Dubliners James Joyce,1993-06-01 A definitive edition of perhaps the greatest short story collection in the English language James Joyce's Dubliners is a vivid and unflinching portrait of "dear dirty Dublin" at the turn of the twentieth century. These fifteen stories, including such unforgettable ones as "Araby," "Grace," and "The Dead," delve into the heart of the city of Joyce's birth, capturing the cadences of Dubliners' speech and portraying with an almost brute realism their outer and inner lives. Dubliners is Joyce at his most accessible and most profound, and this edition is the definitive text, authorized by the Joyce estate and collated from all known proofs, manuscripts, and impressions to reflect the author's original wishes. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

James Joyce and Cultural Genetics Wim Van Mierlo,2023-09-21 As a genetic study, this book uncovers the creative DNA of James Joyce's oeuvre by looking at the cultural forces that shaped him and that he in turn shaped in the creation of his books, developing a two-way relationship with history, memory and national identity. Following his development as an author, it revisits and redirects Joyce's attitudes towards the Irish Revival. From Chamber Music, through Ulysses to Finnegans Wake Joyce sought to define a cultural identity that went, in many respects, against the mainstream, but that nonetheless belonged to the wider Revivalist project with which it shared certain characteristics and aspirations. Joyce's historical and genealogical imagination is read through a careful investigation of the cultural materials that went into his work. Based on evidence from his personal library and the extensive archive of reading notes, ideas, sketches and drafts, this book investigates how Joyce used, absorbed and repurposed these materials creatively in his writing; it does so by bringing for the first time the methods of genetic criticism into the domain of cultural memory and the sociology of the text. Thus this books defines "cultural genetics" as an exploration of the textual material that are Joyce's sources interacts with the culture that produced and received them.

James Joyce and the Question of History James Fairhall,1995-11-09 Explores James Joyce's work as a response to developments in British and European history.

James Joyce's Silences Jolanta Wawrzycka,Serenella Zanotti,2018-05-31 In this landmark book, leading international scholars from North America, Europe and the UK offer a sustained critical attention to the concept of silence in Joyce's writing. Examining Joyce's major works, including Ulysses, Portrait of the Artist as a Young Man and Finnegans Wake, the critics present intertextual and comparative interpretations of Joyce's deployment of silence as a complex overarching narratological strategy. Exploring the many dimensions of what is revealed in the absences that fill his writing, and the different roles – aesthetic, rhetorical, textual and linguistic – that silence plays in Joyce's texts, James Joyce's Silences opens up important new avenues of scholarship on the great modernist writer. This volume is of particular interests to all academics and students involved in Joyce and Irish studies, modernism, comparative literature, poetics, cultural studies and translation studies.

Dubliners James Joyce,2015-08-01 This collection of fifteen short stories by Irish author James Joyce examines how one's surroundings can shape and influence a person. Although initially considered too edgy for publication, Dubliners later became a classic as readers began to appreciate Joyce's realistic fiction. In each story, Joyce documents the daily lives and hardships of fictional Dublin citizens. Joyce's collection progresses from the struggles of childhood to the struggles of adulthood. This collection includes one of Joyce's most famous short stories, The Dead, which depicts the ways memories of the past can intrude upon the present. Joyce provides a glimpse into twentieth-century Irish culture and history in this unabridged short story collection, first published in 1914.

Death in Dublin During the Era of James Joyce's Ulysses Patrick Callan,2024-09-27 The funeral of Paddy Dignam in James Joyce's Ulysses serves as the pivotal event of the 'Hades' episode. This volume explores how Dignam's interment in Glasnevin Cemetery allowed Joyce the freedom to consider the conventions, rituals and superstitions associated with death and burial in Dublin. Integrating the words and characters of Ulysses with its figurative locale, the book looks at the presence of Dublin in Ulysses, and Ulysses in Dublin. It emphasises the highly visible public role assigned to death in Joyce's world, while also appreciating how it is woven into the universe of Ulysses. The study examines the role of Glasnevin Cemetery – where the Joyce family plot was opened in 1880 and remained in use for eight decades – as well as the social and medical problems associated with life in Dublin, a city divided by class, status, wealth and health. Nineteen burials took place in Glasnevin on 16 June 1904, and the analysis of this group illuminates the role of undertakers and insurers, along with the importance of memorialisation. This book is an important contribution to Joyce and Irish studies, as well as to international studies related to the treatment of the dead body and the development of garden cemeteries.

