**grammaticality - Using "And" at the beginning of a sentence** Jan 29, 2014 · But recently, I have seen so many prints, either in entertainment or in academia, where "And" is popularly used in the beginning of a sentence. It seems like the author is trying to connect the sentence just right before and the sentence following "And" in some intended meaning which I don't quite get. **Is it acceptable to start a sentence with "however"?** The prior sentence seems relevant, however, some people are beginning to doubt this. Otherwise, why not remove the however so the sentence is concise - some people are beginning to doubt this. Alternatives to "then", "next" (at the beginning of the phrase) in ... Mar 23, 2018 · What is the nature of the items being enumerated with these words? What determines the order: is it chronology, a logical argument, a ranking in order of importance? How long is the description of each of them in the paper? All of these affect how you might introduce each point. I don't necessarily read "Then" and "Next" as informal. **word choice - "At the beginning" or "in the beginning"? - English ...** Are both expressions "At the beginning" "In the beginning" valid and equivalent? The first "seems wrong" to me, but it has more Google results. *Is there a difference in meaning between "from the beginning" and ...* I think from the beginning puts a little more emphasis and focus on the significance of the beginning. If you were talking about a business, perhaps "he" was there in the planning process and integral to starting the business. Since the beginning places more emphasis on the intervening time period. **Interpreting "Begin at the beginning, the King said, very gravely, ...** Aug 16, 2022 · Begin at the beginning, the King said, very gravely, and go on till you come to the end: then stop. The "go on in till you come to the end" seems to suggest hard work and determination till you reach your goal. But I feel I'm missing a few nuances here—in particular, the significance of "gravely" and "stop". How would you interpret this quote? **When do we need to put a comma after "so" at the beginning of a ...** Jun 19, 2011 · Of those 871 instances, 465 were at the beginning of a sentence; 51 immediately followed a semicolon; and 355 immediately followed a comma. [Link to Full Tabulation \(PDF\)](#) Although in my experience, So-comma was sometimes seen earlier than 2000 in under-edited business writing, it is mostly a child of the 2000s. **word choice - "At the beginning" or "during the beginning"?** Sep 18, 2020 · There's also "In the beginning" which is a little more extended than "At the beginning" so is similar to "During the beginning" but is much more common. **Is there a word meaning "append", but at the beginning, not the ...** Location zero would be at the beginning, location 1 is after the first character, etc. Thus, my practical answer to your question in a programming context is

that the opposite of "append" is "insert (0)". Note that insert is useful to insert at any known offset into a string. **What is the difference between the nouns start and beginning?** Dec 12, 2014 · The period will start in 15 minutes. vs I can barely remember the beginning of the period. Start has the sense of being a fixed point in time, while beginning could possibly refer to any time between the start and the halfway point.
