Marilyn Ferris Motz

Sisters Tom Burns (Writer and editor), 2005 *Sisters* is an inspired collection of wit and wisdom that delights its readers with a captivating collection of photos. The subjects in all pictures are little girls sharing moments of friendship and mutual understanding. Each photo is captioned with a joyful saying that will remind girls of all ages of their good fortune in having female soul mates. One typical caption accompanying the picture of two thoughtful little girls reads: "1/2 A sister is one who will pick you up when you are down. If she cannot pick you up she will lie down beside you and listen." 1/2 A charming gift book meant for girl-to-girl sharing, *Sisters* features a distinctive, cleverly-captioned black-and-white photo on every two-page spread.

Mia and Friends Karlin Gray, 2024-08-27 Based on the true story of soccer legend Mia Hamm, *Mia and Friends* follows a group of young women who made history at the 1999 Women's World Cup! Despite being named after a famous ballerina, little Mia Hamm never cared for pirouettes. Instead, she chased the ball: baseball, basketball, and especially soccer. Since she was often the only girl on her sports teams, she had a hard time making friends. But when fifteen-year-old Mia made the U.S. women's national soccer team, everything changed. All around her, young women tackled and dribbled, passed and kicked, scored, and screamed. They were just like her—but even more skilled. For Mia to improve, she had to play up to the levels of Michelle Akers, Briana Scurry, Brandi Chastain, and so many others. She was determined not to let her team down.

True Sisterhood Marilyn Ferris Motz, 1983-01-01 Home and family, for a woman of the nineteenth century, represented a sphere much broader than the term implies today. A woman's duties as sister and daughter continued, basically unchanged, even after she had assumed the roles of wife and mother. This created a female-centered kin network which went far beyond the fragile nuclear family, and which insured lifelong security in what men and women viewed as an essentially hostile world. The female family is vividly portrayed in *True Sisterhood*, where Marilyn Ferris Motz examines the lives of white Protestant native-born American women living in Michigan between 1820 and 1920 and the kinship networks to which they belonged--networks that often extended east to New England and the Middle Atlantic states and westward as far as California. The University of Michigan's Bentley Library collections of the correspondence, diaries, photographs, and other documents of numerous family groups have provided the primary resources for this study of thirty extended families. Focusing on personal interaction within the family, Motz shows women playing an active role that is not suggested by observation of residence

patterns, household composition, or legal distribution of authority. The book reveals women's use of language to maintain personal relationships, to persuade and manipulate, and to obtain support. Thus the power base of the woman, her informal networks based on personal interaction, persuasion, and sense of obligation, become visible. True Sisterhood shows that women's influence was not merely a fabrication of the literature of what has come to be termed the cult of domesticity but was a reality within many nineteenth-century homes.

A Sisterhood of Sculptors Melissa Dabakis, 2020-05-01 This project is made possible through support from the Terra Foundation for American Art. When Elizabeth Cady Stanton penned the Declaration of Sentiments for the first women's rights convention, held in Seneca Falls, New York, in 1848, she unleashed a powerful force in American society. In A Sisterhood of Sculptors, Melissa Dabakis outlines the conditions under which a group of American women artists adopted this egalitarian view of society and negotiated the gendered terrain of artistic production at home and abroad. Between 1850 and 1876, a community of talented women sought creative refuge in Rome and developed successful professional careers as sculptors. Some of these women have become well known in art-historical circles: Harriet Hosmer, Edmonia Lewis, Anne Whitney, and Vinnie Ream. The reputations of others have remained, until now, buried in the historical record: Emma Stebbins, Margaret Foley, Sarah Fisher Ames, and Louisa Lander. At midcentury, they were among the first women artists to

attain professional stature in the American art world while achieving international fame in Rome, London, and other cosmopolitan European cities. In their invention of modern womanhood, they served as models for a younger generation of women who adopted artistic careers in unprecedented numbers in the years following the Civil War. At its core, *A Sisterhood of Sculptors* is concerned with the gendered nature of creativity and expatriation. Taking guidance from feminist theory, cultural geography, and expatriate and postcolonial studies, Dabakis provides a detailed investigation of the historical phenomenon of women's artistic lives in Rome in the mid-nineteenth century. As an interdisciplinary examination of femininity and creativity, it provides models for viewing and interpreting nineteenth-century sculpture and for analyzing the gendered status of the artistic profession.

