

The Real Anthony Fauci Pdf

Larry Schweikart

Limited Boxed Set: The Real Anthony Fauci Robert F. Kennedy Jr., 2023-02-14 #1 on AMAZON, and a NEW YORK TIMES, WALL STREET JOURNAL, USA TODAY and PUBLISHERS WEEKLY NATIONAL BESTSELLER Pharma-funded mainstream media has convinced millions of Americans that Dr. Anthony Fauci is a hero. He is anything but. As director of the National Institute of Allergy and Infectious Diseases (NIAID), Dr. Anthony Fauci dispenses \$6.1 billion in annual taxpayer-provided funding for scientific research, allowing him to dictate the subject, content, and outcome of scientific health research across the globe. Fauci uses the financial clout at his disposal to wield extraordinary influence over hospitals, universities, journals, and thousands of influential doctors and scientists—whose careers and institutions he has the power to ruin, advance, or reward. During more than a year of painstaking and meticulous research, Robert F. Kennedy Jr. unearthed a shocking story that obliterates media spin on Dr. Fauci . . . and that will alarm every American—Democrat or Republican—who cares about democracy, our Constitution, and the future of our children’s health. *The Real Anthony Fauci* reveals how “America’s Doctor” launched his career during the early AIDS crisis by partnering with pharmaceutical companies to sabotage safe and effective off-patent therapeutic treatments for AIDS. Fauci orchestrated fraudulent studies, and then pressured US Food and Drug Administration (FDA) regulators into approving a deadly chemotherapy treatment he had good reason to know was worthless against AIDS. Fauci repeatedly violated federal laws to allow his Pharma partners to use impoverished and dark-skinned children as lab rats in deadly experiments with toxic AIDS and cancer chemotherapies. In early 2000, Fauci shook hands with Bill Gates in the library of Gates’ \$147 million Seattle mansion, cementing a partnership that would aim to control an increasingly profitable \$60 billion global vaccine enterprise with unlimited growth potential. Through funding leverage and carefully cultivated personal relationships with heads of state and leading media and social media institutions, the Pharma-Fauci-Gates alliance exercises dominion over global health policy. *The Real Anthony Fauci* details how Fauci, Gates, and their cohorts use their control of media outlets, scientific journals, key government and quasi-governmental agencies, global intelligence agencies, and influential scientists and physicians to flood the public with fearful propaganda about COVID-19 virulence and pathogenesis, and to muzzle debate and ruthlessly censor dissent.

God and Gaia Michael S Northcott, 2022-12-22 *God and Gaia* explores the overlap between traditional religious cosmologies and the scientific Gaia theory of James Lovelock. It argues that a Gaian approach to the ecological crisis involves

rebalancing human and more-than-human influences on Earth by reviving the ecological agency of local and indigenous human communities, and of nonhuman beings. Present-day human ecological influences on Earth have been growing at pace since the Scientific and Industrial Revolutions, when modern humans adopted a machine cosmology in which humans are the sole intelligent agency. The resultant imbalance between human and Earthly agencies is degrading the species diversity of ecosystems, causing local climate changes, and threatens to destabilise the Earth as a System. Across eight chapters this ambitious text engages with traditional cosmologies from the Indian Vedas and classical Greece to Medieval Christianity, with case material from Southeast Asia, Southern Africa and Great Britain. It discusses concepts such as deep time and ancestral time, the ethics of genetic engineering of foods and viruses, and holistic ecological management. Northcott argues that an ontological turn that honours the differential agency of indigenous humans and other kind, and that draws on sacred traditions, will make it possible to repair the destabilising impacts of contemporary human activities on the Earth System and its constituent ecosystems. This book will be of considerable interest to students and scholars of the environmental humanities, history, and cultural and religious studies.

