Marketing Gricel Gamarra Giese, 2017-04-20 El marketing tiene algo único para que muchos caigan rendidos a sus pies, o por lo menos eso es lo que a mí me ha sucedido. A diferencia de otras disciplinas, el marketing posee un elemento que lo hace muy particular y ese detalle es que no tiene pausas o final. Todo es evolución, cambio e innovación constante. No existe un solo día en que los especialistas o profesionales del tema no tengan que estar aprendiendo, descubriendo o probando nuevas formas de hacer marketing para extender aún más las ramificaciones de esta maravillosa disciplina.

Mercadotecnia al alcance de todos Hildegard Ivonne Alvarez Horn, 2018-07-24 Con la evolución y complejidad de nuestro medio, sobre todo en los últimos años, diversas áreas se han ido desarrollando y han sido aceptadas y adoptadas como “necesarias” por las empresas, entidades y dependencias de diferentes tamaños y giros. Una de estas ha sido la Mercadotecnia; desgraciadamente, esta se ha mantenido con tabúes, ideas no acertadas al 100% o a medias, y se ha perfilado como un área reservada a las empresas grandes, medianas y a personas con mayor escolaridad o con preparación superior a la licenciatura. Esto pone en desventaja a las personas de otras áreas de estudio (medicina, leyes, etc.) y deja a la microempresa y a las empresas familiares a la deriva sobre el tema o expuestas a la improvisación para poderse enfrentar a retos cada vez más grandes y a la fuerza económica de las empresas grandes, a los altos grados académicos de sus ejecutivos, a la visión y al conocimiento de los requerimientos internacionales y a la visión del riesgo, además de la gran diversificación que estas han podido tener. Este microempresario o empresario familiar, un gran estratega nato, cada vez debe de resistir más y más las adversas condiciones de su medio a pesar de que es en gran medida el sustento de la economía en nuestro país y por tanto de los estados. Y muchos de estos empresarios no pueden o no quieren concluir o aumentar sus estudios, por su ardua tarea diaria en donde desempeñan funciones de todo nivel (compras, ventas, contrataciones). Asimismo, personas de otras disciplinas o que van iniciando su contacto con la mercadotecnia, como el caso del sector público (los servidores públicos, y la política), deben de acceder a conocimientos básicos y útiles de esta área de una manera digerible, para entender y aplicar sus principios, tanto a su nivel económico, como al de conocimientos, en relación con su giro, sus volúmenes de venta, etc. De una manera práctica y viable, los conceptos y elementos de mercadotecnia se aplican para obtener beneficios y dejar de creer en los mitos o en la lejanía de la mercadotecnia. Las obras que se encuentran en el mercado son excelentes, pero la mayor parte de su aplicación es en un medio extranjero, con

supuestos no usados o aplicables a nuestro medio, a nuestra realidad mexicana, con diferentes patrones, estructuras e idiosincrasia. Por eso considero que es necesario el desarrollar de una manera didáctica, fácil y entendible temas y formas de actuar en mercadotecnia, más aterrizadas en nuestro entorno, hacer accesibles los conocimientos básicos y poder aumentar nuestra competitividad y productividad dejando atrás los tabúes y el desconocimiento, especialmente en el área de servicios y atención al usuario/cliente. Esta es una introducción al tema en donde no se desglosa todo lo que abarca esta materia, pues es un tema muy extenso, pero induce y comienza el contacto de la misma. Cada uno de los temas aquí expuestos se complementará con otras obras en las cuales se podrán ir adentrando según las necesidades de cada persona, empresa o capacitación. Partimos con las bases para poder contar con conocimientos sólidos para comenzar la aplicación. Se mencionan los objetivos que considero debe de haber en cada parte o tema de la mercadotecnia de modo que se entienda por qué se incluyen dentro de la propuesta.
