**Mothers Who Can't Love** Susan Forward, Donna Frazier Glynn, 2013-10-01 With *Mothers Who Can't Love: A Healing Guide for Daughters*, Susan Forward, Ph.D., author of the smash #1 bestseller *Toxic Parents*, offers a powerful look at the devastating impact unloving mothers have on their daughters—and provides clear, effective techniques for overcoming that painful legacy. In more than 35 years as a therapist, Forward has worked with large numbers of women struggling to escape the emotional damage inflicted by the women who raised them. Subjected to years of criticism, competition, role-reversal, smothering control, emotional neglect and abuse, these women are plagued by anxiety and depression, relationship problems, lack of confidence, and difficulties with trust. They doubt their worth, and even their ability to love. Forward examines the Narcissistic Mother, the Competitive Mother, the Overly Enmeshed mother, the Control Freak, Mothers who need Mothering, and mothers who abuse or fail to protect their daughters from abuse. Filled with compelling case histories, *Mothers Who Can't Love* outlines the self-help techniques Forward has developed to transform the lives of her clients, showing women how to overcome the pain of childhood and how to act in their own best interests. Warm and compassionate, *Mothers Who Can't Love* offers daughters the emotional support and tools they need to heal themselves and rebuild their confidence and self-respect.

Media, 2022-03-26T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The mother myth is so strong that if your mother was unloving, you'll inevitably run into a wall of resistance from external forces that defend her. You may be met with skepticism, sharp criticism, and counterproductive advice. #2 The pain of having an unloving mother is intensely lonely and isolating. It is common for even a well-meaning friend or relative to discount an unloved daughter's pain or blame her when she looks for sympathy. #3 The great common denominator among women with unloving mothers is the desire for validation. They all want to find someone who will say, Yes, what you experienced really happened. Yes, your feelings are justified. I understand. #4 The grin and bear it approach to your mother's behavior keeps the peace, but it's a form of paralysis brought on by shame and fear. You fear the consequences of admitting your mother is unloving, and you can't change that relationship, so you just have to live with it.

**When You and Your Mother Can't Be Friends** Victoria Secunda, 2009-11-04 "A book of great value for every daughter

and every mother; useful for sons, too.”—Benjamin Spock, M.D. From the Introduction: The goal of this book is to help readers achieve that separation so that they can either find a way to be friends with their mothers, or at least recognize and accept that their mothers did the best they could—even if it wasn't “good enough”—and to stop blaming them. Among the issues to be covered: • To understand how a daughter's attachment to her mother—more so than her relationship with her father—colors all her other relationships, and to analyze why it is more difficult for daughters than sons to separate from their mothers, as well as why daughters are more subject than sons to a mother's manipulation • To recognize the difference between a healthy and a destructive mother-daughter connection, and to define clearly the “bad mommy,” in order to help readers who have trouble acknowledging their childhood losses to begin to comprehend them • To conjugate what I call the “Bad Mommy Taboo”—why our culture is more eager to protect the sanctity of maternity than it is to protect emotionally abused daughters • To describe the evolution of the unpleasable mother—in all likelihood, she was bereft of maternal love as a child—and to recognize the huge, and often poignant, stake she has in keeping her grown daughter dependent and off-balance • To illustrate the consequent controlling behavior—in some cases, cloaked in fragility or good intentions—of such mothers, which falls into general patterns, including: the Doormat, the Critic, the Smotherer, the Avenger, the Deserter • To understand that the daughter has a similar stake in either being a slave to or hating her mother—the two sides of her dependency and immaturity • To illustrate the responsive behavior—and survival mechanisms —of daughters, which is determined in part by such variables as birth rank, family history, and temperament, and which also falls into patterns, including: the Angel, the Superachiever, the Cipher, the Troublemaker, the Defector • To show how to redefine the mother-daughter relationship, so that each can learn to see and accept the other as she is today, appreciating each other's good qualities and not being snared by the bad • Finally, to demonstrate that a redefined relationship with one's mother—adult to adult—frees you from the past, whether that re definition ultimately results in real friendship, affectionate truce, or divorce.

*NARCISSISTIC MOTHERS* AMANDA HOPE, Do you want to learn how to protect yourself from your narcissistic mother? If yes, then this book is perfect for you! Narcissistic mothers are susceptible to any real or imagined criticism and are prone

to having emotional outbursts that may include verbal abuse, passive-aggressive behavior, infantilism, and even physical violence. They often try to control their children through guilt or bribes (such as gifts or money), and sometimes therapy sessions are used in the same way. They tend to be rigid, controlling, condescending, and critical. □□□ This book covers the following topics: □□□ The narcissistic personality Signs that you have a Narcissistic Mother Types of Narcissistic Mothers Daughters and Mothers Effects of Being Raised by a Narcissistic Parent Mental Manipulation and Control Protection tips Things Narcissistic Mothers Say for Mental Manipulation and Control And much more! According to Dr. Joseph Burgo (author of *The Narcissist You Know*): It's not just that narcissists lack empathy; it's that they have a very particular kind of empathy deficit, empathy - the ability to sense and share another person's feelings - does exist in narcissists, but it is not what you would call 'ordinary empathy.' It is a highly selective form of emotional resonance with people in their immediate environment. Narcissists can intuitively sense when others are under stress or emotionally aroused, and they will respond emotionally and even engage in small talk with these people to comfort them or 'make them feel better.' But they will not respond with genuine empathy unless the other person demonstrates some tangible sign of distress. [...] Ready to get started? Click the button and Get your copy NOW!