Unyielding Thomas L. Rempfer, 2024-06-11 Unyielding tackles a recurring topic of national importance as a history lesson for future generations. Controversial illegal medical mandates impacted military populations for many decades, but it was not until the COVID-era that the American people witnessed similar overreach. Colonel Tom “Buzz” Rempfer’s memoir retraces the anthrax vaccine history since it marked the first time the military was served with court rulings condemning premeditated illegal experimentation on our nation’s troops. The advent of COVID mandates, imposed on the population in 2021, gave the American people a taste of the mistreatment previously reserved for our nation’s warriors. Legal protections enacted by the Congress to guard against medical experimentation, meant to ensure safe, effective, and FDA-approved products, were instead adulterated to foist mandates on American society. According to the FBI, the motive for the anthrax letter lab leaks in 2001 was to “rejuvenate” the “failing” anthrax vaccine. Similarly, the suspected Wuhan lab leak two decades later resulted in a push for COVID injections. The pattern of fear-based bioincidents resulting from reckless biodefense enterprises, and lessons not learned with illegal mandates, paralyzed government and military leaders while wreaking havoc on the trust and health of our troops and the American people. Buzz’s decades-long analysis of the breakdowns stands as a unique treatise on the failures of leaders to learn lessons from these enduring clashes and to correct the damage. Future generations will sort out the aftermath, but in the meantime, Colonel Rempfer’s Unyielding effort attempts to ensure that the lessons are not lost.

A Patriot's History of Globalism Larry Schweikart, 2024-02-20 Larry Schweikart has won wide acclaim for his number one New York Times bestseller, *A Patriot's History of the United States*. Now, with *A Patriot's History of Globalism*, Schweikart shows that globalism, or the attempt to form a one-world government is nothing new. In the wake of Napoleon's

defeat in 1814, the globalists of the day (mostly monarchs) sought to create a governing arrangement for Europe. Within forty years, three of the major participants were at war with each other. After World War I, they tried again at Versailles, this time even more aggressively changing boundaries of nations and moving populations. That attempt only lasted twenty years before another major war between the participants. Yet again, after World War II, globalists used the threat of the atomic bomb to try to form an international government with the United Nations. Most recently, the World Economic Forum and World Health Organization are attempting to minimize nationalities with global control of money and medicine. But there are signs this tide has been reversed and is finally in decline. A Patriot's History of Globalism is the gold standard text for the history of globalism.

Let My People Breathe! Unmasking the Mask Controversy With Science and Scripture Dr. Jerry Scheidbach, Sarah Green, PA-C, 2023-07-10 The title, Let My People Breathe!, is adapted from the Exodus when God sent Moses to Pharaoh with His demand: Let my people go! When you read this book, you will understand the urgency that is reflected in the title. Let My People Breathe! examines science and Scripture to answer two questions regarding mask mandates: (1. Do masks work (what does the science say), and (2. Are mask mandates moral, do they violate personal liberties (what do the Scriptures say)? Dr. Scheidbach is known among his peers and his radio/podcast followers of the Brain Massage® show as a fastidious researcher of high integrity. In preparation for writing this book, he examined 964 scientific and technical studies searching for the answer to question No. 1 — do masks work? He discovered that while many late studies purport to support public masking to control the spread, not one provides scientific proof that surgical or cloth masks offer adequate protection against infection by something so small as a virus. Furthermore, he discovered our natural filtration provides far superior protection than the masks recommended by CDC, WHO, and Fauci. And disturbingly, he discovered masks can interfere with natural filtration and actually facilitate infection. He documents his research thoroughly in his book and provides his readers access to every article he examined, along with his extensive research notes (over 800 pages), in separate downloadable files. (Free to all who purchase Let My People Breathe!) On the second question, what does the Bible say about mask mandates, Dr. Scheidbach brings to his readers over 50 years of extensive biblical studies, including formal training culminating in an earned Doctorate in Theological Studies (graduating summa cum laude). He addresses questions about a Christian's responsibility to obey governments with biblical integrity and refreshing candor. He shows what the Bible actually says about the purpose and limits of government. His explanation of Romans 13 is worth the price of this book! In this section of Let My People Breathe!, Dr. Scheidbach reveals that the mask mandate issue has far-reaching political and spiritual implications. Let My People Breathe! could be one of the most important books you read this year!