James Joyce's Dubliners Clive Hart,1969 A fresh and varied reappraisal of the remarkable collection of stories that make up Joyce's Dubliners.

Raymond Queneau's Dubliners James Patrick Gosling,2019-09-12 This work is a broad-ranging exploration of two comic erotic and well-nigh feminist novels written by Raymond Queneau, On est toujours trop bon avec les femmes (1947) and Journal intime (1950). Both are set in Ireland, were initially published by Éditions du Scorpion under the pseudonym Sally Mara, and then later published together by Gallimard as Les Œuvres completes de Sally Mara (1962). The book examines Queneau's life when he wrote these texts, the pervasive Joycean influences, his surreal version of the 1916 Dublin Uprising versus the real event, his remarkably accurate Dublin city and his use of the Irish language. The seven core chapters are explorations of prominent aspects of these works, and most involve the solution of puzzles by means of investigations of contexts, contemporary events, and a wide variety of sources. In conclusion, the book makes a convincing case for the literary and entertainment value of Les Œuvres completes de Sally Mara as a long-planned and subtly integrated work.

Bloodhoney Songs Bruce Rimell,2024-06-14 Iceland is often labelled 'a land of ice and fire' – these days it has become something of a cliché – but when artist and poet Bruce Rimell visited with his husband in 2023, he felt plunged into a world of blood and honey, a place of poetry and song, recalling the Old Norse mythic images, as well as the magma which underlies and sculpts the vistas of this volcanic country... "to which I will say: I am a poet, I pray to waterfalls, let it outpour like rain..." Simultaneously a journey through Iceland's natural, cultural and human landscapes, as well as a dreaming fall into the frenetic soul of a hyperactive poet, 'Bloodhoney Songs' takes in scenes from Reykjavik, ekphrastic verses springing from Icelandic music – from Björk to múm, Sigur Rós to Ólafur Arnalds – and geological wonders, to evoke a sublime process of emergence from lifelong traumas as a Queer/ADHD person into a more hopeful place... "breathe out: you are coming to an end of your grief, a closing of time..." Moving from the waking world, through fractured dreams of love in Loki's arms, into an eternal moment of stillness – the beginning of a fragile new world – this unique outsider's view of Iceland is possibly the most unusual perspective on the country and its fascinating people you've ever read!

Philosophy, Dreaming and the Literary Imagination Michaela Schrage-Früh,2016-10-18 This book explores the intersections between dreaming and the literary imagination, in light of the findings of recent neurocognitive and empirical research, with the aim to lay a groundwork for an empirically informed aesthetics of dreaming. Drawing on perspectives from literary theory, philosophy of mind and dream research, this study investigates dreaming in relation to creativity and waking states of imagination such as writing and reading stories. Exploring the similarities and differences between the 'language' of dreams and the language of literature, it analyses the strategies employed by writers to create a sense of dream in literary fiction as well as the genres most conducive to this endeavour. The book closes with three case studies focusing on texts by Kazuo Ishiguro, Clare Boylan and John Banville to illustrate the diverse ways in which writers achieve to 'translate' the

experience and 'language' of the dream.

  Irish Urban Fictions Maria Beville,Deirdre Flynn,2018-11-01 This collection is the first to examine how the city is written in modern Irish fiction. Focusing on the multi-faceted, layered, and ever-changing topography of the city in Irish writing, it brings together studies of Irish and Northern Irish fictions which contribute to a more complete picture of modern Irish literature and Irish urban cultural identities. It offers a critical introduction to the Irish city as it represented in fiction as a plural space to mirror the plurality of contemporary Irish identities north and south of the border. The chapters combine to provide a platform for new research in the field of Irish urban literary studies, including analyses of the fiction of authors including James Joyce, Roddy Doyle, Kate O'Brien, Hugo Hamilton, Kevin Barry, and Rosemary Jenkinson. An exciting and diverse range of fictions is introduced and examined with the aim of generating a cohesive perspective on Irish urban fictions and to stimulate further discussion in this emerging area.

