AYDI the Watcher

Life After Losing A Child Antonette Smith,2021-09-24 Life After Losing a Child is dedicated to my son, Antonio Smith-Scott (May 23, 1992–March 5, 2013) and in honor of my mother, Flora Scott (August 25, 1949–January 3, 2020), who birthed eight children and lost six before her own death. Life After Losing a Child is based on my own experiences—from a mother’s perspective losing a child, from a sibling’s perspective losing brothers in early childhood, how the death of my brothers affected my parents and our family. I also share how losing my own son affected my family, my four other children, and their father. Millions of parents lose a child every day and are left struggling, trying to not be overtaken with grief for the rest of our lives. We suffer from guilt, shame, hurt, pain, and sorrows until we allow Jesus to heal us. Losing a child from a miscarriage, stillbirth, sickness, deformities, abortions, accidents, or homicides—all these losses of a child carries the same hurts, pains, sorrows, and grief. The loss of these children leaves a void in all our lives as a family. I pray by sharing my loss and grief process, you will seek Jesus for healing for yourself and family. That you will be empowered to live your best life after the loss of a child or sibling. I pray you will live to the fullest capacity God has intended, Jesus died to give you, with the Holy Spirit guiding you—a life of purpose not only for yourself and family, but for the child that is gone but not forgotten.

Writing Widowhood Jeffrey Berman,2015-10-07 Explores how memoirs of widowhood can help us understand the reality of bereavement and the critical role of writing and reading in recovery. The death of a beloved spouse after a lifetime of companionship is a life-changing experience. To help understand the reality of bereavement, Jeffrey Berman focuses on five extraordinary American writers—Joan Didion, Sandra Gilbert, Gail Godwin, Kay Redfield Jamison, and Joyce Carol Oates—each of whom has written a memoir of spousal loss. In each chapter, Berman gives an overview of the writer’s life and art before widowhood, including her early preoccupation with death, and then discusses the writer’s memoir and her life as a widow. He discovers that writing was, for all of these authors, both a solace and a lifeline, enabling them to maintain bonds with their lost loved ones while simultaneously moving on with their lives. These memoirs of widowhood, Berman maintains, reveal not only courage and resilience in the face of loss, but also the critical role of writing and reading in bereavement and recovery. Writing Widowhood is a stunning achievement that combines biography, literary history, and theoretical and philosophical exploration into the nature of grief as well as mental illness—all seamlessly executed. Berman elegantly and lucidly conveys a range of theories and perspectives to suit both academic and general readers. Berman never compromises

complexity while remaining accessible and straightforward throughout. □ □ Virginia L. Blum, author of *Flesh Wounds: The Culture of Cosmetic Surgery* □ Writing *Widowhood* contributes to the field of autobiography/biography, and particularly to women's writing within that generic field, by discussing five memoirs which Berman categorizes as the "widow memoir." No other critic that I know has shaped commentaries into a newly defined genre. Berman's book, thus, makes an important contribution to the overall field. □ □ Linda Wagner-Martin, author of *Telling Women's Lives: The New Biography*

The Baby Loss Guide Zoë Clark-Coates, 2019-04-04 Written by one of the world's leading baby loss support experts, *The Baby Loss Guide* is designed to help you navigate this complex issue. Whether you have personally encountered loss, or are

supporting people through this harrowing time, this book provides practical and compassionate advice. Zoe and her husband Andy have personally faced the loss of five babies. Out of their experiences came the charity The Mariposa Trust (more often known by its primary division Saying Goodbye), offering support to thousands of grieving parents and relatives around the world each week. In her first bestselling book, *Saying Goodbye*, Zoe wrote a moving account of their experiences and how they found a way through loss. In *The Baby Loss Guide* Zoe provides a supportive and practical guide to walk people through their darkest days of suffering and give them hope for the future. The first half of the book answers the many questions those who encounter loss ask themselves and others, which until now have resulted in people spending hours exploring the internet to gain answers and insight. It is interlaced with personal stories from both men and women who have been there, and tackles the many myths, taboos and assumptions around loss. It also provides clear guidance and advice on how to navigate life following your world imploding, such as: How do I return to work? How do I know if or when I should try again for more children? How do I communicate with my partner about loss? The second half of the book offers 60-days of practical and compassionate support. Whether someone's loss is recent or historic, this support is a precious gift that will help an individual walk the scary path of grief. Zoe's friendly and down to earth approach means she removes the often over used medical terminology, and this makes *The Baby Loss Guide* readable, easy to absorb and a vital source of information and help.

The Grief of Dads Patrick O'Hearn, Bryan Feger, Ryan Breaux, Red Bird Ministries, 2023-09-01 Winner of a third-place award in the front cover artwork category from the Catholic Media Association. For a variety of reasons—including cultural norms, a man's traditional role in the family, and lack of support—a father's grief often fades into the background when his child dies. *The Grief of Dads* was written by Catholic fathers just like you who have lost a child at any age and from any circumstance. These dads offer the support, spiritual guidance, and companionship you need as you make your way through grief. *The Grief of Dads* is an important resource to help you know that you are not alone and to work through loss and the upheaval of deep grieving with help from men who have been there, too. Authors Patrick O'Hearn and Bryan Feger, along with Ryan Breaux of Red Bird Ministries—an organization that guides individuals and couples through the trauma of losing a child—want to normalize conversations about men's grief. Drawing on the richness of the Catholic faith, they offer stories from the men in the Bible and from male saints who knew the pain of losing a child and yet found hope and healing in God. The authors share their own stories and the experiences of seven other fathers who lean on their faith and seek healing with help from the sacraments, the Bible, fellow Catholics, and the devotional practices of the Church. The book includes resource lists, journaling space, prayers, spiritual reflections, and letters of spiritual support, as well as guidance for friends, family, and pastors of grieving fathers. Kelly Breaux, cofounder and president of Red Bird Ministries, wrote a chapter for wives as well.