The Covid Consensus (Updated) Toby Green,Thomas Fazi,2023-01-05 During the first years of the pandemic, the political mainstream agreed that 'following the science' with hard lockdowns and vaccine mandates was the best way to preserve life. But social science reveals the true human cost of this policy. The Covid Consensus provides an internationalist-left perspective on the world's Covid-19 response, which has had devastating consequences for democratic rights and the poor worldwide. As the fortunes of the richest soared, nationwide shutdowns devastated small businesses, the working classes and the Global South's informal economies. Gender-based violence surged, and the mental health of young people was severely compromised. Meanwhile, unprecedented health restrictions prevented participation in daily life without proof of vaccination. Toby Green and Thomas Fazi argue that these policies grossly exacerbated existing trends of inequality, mediatisation and surveillance, with grave implications for the future. Rich in human detail, The Covid Consensus tackles head-on the refusal of the global political class and mainstream media to report the true extent of the erosion of democratic processes and the socioeconomic assault on the poor. As the world emerges from the pandemic to confront new modes of monitoring and control, this left-wing reappraisal of global Covid policies exposes the injustices and political failings that have produced the biggest crisis since the Second World War.

ReQovery Katrina Vaillancourt,2024-07-03 Unraveling QAnon: A Survivor's Guide to Recovery Over the past two years, Katrina Vaillancourt shared her story of entry into and exit from the QAnon conspiracy community with me for a book on which I was working. Her account is brimming with curiosity, insight, and vulnerability. So many of us have stereotypes of people who follow QAnon and other conspiracy theories, and we forget the very human reasons that people turn in this direction, which offers equally human strategies to bring them back. Through her radical openness, Katrina opens a door for those curious enough to listen instead of judging. Her message can help many. ~ Jamil Zaki, Stanford Professor of Psychology and author of War for Kindness and Hope for Cynics In the throes of the 2020 pandemic, Katrina Vaillancourt, a dedicated Bernie Sanders supporter and seasoned Nonviolent Communication trainer, found herself unexpectedly spiraling

down the rabbit hole of QAnon. *ReQovery: How I Tumbled Down the QAnon Rabbit Hole and Climbed Out* is her candid, vulnerable account of the six tumultuous months she spent ensnared by the Pastel Q phenomenon—a journey marked by shock, elation, deep disillusionment, and ultimately recovery. Navigating through intense emotional highs and devastating lows, Katrina's story is not just about the allure of a conspiracy that captivated millions worldwide, but also about the profound psychological toll it takes. With the world turned upside down by a global crisis, she delves into how sophisticated social media algorithms exploit our deepest fears and desires, creating echo chambers that reinforce extreme ideologies. Through her expertise in Nonviolent Communication, Katrina offers a rare glimpse into the subtle yet powerful ways our everyday interactions can either fuel division or foster understanding. *ReQovery* goes beyond a personal saga— it is a crucial guide laden with insights into dismantling the psychological traps set by movements like QAnon and reclaiming a sense of reality grounded in present-moment truths. This book is an indispensable resource for anyone struggling to understand a loved one lost to QAnon, providing not just context but also hope and practical solutions for bridging seemingly insurmountable ideological divides. Join Katrina on her journey back to rationality, equipped with empathy, clarity, and a heartfelt roadmap for healing. Topics Thoroughly Covered in *ReQovery*: • How could anyone intelligent fall into QAnon? • How on earth could a Bernie supporter flip to supporting Trump? • How did she get out? • What did others do that helped her come around? • What were the turning points that helped her question QAnon? And so much more. *ReQovery* is a must-read for anyone personally touched by or studying the challenges of misinformation and ideological extremism dividing our nation and harming the mental health of our people. As a scholar deeply committed to engaging our differences together in deliberation rooted in the fundamental American values we share, I find Katrina's path to be a powerful call to embrace our shared humanity. ~ Barbara A. McGraw, JD, PhD, professor of social ethics, law, public life and politics; author of *Rediscovering America's Sacred Ground: Public Religion and Pursuit of the Good in a Pluralistic America*. As a certified Nonviolent Communication trainer for over two decades, and a mediator before that, I struggled when two dear friends fell into QAnon in 2020. I had tried everything and still these relationships were suffering. When Katrina reached out to me for support during her recovery, our conversations provided mutual benefit. I offered her empathy, and she gave me insights into QAnon that I couldn't have gained otherwise. This education helped me rebuild and maintain close friendships with those holding different worldviews than my own. May the wisdom of Katrina's personal experience of recovery, as shared in this book, be a beacon of light for all who are seeking to restore relational bonds in the wake of QAnon. ~ Jim Manske, Nonviolent Communication assessor, trainer & mediator As an expert in neuroscience, trauma, and Compassionate Communication, I believe Katrina's story is essential to creating compassion and connection across political divides, especially divisions caused by QAnon. ~ Sarah Peyton, certified NVC trainer, founder of Resonance Healing, author of *The Antiracist Heart*

