

Modernidade Líquida Bauman

Passarelli, Brasilina

Modernidade líquida (Nova edição) Zygmunt Bauman, 2021-06-04 No livro clássico de sua obra — agora em novo projeto gráfico —, o sociólogo Zygmunt Bauman examina como se deu a passagem de uma modernidade “pesada” e “sólida” para uma modernidade “leve” e “líquida”, infinitamente mais dinâmica. Zygmunt Bauman cumpre aqui sua missão de sociólogo, esclarecendo como se deu a transição da modernidade e nos auxiliando a repensar os conceitos e esquemas cognitivos usados para descrever a experiência individual humana e sua história conjunta. É a essa tarefa que se dedica este livro. Analisando cinco conceitos básicos que organizam a vida em sociedade — emancipação, individualidade, tempo/espaço, trabalho e comunidade —, Bauman traça suas sucessivas formas e mudanças de significado. Modernidade líquida complementa e conclui a análise realizada pelo autor em *Globalização: As consequências humanas* e *Em busca da política*. Juntos, esses três volumes formam uma análise brilhante das condições cambiantes da vida social e política.

Liquid Modernity Zygmunt Bauman, 2013-07-10 In this new book, Bauman examines how we have moved away from a 'heavy' and 'solid', hardware-focused modernity to a 'light' and 'liquid', software-based modernity. This passage, he argues, has brought profound change to all aspects of the human condition. The new remoteness and un-reachability of global systemic structure coupled with the unstructured and under-defined, fluid state of the immediate setting of life-politics and human togetherness, call for the rethinking of the concepts and cognitive frames used to narrate human individual experience and their joint history. This book is dedicated to this task. Bauman selects five of the basic concepts which have served to make sense of shared human life - emancipation, individuality, time/space, work and community - and traces their successive incarnations and changes of meaning. *Liquid Modernity* concludes the analysis undertaken in Bauman's two previous books *Globalization: The Human Consequences* and *In Search of Politics*. Together these volumes form a brilliant analysis of the changing conditions of social and political life by one of the most original thinkers writing today.

Vida líquida Zygmunt Bauman, 2007 Este livro procura apresentar um compêndio dos efeitos que a estrutura social e econômica, com base no que é descartável e efêmero, gera na vida, seja no amor, nos relacionamentos profissionais e afetivos, na segurança pessoal e coletiva, no consumo material e espiritual, no conforto humano e no próprio sentido da existência. Em 'Vida líquida', Zygmunt Bauman retoma o tema da fluidez da existência contemporânea, segundo o sociólogo, a 'precificação' generalizada da vida social e a destruição criativa própria do capitalismo suscitam uma condição humana na

qual predominam o desapego, a versatilidade em meio à incerteza e a vanguarda constante do eterno recomeço.

Vigilância Líquida Zygmunt Bauman, 2014-01-16 Atualmente, nos governos, no setor privado e, sobretudo, no ramo de proteção, impera uma noção onipresente de segurança - contra ameaças terroristas, contra a ação de hackers, mas também contra os outros, os desconhecidos. Já que o risco nos espreita nos mais inesperados recantos da vida cotidiana, acatamos as medidas de segurança para o nosso próprio bem - e assim nos tornamos servos voluntários de uma vigilância que não se mostra, invisível, mas que nos vê. Em Vigilância líquida, Zygmunt Bauman reflete sobre a fluidez da segurança no mundo de hoje. E explica a proliferação, em toda parte, dos dispositivos de controle, que incluem desde câmeras de vigilância a escâneres corporais. Como tudo na modernidade líquida, a vigilância se dilui e se insinua no dia a dia, culminando com os mecanismos de fiscalização digital, postos em prática pela internet e as redes sociais.

Cegueira moral Zygmunt Bauman, Leonidas Donskis, 2014-07-24 Do mesmo autor do best-seller Amor Líquido. O mal não está restrito às guerras ou às circunstâncias nas quais pessoas atuam sob condições de coerção extrema. Hoje ele se revela com frequência na insensibilidade diária diante do sofrimento do outro, na incapacidade ou recusa de compreendê-lo e no desejo de controlar a privacidade alheia. A maldade e a miopia ética se ocultam naquilo que consideramos comum e banal na vida cotidiana. Esse livro é composto por cinco diálogos de Zygmunt Bauman com Leonidas Donskis, filósofo, cientista político e historiador das ideias, professor de ciência política na Universidade de Vytautas Magnus, na Lituânia, e membro do Parlamento Europeu.

