simmons and Rick Rubin; the debut album that became the first hip hop record ever to hit #1, *Licensed to Ill*—and the album’s messy fallout as the band broke with Def Jam; their move to Los Angeles and rebirth with the genre-defying masterpiece *Paul’s Boutique*; their evolution as musicians and social activists over the course of the classic albums *Check Your Head*, *Ill Communication*, and *Hello Nasty* and the Tibetan Freedom Concert benefits conceived by the late Adam “MCA” Yauch; and more. For more than thirty years, this band has had an inescapable and indelible influence on popular culture. With a style as distinctive and eclectic as a Beastie Boys album, *Beastie Boys Book* upends the typical music memoir. Alongside the band narrative you will find rare photos, original illustrations, a cookbook by chef Roy Choi, a graphic novel, a map of Beastie Boys’ New York, mixtape playlists, pieces by

guest contributors, and many more surprises. Praise for Beastie Boys Book “A fascinating, generous book with portraits and detail that float by in bursts of color . . . As with [the band’s] records, the book’s structure is a lyrical three-man weave. . . . Diamond’s voice is lapidary, droll. Horovitz comes on like a borscht belt comedian, but beneath that he is urgent, incredulous, kind of vulnerable. . . . Friendship is the book’s subject as much as music, fame and New York.”—The New York Times Book Review “Wild, moving . . . resembles a Beastie Boys LP in its wild variety of styles.”—Rolling Stone

**Bipolar in Barbados** Christian Browne, 2019-01-19 Mania or the Holy Spirit? That is the main question Christian Browne found himself asking 12 years after his first manic episode (recounted in *Bipolar in Barbados: A Memoir of My First Manic Episode*). Was my experience of God within me, the Holy Spirit, really God through and through? Was my experience of God purely biological? Was the Holy Spirit a chemical reaction in my brain? Or was the Holy Spirit a series of electrical signals flowing along synapses and neurons? When a series of unfortunate circumstances creates a shortage of lithium Christian finds himself lead on a spiritual journey which takes him halfway around the world and deeper into his faith than ever before. Recommended for anyone who has experienced profoundly powerful spiritual experiences during the course of their bipolar disorder.

**Get Shown the Light** Michael Kaler, 2023-10-13 Michael Kaler demonstrates that the Grateful Dead developed a radical new way of playing rock music as a means to unleashing the spiritual and transformative potential of their music.

*Modern Scandinavian Songs* Reinald Werrenrath (Jr.), 1925

**The Poetics of American Song Lyrics** Charlotte Pence, 2012 Poets, teachers, and musicologists fusing studies of form, scansion, and musical creation to redefine the place of the American bard

**The Words and Music of Frank Zappa** Kelly Fisher Lowe, 2007-10-01 A deep look at the work of one of the most insightful and incisive critics of late 20th-century American culture.

*Listen to Rap!* Anthony J. Fonseca, 2019-09-26 *Listen to Rap! Exploring a Musical Genre* provides an overview of this kinetic and poetic musical genre for scholars of rap and curious novices alike. *Listen to Rap! Exploring a Musical Genre* discusses the 50 most influential, commercially successful, and important rappers, rap crews (bands), rap albums, and rap singles. Rap began as an American phenomenon, so the book's emphasis is on Americans, although it also includes information on Canadian, British, Indian, and African rappers and crews. Its organization makes information easily accessible for readers, and the emphasis on the sound of the music gives readers a new angle from which to appreciate the music. Unlike other titles in the series, this volume concentrates solely on rap music. Included in the book are rappers who range from the earliest practitioners of the genre to rappers who are redefining the genre today. A background section introduces the genre, while a legacy section shows how rap has cemented its place in the world. Additionally, another section shows the tremendous impact rap has had on popular culture.

ISMIR 2008 Juan Pablo Bello, Elaine Chew, Douglas Turnbull, 2008

**Gateways to Understanding Music** Timothy Rice, Dave Wilson, 2022-11-14 Gateways to Understanding Music, Second Edition, explores music in all the categories that constitute contemporary musical experience: European classical, popular, jazz, and world music. Covering the oldest forms of human music making to the newest, this chronology presents music from a global rather than a Eurocentric perspective. Each of 60 gateways addresses a particular genre, style, or period of music. Every gateway opens with a guided listening example that unlocks a world of music through careful study of its structural elements. How did the piece come to be composed or performed? How did it respond to the social and cultural issues at the time, and what does that music mean today? Students learn to listen to, explain, understand, and ultimately value all the music they encounter in their world. New to this edition is a broader selection of musical examples that reflect the values of diversity, equity, and inclusion advocated by North American universities. Eight gateways have been replaced. A timeline of gateways helps students see the book's historical narrative at a glance. Features Values orientation - Diverse, equitable, and inclusive approach to music history. All genres of music - Presents all music as worthy of study, including classical, world, popular, and jazz. Global scope within a historical narrative - Begins with small-scale forager societies up to the present, with a shifting focus from global to European to American influences. Recurring themes - Aesthetics, emotion, social life, links to culture, politics, economics, and technology. Modular framework - 60 gateways - each with a listening example - allow flexibility to organize chronologically or by the seven themes. Consistent structure - With the same step-by-step format, students learn through repeated practice how to listen and how to think about music. Anthology of scores - For those courses that use the textbook in a music history sequence. Gateways to Understanding Music continues to employ a website to host the audio examples and instructor's resources.

*Fifty songs* Robert Franz, 1903