An Almost Insurmountable Evil Mike McCormick, 2025-02-11 Questioning Pope Francis? You are not alone. Catholics

around the world are puzzled by a pope who has defiled the Church of Jesus Christ with his overt politics. Questioning Joe Biden? You are not alone. His toxic presidency and destructive relationship with Barack Obama ended in an old man's whimper. Or was there more to it? Mike McCormick answers your questions with the truth: An almost insurmountable evil was done by an illegitimate pope, an unclean cardinal, a compromised president, his criminal vice president, and their win-at-all-cost operatives. Based on McCormick's experience as Joe Biden's White House Press Office stenographer, this eyewitness account details the globalist plots perpetrated by Cardinal Theodore McCarrick, Pope Francis, the CIA, President Barack Obama, Vice President Joe Biden, Hunter Biden, Denis McDonough, Anthony Fauci, and many others. McCormick reveals how the Obama-Biden White House networked the Catholic Church into human trafficking along the Southern Border; how it schemed Ukraine into becoming a biological warfare threat to Russia; and how it collaborated with China to release the Wuhan Pandemic to upend President Trump's 2020 campaign. In this point-by-point dissection of Obama-Biden Deep State overreach, and of what Archbishop Vigano refers to as the Deep Church, and of what Robert F. Kennedy, Jr. refers to as Deep Health, readers will understand the betrayal, death, economic destruction, and emotional damage perpetrated on them by their governments, the Catholic Church, and the globalist elites they serve.

The Big Fraud Troy E. Nehls, 2022-07-19 From riots in the summer of 2020 to COVID-19 lockdowns and mandates, the establishment and progressive elite were determined to destroy Donald Trump by any means necessary. Congressman Troy E. Nehls sets the record straight with his firsthand account of confronting rioters at the Chamber doors on January 6 and investigating as part of Republican Leader Kevin McCarthy's January 6 committee team.

The New Abnormal Aaron Kheriaty, 2022-11-01 The coronavirus pandemic conferred enormous power on certain government officials. They have no intention of giving it up. In the space of a few weeks in early 2020, Americans witnessed the imposition of previously unimagined social controls by the biomedical security state—the unelected technocrats who suddenly enjoyed nearly absolute power to incarcerate, isolate, and medicate the entire population. In this chilling new book, a dissident scientist reveals the people and organizations that form the biomedical security state its role in the origin of the pandemic and shaping the government response why it is a threat to science, public health, and individual freedom what can be done to confront and defeat this new Leviathan When covid-19 broke out, Dr. Aaron Kheriaty's work put him on the front lines. Realizing that the mental, physical, and economic toll of lockdowns was catastrophic, he began to protest that the cure was worse than the disease—an intolerable heresy. When he refused vaccination because he had natural immunity from a previous infection, the University of California, Irvine, medical school fired him. He fought back, in the courts and in the media, and has become a reliable source of truth amid official obfuscation and censorship. Now it's time for all of us to fight back. The deadly and arrogant misrule of the biomedical security state must not become the new normal.