Sisters and Rebels: A Struggle for the Soul of America Jacquelyn Dowd Hall, 2019-05-21 Winner of the 2020 PEN America/Jacqueline Bograd Weld Award for Biography, the 2020 Summersell Prize, a 2020 PROSE Award, and a Plutarch Award finalist "The word befitting this work is 'masterpiece.'" —Paula J. Giddings, author of *Ida: A Sword Among Lions: Ida B. Wells and the Campaign Against Lynching* Descendants of a prominent slaveholding family, Elizabeth, Grace, and Katharine Lumpkin were raised in a culture of white supremacy. While Elizabeth remained a lifelong believer, her younger

sisters sought their fortunes in the North, reinventing themselves as radical thinkers whose literary works and organizing efforts brought the nation's attention to issues of region, race, and labor. National Humanities Award-winning historian Jacquelyn Dowd Hall follows the divergent paths of the Lumpkin sisters, tracing the wounds and unsung victories of the past. Hall revives a buried tradition of Southern expatriation and progressivism; explores the lost, revolutionary zeal of the early twentieth century; and muses on the fraught ties of sisterhood. Grounded in decades of research, the family's private papers, and interviews with Katharine and Grace, *Sisters and Rebels* unfolds an epic narrative of American history through the lives of three Southern women.

Between Friends Helen Levine, Oonagh Berry, 2005-01-01 Longtime friends Helen Levine and Oonagh Berry decided they missed the tradition of real letters. The obvious solution for them was to initiate a correspondence project. Their goal? To write each other a longhand letter every two weeks for a year, and see what, if anything, they were missing in their usual friendship rituals of lunches, visits and telephone chats. The result is a wealth of insights yielded from over 150 years of combined life experience. Week in and week out, Helen and Oonagh weave together tales of family, work, politics, motherhood, aging and creativity. Reading *Between Friends* is like sharing a warm pot of tea with two frank, articulate and experienced companions.

Monthly Entries for the Spiritual but not Religious through the Year Mark G. Boyer, 2022-08-30 This is a book about spirituality for the spiritual but not religious. Those who identify themselves as spiritual but not religious make up one quarter of the population in the United States. This book provides 189 monthly entries based on the national and international celebrations that occur every month. Each entry begins with the name of the occasion and the date when it is marked during the month. A text from the Bible, a US public law, a presidential proclamation, a United Nations declaration, etc. that illustrates the day is presented. The text is followed by a reflection which gleans the spirituality from the text and provides historical background on the day being celebrated. Journal/meditation questions follow the reflection, and a prayer concludes the entry. This book is for the spiritual but not religious, a practice of spirituality that does not regard organized religion as a valuable means to further interior spiritual growth. A section of the introduction to the book explores who the

spiritual but not religious are and presents the common themes that surface from research about them.

The Sisterhood Marcia Cohen,2014-04-01 In this epic drama of personality and politics, passion and ambition, courage and betrayal, Marcia Cohen tells the fascinating inside story of the feminist revolution through the lives of the women who made it—and were sometimes unmade by it. Focusing on Betty Friedan, Gloria Steinem, Germaine Greer, and Kate Millett, *The Sisterhood* is a revealing group portrait of the women whose ideas and actions have so profoundly transformed us all. This classic account traces the women's movement from its quiet birth in the 1960s through its startling triumphs in the 1970s and its troubled legacy in the 1980s. Today, everything seems possible for women as they function on an equal plane with men in nearly every walk of life. But the revolution was hard won. Now the irreverent, entertaining chronicle that reveals all the well-kept secrets of feminism, with a thoughtful new foreword by the author, appears in a special edition that serves as a riveting social history, casting light on an entire era so important for women as well as men.
