Accommodating the King's Hard Bargain Graham Wilson, 2016-02-05 Like all crime and punishment, military detention in the Australian Army has a long and fraught history. *Accommodating The King's Hard Bargain* tells the gritty story of military detention and punishment dating from colonial times with a focus on the system rather than the individual soldier. World War I was Australia's first experience of a mass army and the detention experience was complex, encompassing short and long-term detention, from punishment in the field to incarceration in British and Australian military detention facilities. The World War II experience was similarly complex, with detention facilities in England, Palestine and Malaya, mainland Australia and New Guinea. Eventually the management of army detention would become the purview of an independent, specialist service. With the end of the war, the army reconsidered detention and, based on lessons learned, established a single 'corrective establishment', its emphasis on rehabilitation. As *Accommodating The King's Hard Bargain* graphically illustrates, the road from colonial experience to today's tri-service corrective establishment was long and rocky. Armies are powerful instruments, but also fragile entities, their capability resting on discipline. It is in pursuit of this war-winning intangible that detention facilities are considered necessary — a necessity that continues in the modern army.

No Ordinary Determination Jeff Hatwell, 2015-02-18 An epic tale of two ordinary individuals thrown into the extraordinary and surreal world of the Gallipoli campaign as soldiers of the First AIF in WWI. Percy Black and Harry Murray were plain hard-working Australians whose paths crossed in Western Australia when they enlisted in support of country and empire. The powerful narrative paints a complex and thorough picture of the heroism, loyalty, inventiveness, mateship, stoicism and strength of the many individuals, on all sides, caught up in the horror of the 'war to end all wars'.