Global Deception and the Issue of Freedom Ville Suutarinen, 2022-06-29 A Book about Current Events in Light of

Apocalyptic Trumpets Trumpets were signaling devices in ancient Israel, and a metaphorical and amazing message is hidden in them for the modern human being. The relationship between freedom and responsibility is a very current topic. Who has the authority to define the limits of freedom and responsibility? Which entity has the authority to decide who has the right to access freedoms? The forces of evil, including the Antichrist, aim to take the hold of this authority by deception. The great controversy between light and darkness concentrates on these issues, and it is a battle for our mindset and attitudes. Jesus Christ will have victory in the end. However, it is important to know the means of the hoax of Satan and the Antichrist, so that we would not be deceived. A global medical deception is part of the hoax. Liberty of conscience, not totalitarianism, is at the heart of God's mindset and government. The interpretation of the trumpets has a long tradition. This book continues the tradition by concentrating on the fifth and the sixth trumpet. Often in Protestantism the events of the fifth and the sixth trumpet are either situated into the past (so called traditional interpretation in Adventism) or they are seen to reach until the present time. In this book, we unite the two views and think that the trumpets are repeated in history. We aim to let the Bible interpret itself. Both global deception and freedom of conscience are issues which are grounded on God's Word. The book is a self-published work, and it contains 259 pages.

Soul-Less-Society-interior-ebook Angeline Marie,2023-11-28 In *Soul-Less Society*, Angeline Marie delivers a passionate wake-up call to Americans by exploring the spiritual battle behind our nation's decline from prosperity to moral decay. Drawing on biblical principles and extensive research, she exposes the systematic dismantling of Christian values that once formed America's foundation. From government overreach and banking corruption to media manipulation and educational indoctrination, Marie traces how globalist elites have orchestrated America's spiritual and cultural collapse—not merely as political strategy, but as spiritual warfare. She uncovers concerning connections between international organizations, technological surveillance, and the push toward a new world order that threatens individual freedoms. With unflinching analysis, Marie examines controversial topics including abortion, gender ideology, the pandemic response, and China's growing influence, arguing that all are symptoms of a society that has rejected God. Yet despite the bleak assessment, the book concludes with a message of hope and spiritual empowerment, providing readers with biblical strategies to reclaim their nation through faith. Both a political commentary and spiritual guidebook, *Soul-Less Society* challenges readers to recognize the true nature of America's conflicts and reclaim their nation through prayer, biblical principles, and informed civic engagement. A rallying cry for Christians to become active in preserving religious freedom and traditional values before it's too late. If you enjoyed *The Babylon Code*, *The Return of the Gods*, and *The Great Reset*, you'll love *Soul-Less Society*.

The Indoctrinated Brain Michael Nehls,2023-12-12 Global War on the Human Brain Throughout the world, mental capacity is declining, especially among young people, while depression rates are rising dramatically. Meanwhile, one in forty men and women suffers from Alzheimer's, and the age of onset is falling rapidly. But the causes are not being eliminated,

quite the opposite. Can this just be coincidence? The Indoctrinated Brain introduces a largely unknown, powerful neurobiological mechanism whose externally induced dysfunction underlies these catastrophic developments. Michael Nehls, medical doctor and internationally renowned molecular geneticist, lays out a shattering chain of circumstantial evidence indicating that behind these numerous negative influences lies a targeted, masterfully executed attack on our individuality. He points out how the raging wars against viruses, about climate change, or over national borders are—more likely intended than not—fundamentally providing the platform for such an offensive against the human brain that is steadily changing our being and is aimed at depriving us of our ability to think for ourselves. But it is not too late. By exposing these brain-damaging processes and describing countermeasures that anyone can take, Nehls brings light and hope to this fateful chapter in human history. Nothing less will be decided than the question of whether our species can retain its humanity and its creative power or whether it will lose them irretrievably.