Quote the World Forevermore AYDI the Watcher ,2022-09-19 Why do I call myself AYDI the Watcher? That's a good question. I call myself that because I observe our world and the way we interact as humans. Years and years of these observations led me to read up on Psychology, politics and human relations. I listened to many prominent psychologists and therapists to hone my ideas, and the result is this book. Now, this is not a traditional book that delves into the subject matters mentioned above, but a collection of inspiring and thought-provoking quotes fleshed out with my thoughts and feelings, these thoughts and feelings touching on human psychology and behaviour. Some of these quotes were taken from my Facebook page, The Watcher (@AYDItheWatcher) and expanded upon and new ones were added to convey my thoughts on this world that we live in and how hierarchies and human structures affect our daily lives. My goal is to get people thinking and see different perspectives, and protect themselves from harm and manipulation. I hope this goal is achieved and your minds are unlocked. The freer the minds, the better the world.

Finding Ourselves Lost Robert C. Dykstra, 2018-06-13 This book wrestles with quandaries of pastoral ministry in what psychotherapist Mary Pipher calls the age of overwhelm. Drawing especially from the wisdom of Jesus' own teaching and healing ministries as portrayed in the Gospel of Luke, it offers an intimate narrative introduction to pastoral theology for guiding bewildering tasks of pastoral care and counseling. These essays encourage seminarians and ministers to embrace their role as agents of healing by exploring their own debilitating shame and daring to speak what in childhood could not be spoken; by revealing their discoveries to a trusted confidant so as to feel less loathsome or lonely; by attending to even minute individual differences, in self and others, that fuel social isolation; and by believing in those persons who first believed in them.

Marcus Aurelius and his Legacy Judith Stove, 2025-06-30 Millions of visitors to Rome's Capitoline Museums admire the great bronze equestrian statue of Marcus Aurelius Antoninus (121-180 CE), practising Stoic and the last 'Good Emperor' before Rome commenced its prolonged decline. One ancient historian compared the succession from Marcus to his son Commodus as a descent from a kingdom of gold to one of iron and rust. The statue's fortuitous survival occurred only because of a longstanding belief that it represented Constantine, the first Christian Emperor - an instance of the mysterious ways in which Marcus's complex legacies would endure. The recent revival of interest in Stoicism has seen renewed focus on Marcus Aurelius. While new editions of Marcus's work *Meditations*, and fresh biographical treatments, have appeared, there remain lesser-known sources which shed light on how Marcus was remembered, from intriguing medieval legends, right through to the twenty-first century. Each generation has interpreted Marcus Aurelius, his writings, his deeds, and his personality anew, as he remains a role-model and the closest actual instance, in Western history, of an ideal ruler. This book collects and interprets, for the first time, a range of cultural receptions, enriching our understanding of this perennially compelling figure.

Child, Family and State Stephen Macedo, Iris Marion Young, 2003-02-10 In an era in which our conception of what constitutes a “normal” family has undergone remarkable changes, questions have arisen regarding the role of the state in “normalizing” families through public policy. In what ways should the law seek to facilitate, or oppose, parenting and child-rearing practices that depart from the “nuclear family” with two heterosexual parents? What should the state's stance be on single parent families, unwed motherhood, or the adoption of children by gay and lesbian parents? How should authority over child rearing and education be divided between parents and the state? And how should the state deal with the inequalities that arise from birthright citizenship? Through critical essays divided into four parts—Adoption, Race, and Public Policy; Education and Parental Authority; Same Sex Families; and Birthright Citizenship—Child, Family, and State considers the philosophical, political, and legal dilemmas that surround these difficult and divisive questions. An invaluable resource in these contentious debates, *Child, Family, and State* illuminates the moral questions that lie before policymakers and citizens when contemplating the future of children and families.

Losing a Parent to Suicide Marty Loy, Amy Boelk, 2013-09-05 The suicide of a parent has life-long consequences; few more traumatic scenarios exist, and counselors often struggle for ways to help clients deal with its effects. Despite this, there are few texts that incorporate and evaluate the first-person accounts of grief following a suicide while advancing a method for helping. *Losing a Parent to Suicide* analyzes stories of parent suicides and explores the grief and coping processes that follow, discovering the strategies, methods and modes of therapy that have empowered grieving individuals and helped them rebuild their lives.

Grief and Loss Across the Lifespan is unique in its treatment of grieving patterns and intervention strategies for different age groups. With this book, students and practitioners will learn how grief is influenced by biological responses to stress, psychological responses to loss, as well as social norms and support networks. The authors utilize a developmental framework, as each level of development from infancy through old age is addressed in four ways: Reviews normal developmental issues, abilities, and challenges for the age in question Analyzes how individuals of each age cope with serious loss of a significant other, and how they may experience life-threatening illness themselves Examines how significant others react to and mourn the death of someone in that age range Identifies the normative losses a person is likely to experience, and addresses protective and risky ways of coping with those losses The authors review important grief theories, such as postmodern and Dual Process Theory, and discuss current topics in grief, including continuing bonds, meaning making, ambiguous loss, and disenfranchised loss. With the help of this book, practitioners and students of grief counseling can learn to help patients of all ages understand that loss is at the heart of life and growth.
