The Quote Verifier Ralph Keyes, 2007-04-01 Our language is full of hundreds of quotations that are often cited but seldom confirmed. Ralph Keyes's *The Quote Verifier* considers not only classic misquotes such as Nice guys finish last, and Play it again, Sam, but more surprising ones such as Ain't I a woman? and Golf is a good walk spoiled, as well as the origins of popular sayings such as The opera ain't over till the fat lady sings, No one washes a rented car, and Make my day. Keyes's in-depth research routinely confounds widespread assumptions about who said what, where, and when. Organized in easy-to-access dictionary form, *The Quote Verifier* also contains special sections highlighting commonly misquoted people and genres, such as Yogi Berra and Oscar Wilde, famous last words, and misremembered movie lines. An invaluable resource for not just those with a professional need to quote accurately, but anyone at all who is interested in the roots of words and phrases, *The Quote Verifier* is not only a fascinating piece of literary sleuthing, but also a great read.

Reading Harper Lee Claudia Durst Johnson, 2018-05-18 The first book-length study of Harper Lee's two novels, this is the ultimate reference for those interested in Harper Lee's writing, most notably as it considers race, class, and gender. *To Kill a Mockingbird* is timeless, continuing to be a favorite among both students and adults. One million copies are sold every year, and it remains one of the books most often taught in school. This companion guide helps students to better understand the complex themes of race, class, and gender that were first introduced in *To Kill a Mockingbird* and remain relevant in *Go Set a Watchman*, which both challenges and mirrors the topics discussed in Lee's first novel. A literary scholar and a friend of Harper Lee herself, author Claudia Durst Johnson brings a unique perspective to Lee's texts. The book provides a historical background of the Great Depression and the beginning of the Civil Rights Movement as well as an analysis of the widespread censorship of Lee's works. Chapters provide important context for topics such as racial issues, women's issues, and class divisions in the Deep South and serve as discussion points that give students a starting point for their research; similarly, teachers who struggle with how to introduce students to these challenging but timely topics will appreciate the wealth of knowledge this companion guide will deliver.

Three Hollywood Stalwarts in Literature Henryk Hoffmann, 2022-03-15 This book focuses on the perception of the names, personae, performances and films of three Hollywood megastars, Gregory Peck, Robert Mitchum and William Holden, as presented in the references and allusions encountered in American and foreign literature. Its secondary aim is to establish the 'impact factor' of the three actors and their major films and provide extensive data for further studies on the complex and bilateral relationships between film and literature. The pertinent quotations in 'Three Hollywood Stalwarts in Literature: A Study in Film Perception Through References to Peck, Mitchum and Holden' have been extracted from nearly 220 works by about 140 authors. The majority of the works were written by acclaimed authors; amongst them are some well-known American mainstream writers such as John Updike, John Irving, Fannie Flagg and Anne Tyler; some leaders of the mystery genre include Martha Grimes, Stuart Kaminsky, Elmore Leonard, Sara Paretsky; and a few masters of other popular genres, such as Stephen King and Dean Koontz. The global flavor of the citations is provided by international authors (e.g., Julio Cortázar, Elizabeth Hay, Henri Charrière, Sebastien Japrisot) and authors born to first-generation U.S. immigrants (e.g., Oscar Hijuelos). Almost seventy films referenced in world literature are discussed in the book, and those mentioned in the biggest number of works include 'Sunset Boulevard', 'The Wild Bunch', 'To Kill a Mockingbird', 'Roman Holiday', 'Spellbound', 'The Guns of Navarone', and 'Duel in the Sun', among others. This book will appeal to college professors and students interested in film studies, specifically film analysis and criticism, film perception, and film genres. It will also hold interest for the general reader interested in biographies of movie personalities and the careers of the three actors, movie and stage actors, and fans of the western, film noir, and war genres.

And why do we think of the authors it influenced not just as writers, but as Southern writers? In *South Toward Home*, Margaret Eby goes in search of answers to these questions, visiting the stomping grounds of ten Southern authors, including William Faulkner, Eudora Welty, Richard Wright, Truman Capote, Harper Lee, and Flannery O'Connor.