Understanding American COVID-19 Pandemic Beliefs, Behaviors, Politics, and Society Herbert C. Covey, 2023-11-02 In Understanding American COVID-19 Pandemic Beliefs, Behaviors, Politics, and Society, Herbert C. Covey presents an overview of how the COVID-19 pandemic has impacted American society. He proposes that the social and political contexts leading up to and during the pandemic fueled differing and sometimes opposing attitudes and behaviors. Some Americans saw COVID-19 as a dangerous threat while others dismissed it as overblown. Covey observes that these divergent views occurred in a vacuum but were influenced by various political, historical, cultural, psychological, and social factors. He argues that Americans' social perceptions of the pandemic were affected by the unpredictability of the virus, erosion of trust in science and institutions, degradation of the news by biased news sources and social media, loss of critical thinking skills, denialism, truth decay, high emotions, racism, and unprecedented politicization of the pandemic. In addition, the susceptibility of some Americans to COVID-19 rumors, myths, misinformation, and conspiracies led them to make poor health decisions resulting in more severe cases of COVID-19 or, in some cases, death. The book includes data from numerous national surveys to document American beliefs and behaviors related to the pandemic. Finally, the author shows how these beliefs have led to protests, conspiracies, and social movements regarding pandemic responses.

“Covid-19,” Psychological Operations, and the War for Technocracy David A. Hughes, 2024-04-17 Camouflaged by “Covid-19,” an undeclared global class war was initiated in 2020, aimed at replacing liberal democracy with technocracy, a novel, biodigital form of totalitarianism. The opening campaign involved the largest psychological operation in history, intended to demoralise, disorientate, and debilitate the public. This volume deals with the application of shock and stress, trauma-based mind control, the use of fear and threat, cognitive attack, weaponised deception, and techniques for turning society against itself. This is an open access book.

Pandemia Alex Berenson, 2021-11-30 The most important fact about the coronavirus pandemic that turned the world

upside down in 2020 is that our response to it has been an epic overreaction driven by a disastrous confluence of public and private interests—all of them purporting to “follow the science.” Since the lockdowns began, millions of Americans have relied on the reporting of Alex Berenson. Exposing the hysteria and manipulation behind the worst failure of public policy since World War I, this clear-eyed journalist has been a critical source of reason and truth. The product of relentless investigation and research, *Pandemia* explains how an illness that many people will never even know they had became the occasion for economically ruinous lockdowns and the suppression of personal freedom on a previously unimaginable scale. Dispassionate, factual, and untainted by any agenda other than telling the truth, this is the account that pandemic-weary Americans desperately need.

Serious Adverse Events Celia Farber, 2023-03-23 “Farber [is] a lucid and courageous witness to the power-play behind the first ‘scamdemic,’ . . . [Her] work is journalism at its best—solid, lucid, and humane, attacking wrongs that few dare touch, and thereby helping right them.” —Mark Crispin Miller, bestselling author and professor of media studies at NYU On April 23, 1984, in a packed press conference room in Washington, DC, the secretary of health and human services declared, “The probable cause of AIDS has been found.” By the next day, “probable” had fallen away, and the novel retrovirus later named HIV became forever lodged in global consciousness as “the AIDS virus.” Celia Farber, then an intrepid young reporter for SPIN magazine, was the only journalist to question the official narrative and dig into the science of AIDS. She reported on the “evidence” that was being continually cited and repeated by health officials and the press, the deadliness of AZT, and Dr. Fauci’s trials on children, infants, and pregnant mothers. Throughout, Faber’s reportage was largely ignored. She was maligned, maliciously attacked, and ultimately canceled. Now, forty years after her original reporting, Farber’s *Serious Adverse Events: An Uncensored History of AIDS* is reissued with a new foreword by Mark Crispin Miller, shining much-needed light on her groundbreaking work once again. More relevant than ever, this book serves as an essential foundation to understanding its catastrophic sequel: COVID-19. *Serious Adverse Events* makes clear that the tactics employed at the height of HIV/AIDS—the fearmongering, cancel culture, and “woke” takeover of science, medicine, and journalism—persist today. The response to COVID-19 isn’t new: it is a well-trod and dangerous path in the social landscape. “Groundbreaking work.”—Bob Guccione, Jr., founder of SPIN magazine
