Yet Abhorsen Sabriel is lost, missing in Ancelstierre. Only Lirael has any chance of stopping the Destroyer. With her companions Sameth, Mogget and the Disreputable Dog, she travels across the Old Kingdom in a race against time, battling Shadow Hands and dark necromancers to reach Ancelstierre before it is too late. This eagerly awaited conclusion to Garth Nix's extraordinary trilogy of Old Kingdom books is a complex and vividly imagined story, powerful, terrifying and compelling. Across the Wall Garth Nix, 2005-07-05 A collection of fantasy short stories plus a novella that is set in the world of the Abhorsen trilogy.

The Old Kingdom Collection Garth Nix, 2014-10-14 Game of Thrones fans will love the New York Times bestselling Abhorsen series. Sabriel, the first installment in the series, launched critically acclaimed author Garth Nix onto the fantasy scene as a rising star. This collection gathers all four titles in the popular series, including the long-awaited prequel, Clariel. Sabriel: Since childhood, Sabriel has lived outside the walls of the Old Kingdom, away from the power of Free Magic, and away from the Dead who refuse to stay dead. But now her father, the Abhorsen, is missing, and Sabriel must cross into that world to find him. There she confronts an evil that threatens much more than her life and comes face-to-face with her own hidden destiny. . . . Lirael: Lirael has never felt like a true daughter of the Clayr. She doesn't even have the Sight—the ability to see into possible futures—that is the very birthright of the Clayr. Nevertheless she must undertake a desperate mission under the growing shadow of an ancient evil—one that threatens to break the very boundary between Life and Death itself. With only her faithful companion, the Disreputable Dog, to help her, Lirael must find the courage to seek her own hidden destiny. Abhorsen: The Abhorsen Sabriel and King Touchstone are missing, leaving only Lirael—newly come into her inheritance as the Abhorsen-in-Waiting—to stop the Destroyer. With only a vision from the Clayr to guide her, Lirael must search in both Life and Death for some means to defeat the evil destructor—before it is too late. . . . Clariel: Clariel is the daughter of one of the most notable families in the Old Kingdom, with blood relations to the Abhorsen and, most important, to the King. She dreams of living a simple life but discovers this is hard to achieve when a dangerous creature is loose in the city and there is a plot brewing against the King. When Clariel is drawn into the efforts to find and capture the creature, she finds hidden sorcery within herself, yet it is magic that carries great dangers.

Sabriel Garth Nix, 2009-10-06 Game of Thrones fans will love the New York Times bestselling Abhorsen series. Sabriel, the first installment in the trilogy, launched critically acclaimed author Garth Nix onto the fantasy scene as a rising star. Dark Secrets, Deep Love, and Dangerous Magic Sent to a boarding school in Ancelstierre as a young child, Sabriel has had little experience with the random power of Free Magic or the Dead who refuse to stay dead in the Old Kingdom. But during her final semester, her father, the Abhorsen, goes missing, and Sabriel knows she must enter the Old Kingdom to find him. She soon finds companions in Mogget, a cat whose aloof manner barely conceals its malevolent spirit, and Touchstone, a young Charter Mage long imprisoned by magic, now free in body but still trapped by painful memories. As the three travel deep into the Old Kingdom, threats mount on all sides. And every step brings them closer to a battle that will pit them against the true forces of life and death—and bring Sabriel face-to-face with her own destiny. “Sabriel is a winner, a fantasy that reads like realism. Here is a world with the same solidity and four-dimensional authority as our own, created with invention, clarity and intelligence.” —Philip Pullman, author of His Dark Materials trilogy

Lirael Garth Nix, 2008-04-22 Lirael has never felt like a true daughter of the Clayr. Now, two years past the time when she should have received the Sight that is the Clayr's birthright, she feels alone, abandoned, unsure of who she is.

Nevertheless, the fate of the Old Kingdom lies in her hands. With only her faithful companion, the Disreputable Dog, Lirael must undertake a desperate mission against the growing shadow of an ancient evil. In this sequel to *Sabriel*, winner of the Aurealis Award for Excellence in Australian Science Fiction, New York Times bestselling author Garth Nix weaves a spellbinding tale of discovery, destiny, and danger.

The Oxford Handbook of Science Fiction Rob Latham, 2014-09-01 The excitement of possible futures found in science fiction has long fired the human imagination, but the genre's acceptance by academe is relatively recent. No longer marginalized and fighting for respectability, science-fictional works are now studied alongside more traditional art forms. Tracing the capacious genre's birth, evolution, and impact across nations, time periods, subgenres, and media, *The Oxford Handbook of Science Fiction* offers an in-depth, comprehensive assessment of this robust area of scholarly inquiry and considers the future directions that will dictate the terms of the scholarly discourse. The Handbook begins with a focus on questions of genre, covering topics such as critical history, keywords, narrative, the fantastic, and fandom. A subsequent section on media engages with film, television, comics, architecture, music, video games, and more. The genre's role in the convergence of art and everyday life animates a third section, which addresses topics such as UFOs,