A Shakespearean Reading of Pirandello's Henry IV Manuel Macías Borrego,2025-03-27 This book offers an innovative comparative analysis of Shakespeare's Hamlet and Pirandello's Enrico IV, structured in four chapters that explore the intertextual relationship between these two masterpieces. Beginning with an introduction that lays the groundwork, the text moves to a section titled Preliminary Considerations, which defines the study's focus and establishes the critical methodology. The core of the book, the central chapter entitled Comparative Study, delves deeply into the shared and

contrasting elements between the two tragedies, presenting an original and cumulative interpretation that connects key concepts like original sin, farce, simulacrum, and simulation. The theoretical approach, carefully developed and organized into thematic blocks, unfolds with analytical rigor to offer a Shakespearean reading of Enrico IV. This study is an essential reference for those seeking to understand the complex interrelations between these two great texts and their relevance in contemporary literature and criticism.

Indefensible Peter Brandt,2020-10-06 Peter Brandt, a litigator at the Humane Society of the United States (HSUS), has been at the forefront of some of the toughest cases of animal abuse in the last ten years—including supervising a team of lawyers working to protect the interests of farm animals. In this revelatory and often surprisingly funny memoir-cum-manifesto, Brandt describes his growing awareness of the extent of the cruelty of animals in Concentrated Animal Feeding Operations (a.k.a. factory farms), and the manifold harms to human health, local communities, and the environment for those who live near them. He shows how it's a world of enormous suffering, sustained by deliberate secrecy and misinformation, and reeking of corruption and lagoons full of ordure. Brandt details his realization of intensive animal farming's further costs to wild creatures and their habitats, as well as clean water and clean air, and demonstrates how curbing animal agriculture is one of the few ways to make an immediate positive difference to climate change.

Bombay Novels Mamta Mantri,2019-01-15 Mumbai? Bombay? How do we explain this city and ourselves within it? How do the city and the city dweller together allow for representations of urban life to arise in literature and the fine arts? This book is an understanding of Mumbai, both as an architectural and literary space, through the lens of spatial criticism and the technique of flânerie. As an icon of experiences, Mumbai is felt through the simultaneous acts of walking, observing, remembering and articulating. In analyzing four novels, namely Baumgartner's Bombay, Ravan and Eddie, Shantaram and Baluta, the book claims that the characters and their authors offer an alternative vision of the city, as they also construct a transient place for themselves. This act of flânerie is an act of transgression as it turns the outside into the inside, changing public space into private space. As the characters serve to disrupt meaning, uncover hidden histories and expose power relations involved in the representation of place, they actualize many possibilities and meanings. Using the novel as a literary device, the authors have told stories, not only of the protagonist-flâneur, but also of people around them; sometimes in detail, sometimes in passing. In contesting, claiming and owning the lives, the stories, and the city, the humane aspect is never forgotten.

The Nonnarrated Wolf Schmid,2023-08-07 Telling a story requires selecting and assembling individual elements of the events one wishes to communicate. The nonnarrated are the events (or parts of events) that were deliberately left out of the selection, meaning all that was not chosen to be told in the story, or chosen not to be told. Since the realm of the nonnarrated in any given story is infinitely large, studying the nonnarrated requires focusing on that which is not told but nevertheless belongs to a story. This monograph explores the phenomenon of the nonnarrated in narrative short forms from Cechov to Murakami and in novels by Dostoevskij and Robbe-Grillet.

The Joyce of Everyday Life Vicki Mahaffey,2024-09-13 Winner of the American Conference on Irish Studies' Robert Rhodes Prize for Books on Literature Part of James Joyce's genius was his ability to find the poetry in everyday life. For Joyce, even a simple object like a table becomes magical, "a board that was of the birchwood of Finlandy and it was upheld by four dwarfmen of that country but they durst not move more for enchantment." How might we learn to regain some of the child-like play with language and sense of delight in the ordinary that comes so naturally to Joyce? The Joyce of Everyday Life teaches us how to interpret seemingly mundane objects and encounters with openness and active curiosity in order to attain greater self-understanding and a fuller appreciation of others. Through a close examination of Joyce's joyous, musical prose, this book shows how language provides us with the means to revitalize daily experience and social interactions across a huge, diverse, and everchanging world. Acclaimed Joyce scholar Vicki Mahaffey demonstrates how his writing might prompt us to engage in a different kind of reading, treating words and fiction as tools for expanding the boundaries of the self with humor and feeling. A book for everyone who loves language, The Joyce of Everyday Life is a lyrical romp through quotidian existence.