These lifestyle changes have made digital literacy the new written literacy, where those who are not able to use computers are unable to function and perform everyday tasks. The Handbook of Research on Comparative Approaches to the Digital Age Revolution in Europe and the Americas explores the new ways that technology is shaping our society and the advances it is bringing, along

with potential drawbacks, such as human jobs being replaced by computers. This expansive handbook is an essential reference source for students, academics, and professionals in the fields of communication, information technology, sociology, social policy, and education; it will also prove of interest to policymakers, funding-agencies, and digital inclusion program developers. This handbook features a broad scope of research-based articles on topics including, but not limited to, computational thinking, e-portfolios, e-citizenship, digital inclusion policies, and information literacy as a form of community empowerment.

The Astonishing Adolescent Upheaval in Psychoanalysis Roosevelt Cassorla, Silvia Flechner, 2024-02-26 This book brings together international contributors to share insight from their theoretical and clinical work with adolescents, considering the different psychopathological responses they see in adolescent patients and how these can be worked with in analysis. Each chapter addresses a specific topic, focusing on representing the clinical realities facing psychoanalysts in treating adolescents with different types of disturbances at the psychic level. They cover a range of situations and perspectives, including discussion of maternal violence, the erotic field, self-mutilation, and social withdrawal, with a core focus on issues affecting contemporary adolescents. Bringing together a vast range of experience, *The Astonishing Adolescent Upheaval in Psychoanalysis* presents a new approach which re-establishes the impact of the responses of significant objects in the impasses present in narcissistic suffering. This book will be of great interest to all psychoanalytic and psychodynamic clinicians working with adolescents.

Identidade Zygmunt Bauman, 2005-11-08 Zygmunt Bauman, um dos maiores teóricos da atualidade, mostra como a identidade se tornou um conceito-chave para o entendimento da vida social na era da modernidade líquida. Identidade volta a uma questão central do pensamento de Zygmunt Bauman em alguns de seus livros: no mundo de hoje, qual é o espaço do eu e do outro? Qual é a medida da liberdade individual? E do respeito ao próximo, com todas as suas diferenças? É possível construir uma identidade sem levar a alteridade – o outro – em conta? A sobrevivência de um Estado-nação moderno pode se afirmar na falência ou na negação de outros estados? Nessa entrevista que concedeu ao jornalista italiano Benedetto Vecchi, um dos maiores teóricos da atualidade mostra como a identidade se tornou um conceito-chave para o entendimento da vida social na era da modernidade líquida – termo que Bauman cunhou para falar do esgarçamento das relações na atualidade. Segundo o sociólogo, à medida que nos deparamos com as incertezas e as inseguranças da modernidade líquida, nossas identidades sociais, culturais, profissionais, religiosas e sexuais sofrem um processo de transformação contínua. Isso nos leva a buscar relações transitórias e fugazes e faz com que soframos as angústias inerentes a essa situação. A confusão atinge os valores, mas também as relações afetivas: Estar em movimento não é mais uma escolha: agora se tornou um requisito indispensável, afirma Bauman.

Amidst the Flow Richard Alexander Reichert, 2024-04-11 This book presents data and discusses the results of research

conducted on crack cocaine consumption and other drug use in the city of São Paulo, Brazil, specifically in the area commonly referred to as Cracolândia (Crackland). This context is marked by high social vulnerability, rife with numerous inequalities, violence, and human rights violations. The work describes the living conditions of individuals in this setting, narrating their social trajectories, urban itineraries, motivations for substance use, perspectives, and life projects. The book provokes a crucial debate concerning the iatrogenic effects resulting from prohibitionist-repressive war on drugs policies. It highlights potential alternative paths for formulating and implementing public policies and psychosocial interventions. 'Amidst the Flow' serves as a valuable resource for researchers and professionals in the fields of addiction studies, healthcare, sociology, law, and drug policy-making. It presents a compelling call for a paradigm shift in drug policies.