**Mother Feral's Love** Lawrence Barker, 2006 Evrandal the Feral, a creature half-human and scorned by society, forbidden by Holy Law from entering the Shrine of the Four Mothers, must now journey through the wild deserts of Vrantum to distant cities to save her daughter--who doesn't know her--from slavery.

**Reflections** Dr. Phillip McClendon, 2021-10-06 If you've been around as long as I have, you probably remember the songs of singer-songwriter Jim Croce. He grew up in South Philly, watching performances of Fats Domino and the Coasters on TV's American Bandstand. He looked like a tough guy, but everyone who knew him said he has a big, warm fun-loving heart. Jim Croce spent the first decade of his adult life toiling in a series of day jobs: teaching emotionally disturbed children, working in a hospital, driving trucks, operating a jackhammer at construction sites. At night, he would sing and play guitar in coffeehouses. He wasn't waiting for his big break- he was hustling for it. When he was twenty-nine, Jim Croce finally landed his first recording contract. His first album, *You Don't Mess Around With Jim*, was completed quickly, many of the songs being recorded in just one or two takes. Once the album was released, Croce's music, an acoustic blend of folk and rock, caught on fast. The first two singles released from that album quickly became number one hits on AM radio, and Jim Croce

became a star. His long- delayed dream had finally come true. His first two hits were upbeat rock ballads. His record company decided to release a third song from the album-a soft plaintive song called Time in a Bottle. It was about how precious each moment of life is and how quickly those moments pass, never to come again. The song wistfully recounted the things Croce would do if only he could keep time in a bottle and pour out extra hours whenever he needed them. Before Time in a Bottle could be released, Jim Croce proved that the words of that song were truer than he realized. On September 20, 1973, after performing in a concert at Northwestern State University in Natchitoches, Louisiana, Croce boarded a small chartered plane along with a flight crew and members of his band. The heavily loaded plane clipped a tree as it took off. Like Croce's career, the plane had barely gotten off the ground before it crashed. Jim Croce was dead at age thirty. We can't save time in a bottle, and we never know how much time we have left. We tend to think about the rest of our lives in terms of years and decades. The truth is the rest of our lives might be measured in hours or even minutes. So we need to make the most of each moment we have.

How Mothers Love Naomi Stadlen,2011-09-01 Mothers describe falling in love with their babies and then, more slowly, learning to understand them. Children flourish when their mothers love and understand them. For over 20 years, Naomi Stadlen has listened to hundreds of mothers talking at her weekly discussion groups. In 'How Mothers Love' she offers unique insights into how mothers and babies learn to communicate intimately with one another. When adults relate to one another, they are building on the foundations usually laid down by their mothers. 'How Mothers Love' is a study of how mothers start to build those foundations and covers areas such as: how to create emotional 'space' for your unborn child; how to maintain a close relationship with two or more children; the transformation into motherhood and your role as a mother in wider society. By sharing the experiences of other mothers, Naomi Stadlen offers reassurance and support to all new parents as they navigate the highs and lows of the early years with their babies.

**The Power of Mother Love** Brenda Hunter,2011-05-04 The Power of Mother Love highlights the incredible--although sometimes unrealized--influence that a mother has on her children and her society. Decades of scientific and psychological

study provide overwhelming evidence for the idea that mother love has an enormous, permanent impact in shaping the character and life of a child. In her compelling new work, psychologist Brenda Hunter presents a convincing argument that indicates this love is even more powerful, even more far-reaching than our culture has yet realized , not only for the child, but for the mother and society as a whole. Affirming the immeasurable value of the mothering role while realistically addressing women 's greatest questions and concerns, Hunter clearly reveals how mother love positively affects the way a woman defines herself. All mothers, and all those who care about the lives of women, children, and the future of our society will be dramatically impacted by this not-to-be-missed book, skillfully written to empower women to mother from the heart.

**Why Can't There Be Peace in the World?** Pat Fosarelli,2024-09-17 Over a period of fifteen years, Johns Hopkins pediatrician Pat Fosarelli, MD, a professor at St. Mary's Ecumenical Institute, surveyed approximately 9,000 children, adolescents, and teens about their understand of God. This book reveals their answers to a single query: "If you could ask God a question, what would that question be?" The candid, unvarnished responses Fosarelli received from this racially and socioeconomically diverse group are hardly the precious, saccharine content of Hallmark cards. They are illuminating, profound, curious, and weighty, revealing how these children understand themselves and their existence. Some of their responses focus on the nature of God ("Who are God's parents?"); others focus on themselves ("Why can't friendships last forever?) and people around them ("Why are some people poor?"); some responses address suffering ("Why do people die?") and creation ("Why do some animals hurt people?") and heaven ("Will I see my mother?"). Fosarelli guides readers through children's stages of development, explaining how these stages correlate with the content and sophistication of their questions, and suggesting how parents and teachers can respond most effectively to questions children may ask about God. In the final chapter she explores how these children's questions can help parents, teachers, and other child/youth professionals better understand the dreams, concerns, anxieties, wishes, and fears of young people today.
