Dragon City James Axler,2012-05-01 AFTER THE END Humanity has been held in subjugation for thousands of years, manipulated by a cruel alien race. But what began as a game among self-styled gods evolved into an internecine power play. Divided by ego and greed, the enemy faced resistance—and a reckoning—from an intrepid group of human rebels. But now the Cerberus operation lies in disarray, its members missing or broken, even as the Annunaki threat is reborn in a new and more horrifying form. THE GOD MACHINE Enlil, cruelest of them all, is set to revive the sadistic pantheon that will rule the Earth. Based in his vast Dragon City, Enlil plans to create infinite gods—at the cost of humankind. With the Cerberus team at its lowest ebb, can they possibly stop his twisted plan? Or are they, too, destined to be absorbed by the God Machine?

His death was greeted with a powerful soul. Beast taming, pill concocting, and male sex treatment were all very easy to deal with. He was the well-known retarded emperor of the West Yuan Kingdom. Butterfly's Dream Marian C. Ghilea,2018-09-02 "Once upon a time, I dreamed I was a butterfly..." This is how Chuang Tzu's famous anecdote begins. It is a short parable about the relativity of perception, written more than two thousand years ago. Many of us have experienced similar situations and wondered at times if we could tell dreams from reality. "Butterfly's Dream" expands Chuang Tzu's story into a surreal quest of adventure, romance, and self-discovery at the end of the 18th century. Despite the fantasy-like atmosphere, the novel accurately follows the laws of physics and would best fit into the "hard sci-fi" category. Alberto is the second lieutenant on Excelsior, a military brig involved mostly on sea-patrolling missions. He has a keen interest in science and a mind inclined towards exploration and introspection. Most of his sailing trips are uneventful, with his ship transporting troops and ammunition to various locations managed by the navy. But things are about to change. When the ship encounters a magnetic storm, the crew members find themselves sailing in uncharted waters. The next day, Excelsior casts anchor at the pier of a mysterious city that doesn't seem to be located on Earth. Soon, Alberto becomes involved in complex events that make him question the surrounding reality and even his sanity. The fabulous world he gets to explore looks nothing like the world from his space and time. And what are space and time, after all? In this place so different from Earth, Alberto meets Nivit, a beautiful and accomplished physician, and falls in love with her. Soon, they are swept into an unexpected journey of adventure and self-discovery that carries them through stranger and stranger realms and realities. Can the rational mind defy the irrational? Can love defend against extreme weather and death? Does time always flow in the same direction? What is real? What is a dream? A mirror reflecting itself. What would it show? A mirror reflecting another mirror. What would it see? Look inside the mirror, open the door, step onto the path stretching beyond its surface, and you might find out. Are you ready? If you enjoy reading this story, I have a favor to ask: Please write a review about it and recommend it to your friends! But only if you like it!

The Story of Unreason Rit Mitra, Whose songs linger in the rain? Whose memories call out at night? Unreason — who is she? I have always wondered. Perhaps, so have you. The Story of Unreason is the story of Reason's impossible quest. It also tells of the lives of Reason's children — humans, spirits, and beyond in their thousands. Most importantly, it tells of the one he once loved, fought, and ultimately forgot. It is an abstract and complex work of philosophical fiction. This book will not hold your hand. It does want a dance with you, however. It will take you to places it is afraid to go, and tell you things you used to know. Will you let it? Who is this book for? 1. Those who think compulsively, feel deeply, and struggle to fit into their world — don't worry, the book feels the same way. 2. Readers drawn to the new, the experimental, the strangely unfamiliar. 3. Those who follow their thoughts to their furthest depths, just as Reason himself does. 4. Open-minded readers who thrive on artistic challenge. Who may struggle with it? 1. Those expecting a traditional story with familiar tropes and emotional cues. 2. Readers seeking strict literary realism — Unreason is both a dream and a reality. 3. Those who dislike abstract, metaphor-rich prose. 4. Those who read quickly — Unreason demands a slow, immersive experience. The Story of Unreason exists because it must. It is not for everyone, but perhaps, it is for you. Come. See. Hear. Know. And eventually, forget.

The Strongest Elementalist Xuan Ye, 2020-10-12 The current Queen Ao Jiao who dominated the Azure Sea, had been reborn as the ninth lady of the Leng Clan of a foreign land. Who would have thought that trash would actually be a peerless genius among top elementalists! His talent was outstanding, yet he was pretending to be a pig to eat the tiger while leaning on a tree to conceal his strength. When the family suffered a calamity, who would turn the tide and restore their prestige? When the top elementalist school came to recruit new students, who was it that was able to amaze and shock the entire audience? In the continent's selection test, who broke the record and reached the top in glory? A sword, a book, a beautiful face. But when she met him, the Queen met the King, the firewood met the fire, and the burning flower of love spanned ten thousand years. He said, If the people of the world bully you, humiliate you, slander you, I will destroy the world! She said, If someone loves you, kisses you, loves you, I'll give it up ... From her point of view, this was an extremely good deal. In his eyes, it was an extremely arduous and dangerous journey to find a wife. Fire and dry wood? A pair! This was a strong alliance between strong men and strong women. This was a sweet pursuit by a running man.