Zygmunt Bauman Peter Beilharz, 2000-01-11 This measured and thoughtful book provides a comprehensive critical commentary on Bauman's social theory. It explores the roots of his ideas in questions of capital and labour, and explains how these ideas flourished in Bauman's later writings on culture, intellectuals, utopia, the holocaust, modernity and postmodernism. Bauman's work has been wide-ranging and ambitious. This book fulfils the objective of providing an authoritative critical guide to this essential thinker.

Legisladores e intérpretes Zygmunt Bauman, 2010-09-10 Qual o papel dos intelectuais no desenvolvimento cultural de seu tempo? A pergunta que intrigou e ainda intriga tantos pensadores é respondida de forma brilhante por Zygmunt Bauman. Partindo da natureza da cultura nos períodos que se convencionou chamar de modernidade e pós-modernidade, ele examina a formação da categoria de intelectual e sua progressiva passagem da função de legislador à de intérprete. Na modernidade, o intelectual tinha a tarefa de formar os homens. Sua função de legislador era legitimada pelo conhecimento superior sobre as coisas do mundo e decisiva para o aperfeiçoamento da ordem social. Na pós-modernidade, o intelectual é caracterizado pelo trabalho de intérprete: procura facilitar a comunicação entre indivíduos, atuando como uma espécie de negociador em tempos de globalização e de afirmação de diversidades. Um livro fundamental para a compreensão de nossa época. • Prefácio

especial do autor explicando como criou o conceito de modernidade líquida a partir da crítica da noção de pós-modernidade.

The Disobedience of Design Gui Bonsiepe, 2021-12-02 This volume presents for the first time in English a curated selection of writings by the design thinker Gui Bonsiepe from the 1960s to the present day. Addressing as it does questions of non-Western design and a design practice that is both radical and democratic, Bonsiepe's work has assumed new importance for current debates inspired by global political and environmental crises. Structured into three sections, the anthology first addresses Bonsiepe's work on design theory and practice, particularly in relation to the history and contemporary relevance of the Ulm design school, where Bonsiepe was a professor in the 1960s. A second section then represents Bonsiepe's writings after his move to South America in the 1960s and '70s, where he worked as a design consultant for the Allende government in Chile before the military takeover. In writings from the period, Bonsiepe explores the concept of design 'at the periphery' and the relationship of national design traditions and practices in Latin American countries to those of 'the core' - Western European and American design. The final section comprises selections of Bonsiepe's writings on design in relation to literacy and language, visuality and cognition. This indispensable volume includes new interviews with Bonsiepe as well as his original, previously unpublished texts.

Tempos líquidos Zygmunt Bauman, 2007-07-06 Em Tempos líquidos, Zygmunt Bauman faz uma reflexão profunda sobre a insegurança, sobretudo nas grandes cidades. A insegurança é a marca fundamental dos tempos líquido-modernos. Terrorismo, crime organizado, desemprego e solidão: todos esses são fenômenos típicos de uma era na qual a exclusão e a desintegração da solidariedade expõem o homem aos seus temores mais graves. Segundo Bauman, o desmonte dos mecanismos de proteção aos menos favorecidos, somado aos efeitos incontáveis gerados pela globalização, propiciou um ambiente inseguro por definição. Assim, as metrópoles se tornam o local por excelência das ansiedades. Construídas para fornecer proteção a todos os seus habitantes, as cidades hoje em dia se associam com mais frequência ao perigo que à segurança, afirma Bauman. Não à toa, para ele, é no medo que se baseia a legitimidade da política contemporânea, incapaz de alcançar a origem global dos problemas — o que acaba por alimentar, ainda mais, as angústias da vida na modernidade líquida.

Career Substance Over Form Emerson W. Dias, 2023-09-01 Substance over form is an accounting guideline, but it applies to our lives perfectly, after all, what do we seek if not happiness? The realization of our essence? In all the choices we make, conscious of them or not, and even when we do not choose, we only act on what has been assigned to us by life, by circumstance, it is always it that we seek and what does not lead us to it that we avoid. Somehow, we try to realize our essence, and the work, the delivery, the construction, the realization of something, the formation of skills, the character of usefulness for the whole, our contribution, it is given by our work, whether we have chosen it or not, whether we have been

vocated or not. The socio-economic context in which we live can become a barrier or a lever for our realization, but under no circumstances will we be able to accomplish something if we do not understand what that something is first. That's what we talk about in this book! About us (our essence), our work (the form) and our circumstances. Here you will find a manual for your career, enjoy your reading!
